(5) Provide information and other assistance to local subdivisions and district public works integrating committees in developing their requests for financial assistance for capital improvements under this chapter and encourage cooperation and coordination of requests and the development of multisubdivision and multidistrict projects in order to maximize the benefits that may be derived by districts from each year's allocation;

(6) Require local subdivisions, to the extent practicable, to use Ohio products, materials, services, and labor in connection with any capital improvement project financed in whole or in part under this chapter;

(7) Notify the director of budget and management of all approved projects, and supply all information necessary to track approved projects through the state accounting system;

(8) Appoint the administrator of the Ohio small government capital improvements commission;
(9) Do all other acts, enter into contracts, and execute all instruments necessary or appropriate to carry out this chapter;

(10) Develop a standardized methodology for evaluating capital improvement needs which will be used by local subdivisions in preparing the plans required by division (C) of section 164.06 of the Revised Code. The director shall develop this methodology not later than July 1, 1991.

(11) Establish a program to provide local subdivisions with technical assistance in preparing project applications. The program shall be designed to assist local subdivisions that lack the financial or technical resources to prepare project applications on their own.

(B) When the director of the Ohio public works commission decides to conditionally approve or disapprove projects, the director's decisions and the reasons for which they are made shall be made in writing. These written decisions shall be conclusive for the purposes of the validity and enforceability of such determinations.

(C) Fees, charges, rates of interest, times of payment of interest and principal, and other terms, conditions, and provisions of and security for financial assistance provided pursuant to the provisions of this chapter shall be such as the director determines to be appropriate. If any payments required by a loan agreement entered into pursuant to this chapter are not paid, the funds which would otherwise be apportioned to the local subdivision from the county undivided local government fund, pursuant to sections 5747.51 to 5747.53 of the Revised Code, may, at the direction of the director of the Ohio public works commission, be reduced by the amount payable. The county treasurer shall, at the direction of the director, pay the amount of such reductions to the state capital improvements revolving loan fund. The director may renegotiate a loan repayment schedule with a local subdivision whose payments from the county undivided local government fund could be reduced pursuant to this division, but such a renegotiation may occur only one time with respect to any particular loan agreement.

(D) Grants approved for the repair and replacement of existing infrastructure pursuant to this chapter shall not exceed ninety per cent of the estimated total cost of the capital improvement project. Grants approved for new or expanded infrastructure shall not exceed fifty per cent of the estimated cost of the new or expansion elements of the capital improvement project. A local subdivision share of the estimated cost of a capital improvement may consist of any of the following:

(1) The reasonable value, as determined by the director or the administrator, of labor, materials, and equipment that will be contributed by the local subdivision in performing the capital improvement project;

(2) Moneys received by the local subdivision in any form from an authority, commission, or agency of the United States for use in performing the capital improvement project;

(3) Loans made to the local subdivision under this chapter;

(4) Engineering costs incurred by the local subdivision in performing engineering activities related to the project.

A local subdivision share of the cost of a capital improvement shall not include any amounts awarded to it from the local transportation improvement program fund created in section 164.14 of the Revised Code.

(E) The following portion of a district public works integrating committee's annual allocation share
pursuant to section 164.08 of the Revised Code may be awarded to subdivisions only in the form of interest-free, low-interest, market rate of interest, or blended-rate loans:

(J) No project shall be approved under this section unless the project is designed to have a useful life of at least seven years. In addition, the average useful life of all projects for which grants or loans are awarded in each district during a program year shall not be less than twenty years.

Sec. 307.05. As used in this section, "emergency medical service organization" has the same meaning as in section 4765.01 of the Revised Code.

