<p><b>Florida</b></p>	<p>1. Local Government Statute</p> <p>2. FDOT Statute</p>	<p>The local government statute passed during the last legislative session, and although it has not been widely used yet, locals believe it will be beneficial.</p> <p>The FDOT statute has broad latitude under its innovative contracting laws to establish various types of projects. These include projects that were contractor financed —therefore not a complete PPP—but still close to a PPP.</p>	<p>1.