A board of county commissioners may operate an ambulance service organization or emergency medical service organization, or, in counties with a population of forty thousand or less, may operate a nonemergency patient transport service organization, or may enter into a contract with one or more counties, townships, municipal corporations, nonprofit corporations, joint emergency medical services districts, fire and ambulance districts, or private ambulance owners, regardless of whether such counties, townships, municipal corporations, nonprofit corporations, joint emergency medical services districts, fire and ambulance districts, or private ambulance owners are located within or without the state, in order to furnish or obtain the services of ambulance service organizations, to furnish or obtain additional services from ambulance service organizations in times of
emergency, to furnish or obtain the services of emergency medical service organizations, or, in counties with a population of forty thousand or less, to furnish or obtain services of nonemergency patient transport service organizations, or may enter into a contract with any such entity to furnish or obtain the interchange of services from ambulance or emergency medical service organizations, or, within counties with a population of forty thousand or less, to furnish or obtain the interchange of services from nonemergency patient transport service organizations, within the territories of the contracting subdivisions. Except in the case of a contract with a joint emergency medical services district to obtain the services of emergency medical service organizations, such contracts shall not be entered into with a public agency or nonprofit corporation that receives more than half of its operating funds from governmental entities with the intention of directly competing with the operation of other ambulance service organizations, nonemergency patient transport service organizations, or emergency medical service organizations in the county unless the public agency or nonprofit corporation is awarded the contract after submitting the lowest and best bid to the board of county commissioners. Any county wishing to commence operation of a nonemergency patient transport service organization or wishing to enter into a contract for the first time to furnish or obtain services from a nonemergency patient transport service organization on or after March 1, 1993, including a county in which a private provider has been providing the service, shall demonstrate the need for public funding for the service to, and obtain approval from, the state board of emergency medical, fire, and transportation services or its immediate successor board prior to operating or funding the organization.

When such an organization is operated by the board, the organization may be administered by the board, by the county sheriff, or by another county officer or employee designated by the board. All rules, including the determining of reasonable rates, necessary for the establishment, operation, and maintenance of such an organization shall be adopted by the board.

A contract for services of an ambulance service, nonemergency patient transport service, or emergency medical service organization shall include the terms, conditions, and stipulations as agreed to by the parties to the contract. It may provide for a fixed annual charge to be paid at the times agreed upon and stipulated in the contract, or for compensation based upon a stipulated price for each run, call, or emergency or the number of persons or pieces of apparatus employed, or the elapsed time of service required in such run, call, or emergency, or any combination thereof.

Sec. 307.051. As used in this section, "emergency medical service organization" has the same meaning as in section 4766.01 of the Revised Code.

A board of county commissioners, by adoption of an appropriate resolution, may choose to have the Ohio state board of emergency medical, fire, and transportation services license any emergency medical service organization it operates. If a board adopts such a resolution, Chapter 4766. of the Revised Code, except for sections 4766.06 and 4766.99 of the Revised Code, applies to the county emergency medical service organization. All rules adopted under the applicable sections of that chapter also apply to the organization. A board, by adoption of an appropriate resolution, may remove its emergency medical service organization from the jurisdiction of the Ohio state board of emergency medical, fire, and transportation services.

Sec. 307.055. (A) Subject to the terms and conditions of the joint resolution creating it, each joint emergency medical services district may furnish ambulance services and emergency medical services by one of the following methods:

(1) By operating an emergency medical service organization as defined in section 4765.01 of the Revised Code;
(2) By contracting for the operation of one or more facilities pursuant to division (C) or (D) of this section;

(3) By providing necessary services and equipment to the district either directly or under a contract entered into pursuant to division (B) of this section;

(4) By providing service through any combination of methods described in divisions (A)(1) to (3) of this section.

(B) In order to obtain ambulance service, to obtain additional ambulance service in times of emergency, or to obtain emergency medical services, a joint emergency medical services district may enter into a contract, for a period not to exceed three years, with one or more counties, townships, municipal corporations, joint fire districts, other governmental units that provide ambulance service or emergency medical services, nonprofit corporations, or private ambulance owners, regardless of whether the entities contracted with are located within or outside this state, upon such terms as are agreed to, to furnish or receive ambulance services or the interchange of ambulance services or emergency medical services within the several territories of the contracting subdivisions, if the contract is first authorized by all boards of trustees and legislative authorities in the territories to be served.

Such a contract may provide for a fixed annual charge to be paid at the times agreed upon and stipulated in the contract; or for compensation based on a stipulated price for each run, call, or emergency or based on the elapsed time of service required for each run, call, or emergency, or based on any combination of these.

Expenditures of a district for ambulance service or emergency medical service, whether pursuant to contract or otherwise, are lawful expenditures, regardless of whether the district or the party with which it contracts charges an additional fee to users of the service.

(C) The board of trustees may enter into a contract with any person, municipal corporation, township, or other political subdivision, and any political subdivision may contract with the board, for the operation and maintenance of emergency medical services facilities regardless of whether the facilities used are owned or leased by the district, by another political subdivision, or by the contractor.

(D) The district may purchase, lease, and maintain all materials, buildings, land, and equipment, including vehicles, the board considers necessary for the district.

When the board finds, by resolution, that the district has personal property that is not needed for public use, or is obsolete or unfit for the use for which it was acquired, the board may dispose of the property in the same manner as provided in section 307.12 of the Revised Code.

(E) Except in the case of a contract with a board of county commissioners for the provision of services of an emergency medical service organization, any contract entered into by a joint emergency medical services district shall conform to the same bidding requirements that apply to county contracts under sections 307.86 to 307.92 of the Revised Code.

(F) A county participating in a joint district may contribute any of its rights or interests in real or personal property, including money, and may contribute services to the district. Any such contributions shall be made by a written agreement between the contributing county and the district, specifying the contribution as well as the
rights of the participating counties in the contributed property. Written agreements shall also be prepared specifying the rights of participating counties in property acquired by the district other than by contribution of a participating county. Written agreements required by this division may be amended only by written agreement of all parties to the original agreement.

(G) A district's board of trustees, by adoption of an appropriate resolution, may choose to have the Ohio state board of emergency medical, fire, and transportation board services license any emergency medical service organization the district operates. If a board adopts such a resolution, Chapter 4766. of the Revised Code, except for sections 4766.06 and 4766.99 of the Revised Code, applies to the district emergency medical service organization. All rules adopted under the applicable sections of that chapter also apply to the organization. A board, by adoption of an appropriate resolution, may remove the district emergency medical service organization from the jurisdiction of the Ohio state board of emergency medical, fire, and transportation board services.

**Sec. 505.37.** (A) The board of township trustees may establish all necessary rules to guard against the occurrence of fires and to protect the property and lives of the citizens against damage and accidents, and may, with the approval of the specifications by the prosecuting attorney or, if the township has adopted limited home rule government under Chapter 504. of the Revised Code, with the approval of the specifications by the township's law director, purchase, lease, lease with an option to purchase, or otherwise provide any fire apparatus, mechanical resuscitators, or other equipment, appliances, materials, fire hydrants, and water supply for fire-fighting purposes that seems advisable to the board. The board shall provide for the care and maintenance of fire equipment, and, for these purposes, may purchase, lease, lease with an option to purchase, or construct and maintain necessary buildings, and it may establish and maintain lines of fire-alarm communications within the limits of the township. The board may employ one or more persons to maintain and operate fire-fighting equipment, or it may enter into an agreement with a volunteer fire company for the use and operation of fire-fighting equipment. The board may compensate the members of a volunteer fire company on any basis and in any amount that it considers equitable.

When the estimated cost to purchase fire apparatus, mechanical resuscitators, other equipment, appliances, materials, fire hydrants, buildings, or fire-alarm communications equipment or services exceeds fifty thousand dollars, the contract shall be let by competitive bidding. When competitive bidding is required, the board shall advertise once a week for not less than two consecutive weeks in a newspaper of general circulation within the township. The board may also cause notice to be inserted in trade papers or other publications designated by it or to be distributed by electronic means, including posting the notice on the board's internet web site. If the board posts the notice on its web site, it may eliminate the second notice otherwise required to be published in a newspaper of general circulation within the township, provided that the first notice published in such newspaper meets all of the following requirements:

1. It is published at least two weeks before the opening of bids.
2. It includes a statement that the notice is posted on the board's internet web site.
3. It includes the internet address of the board's internet web site.
4. It includes instructions describing how the notice may be accessed on the board's internet web site.

The advertisement shall include the time, date, and place where the clerk of the township, or the clerk's designee, will read bids publicly. The time, date, and place of bid openings may be extended to a later date by
the board of township trustees, provided that written or oral notice of the change shall be given to all persons who have received or requested specifications not later than ninety-six hours prior to the original time and date fixed for the opening. The board may reject all the bids or accept the lowest and best bid, provided that the successful bidder meets the requirements of section 153.54 of the Revised Code when the contract is for the construction, demolition, alteration, repair, or reconstruction of an improvement.

(B) The boards of township trustees of any two or more townships, or the legislative authorities of any two or more political subdivisions, or any combination of these, may, through joint action, unite in the joint purchase, lease, lease with an option to purchase, maintenance, use, and operation of fire-fighting equipment, or for any other purpose designated in sections 505.37 to 505.42 of the Revised Code, and may prorate the expense of the joint action on any terms that are mutually agreed upon.

(C) The board of township trustees of any township may, by resolution, whenever it is expedient and necessary to guard against the occurrence of fires or to protect the property and lives of the citizens against damages resulting from their occurrence, create a fire district of any portions of the township that it considers necessary. The board may purchase, lease, lease with an option to purchase, or otherwise provide any fire apparatus, appliances, materials, fire hydrants, and water supply for fire-fighting purposes, or may contract for the fire protection for the fire district as provided in section 9.60 of the Revised Code. The fire district so created shall be given a separate name by which it shall be known.

Additional unincorporated territory of the township may be added to a fire district upon the board's adoption of a resolution authorizing the addition. A municipal corporation that is within or adjoining the township may be added to a fire district upon the board's adoption of a resolution authorizing the addition and the municipal legislative authority's adoption of a resolution or ordinance requesting the addition of the municipal corporation to the fire district.

If the township fire district imposes a tax, additional unincorporated territory of the township or a municipal corporation that is within or adjoining the township shall become part of the fire district only after all of the following have occurred:

1. Adoption by the board of township trustees of a resolution approving the expansion of the territorial limits of the district and, if the resolution proposes to add a municipal corporation, adoption by the municipal legislative authority's adoption of a resolution or ordinance requesting the addition of the municipal corporation to the district;

2. Adoption by the board of township trustees of a resolution recommending the extension of the tax to the additional territory;

3. Approval of the tax by the electors of the territory proposed for addition to the district.

Each resolution of the board adopted under division (C)(2) of this section shall state the name of the fire district, a description of the territory to be added, and the rate and termination date of the tax, which shall be the rate and termination date of the tax currently in effect in the fire district.

The board of trustees shall certify each resolution adopted under division (C)(2) of this section to the board of elections in accordance with section 5705.19 of the Revised Code. The election required under division (C)(3) of this section shall be held, canvassed, and certified in the manner provided for the submission of tax
levies under section 5705.25 of the Revised Code, except that the question appearing on the ballot shall read:

"Shall the territory within ......................... (description of the proposed territory to be added) be added to ...................... (name) fire district, and a property tax at a rate of taxation not exceeding ...... (here insert tax rate) be in effect for ........ (here insert the number of years the tax is to be in effect or "a continuing period of time," as applicable)?"

If the question is approved by at least a majority of the electors voting on it, the joinder shall be effective as of the first day of July of the year following approval, and on that date, the township fire district tax shall be extended to the taxable property within the territory that has been added. If the territory that has been added is a municipal corporation and if it had adopted a tax levy for fire purposes, the levy is terminated on the effective date of the joinder.

Any municipal corporation may withdraw from a township fire district created under division (C) of this section by the adoption by the municipal legislative authority of a resolution or ordinance ordering withdrawal. On the first day of July of the year following the adoption of the resolution or ordinance of withdrawal, the municipal corporation withdrawing ceases to be a part of the district, and the power of the fire district to levy a tax upon taxable property in the withdrawing municipal corporation terminates, except that the fire district shall continue to levy and collect taxes for the payment of indebtedness within the territory of the fire district as it was composed at the time the indebtedness was incurred.

Upon the withdrawal of any municipal corporation from a township fire district created under division (C) of this section, the county auditor shall ascertain, apportion, and order a division of the funds on hand, moneys and taxes in the process of collection except for taxes levied for the payment of indebtedness, credits, and real and personal property, either in money or in kind, on the basis of the valuation of the respective tax duplicates of the withdrawing municipal corporation and the remaining territory of the fire district.

A board of township trustees may remove unincorporated territory of the township from the fire district upon the adoption of a resolution authorizing the removal. On the first day of July of the year following the adoption of the resolution, the unincorporated township territory described in the resolution ceases to be a part of the district, and the power of the fire district to levy a tax upon taxable property in that territory terminates, except that the fire district shall continue to levy and collect taxes for the payment of indebtedness within the territory of the fire district as it was composed at the time the indebtedness was incurred.

(D) The board of township trustees of any township, the board of fire district trustees of a fire district created under section 505.371 of the Revised Code, or the legislative authority of any municipal corporation may purchase, lease, or lease with an option to purchase the necessary fire-fighting equipment, buildings, and sites for the township, fire district, or municipal corporation and issue securities for that purpose with maximum maturities as provided in section 133.20 of the Revised Code. The board of township trustees, board of fire district trustees, or legislative authority may also construct any buildings necessary to house fire-fighting equipment and issue securities for that purpose with maximum maturities as provided in section 133.20 of the Revised Code.

The board of township trustees, board of fire district trustees, or legislative authority may issue the securities of the township, fire district, or municipal corporation, signed by the board or designated officer of the municipal corporation and attested by the signature of the township fiscal officer, fire district clerk, or municipal clerk, covering any deferred payments and payable at the times provided, which securities shall bear interest not to exceed the rate determined as provided in section 9.95 of the Revised Code, and shall not be subject to
Chapter 133. of the Revised Code. The legislation authorizing the issuance of the securities shall provide for levying and collecting annually by taxation, amounts sufficient to pay the interest on and principal of the securities. The securities shall be offered for sale on the open market or given to the vendor or contractor if no sale is made.

Section 505.40 of the Revised Code does not apply to any securities issued, or any lease with an option to purchase entered into, in accordance with this division.

(E) A board of township trustees of any township or a board of fire district trustees of a fire district created under section 505.371 of the Revised Code may purchase a policy or policies of liability insurance for the officers, employees, and appointees of the fire department, fire district, or joint fire district governed by the board that includes personal injury liability coverage as to the civil liability of those officers, employees, and appointees for false arrest, detention, or imprisonment, malicious prosecution, libel, slander, defamation or other violation of the right of privacy, wrongful entry or eviction, or other invasion of the right of private occupancy, arising out of the performance of their duties.

When a board of township trustees cannot, by deed of gift or by purchase and upon terms it considers reasonable, procure land for a township fire station that is needed in order to respond in reasonable time to a fire or medical emergency, the board may appropriate land for that purpose under sections 163.01 to 163.22 of the Revised Code. If it is necessary to acquire additional adjacent land for enlarging or improving the fire station, the board may purchase, appropriate, or accept a deed of gift for the land for these purposes.

(F) As used in this division, "emergency medical service organization" has the same meaning as in section 4766.01 of the Revised Code.

A board of township trustees, by adoption of an appropriate resolution, may choose to have the Ohio state board of emergency medical, fire, and transportation board services license any emergency medical service organization it operates. If the board adopts such a resolution, Chapter 4766. of the Revised Code, except for sections 4766.06 and 4766.99 of the Revised Code, applies to the organization. All rules adopted under the applicable sections of that chapter also apply to the organization. A board of township trustees, by adoption of an appropriate resolution, may remove its emergency medical service organization from the jurisdiction of the Ohio state board of emergency medical, fire, and transportation board services.

Sec. 505.375. (A)(1)(a) The boards of township trustees of one or more townships and the legislative authorities of one or more municipal corporations, or the legislative authorities of two or more municipal corporations, or the boards of township trustees of two or more townships, may negotiate an agreement to form a fire and ambulance district for the delivery of both fire and ambulance services. The agreement shall be ratified by the adoption of a joint resolution by a majority of the members of each board of township trustees involved and a majority of the members of the legislative authority of each municipal corporation involved. The joint resolution shall specify a date on which the fire and ambulance district shall come into being.

(b) If a joint fire district created under section 505.371 of the Revised Code or a joint ambulance district created under section 505.71 of the Revised Code is dissolved to facilitate the creation of a fire and ambulance district under division (A)(1)(a) of this section, the townships and municipal corporations forming the fire and ambulance district may transfer to the fire and ambulance district any of the funds on hand, moneys and taxes in the process of collection, credits, and real and personal property apportioned to them under division (D) of section 505.371 of the Revised Code or section 505.71 of the Revised Code, as applicable, for use by the fire and ambulance district in accordance with this section.
(2)(a) The board of trustees of a joint ambulance district created under section 505.71 of the Revised Code and the board of fire district trustees of a joint fire district created under section 505.371 of the Revised Code may negotiate to combine their two joint districts into a single fire and ambulance district for the delivery of both fire and ambulance services, if the geographic area covered by the combining joint districts is exactly the same. Both boards shall adopt a joint resolution ratifying the agreement and setting a date on which the fire and ambulance district shall come into being.

(b) On that date, the joint fire district and the joint ambulance district shall cease to exist, and the power of each to levy a tax upon taxable property shall terminate, except that any levy of a tax for the payment of indebtedness within the territory of the joint fire or joint ambulance district as it was composed at the time the indebtedness was incurred shall continue to be collected by the successor fire and ambulance district if the indebtedness remains unpaid. All funds and other property of the joint districts shall become the property of the fire and ambulance district, unless otherwise provided in the negotiated agreement. The agreement shall provide for the settlement of all debts and obligations of the joint districts.

(B)(1) The governing body of a fire and ambulance district created under division (A)(1) or (2) of this section shall be a board of trustees of at least three but no more than nine members, appointed as provided in the agreement creating the district. Members of the board may be compensated at a rate not to exceed thirty dollars per meeting for not more than fifteen meetings per year, and may be reimbursed for all necessary expenses incurred, as provided in the agreement creating the district.

(2) The board shall employ a clerk and other employees as it considers best, including a fire chief or fire prevention officers, and shall fix their compensation. Neither this section nor any other section of the Revised Code requires, or shall be construed to require, that the fire chief of a fire and ambulance district be a resident of the district.

Before entering upon the duties of office, the clerk shall execute a bond, in the amount and with surety to be approved by the board, payable to the state, conditioned for the faithful performance of all of the clerk's official duties. The clerk shall deposit the bond with the presiding officer of the board, who shall file a copy of it, certified by the presiding officer, with the county auditor of the county containing the most territory in the district.

The board also shall provide for the appointment of a fiscal officer for the district and may enter into agreements with volunteer fire companies for the use and operation of fire-fighting equipment. Volunteer firefighters acting under such an agreement are subject to the requirements for volunteer firefighters set forth in division (A) of section 505.38 of the Revised Code.

(3) Employees of the district shall not be removed from office except as provided by sections 733.35 to 733.39 of the Revised Code, except that, to initiate removal proceedings, the board shall designate a private citizen or, if the employee is employed as a firefighter, the board may designate the fire chief, to investigate, conduct the proceedings, and prepare the necessary charges in conformity with those sections, and except that the board shall perform the functions and duties specified for the municipal legislative authority under those sections. The board may pay reasonable compensation to any private citizen hired for services rendered in the matter.

(4) No person shall be appointed as a permanent full-time paid member of the district whose duties include fire fighting, or be appointed as a volunteer firefighter, unless that person has received a certificate issued under former section 3303.07 or section 4765.55 of the Revised Code evidencing satisfactory completion of a
firefighter training program. The board may send its officers and firefighters to schools of instruction designed to promote the efficiency of firefighters and, if authorized in advance, may pay their necessary expenses from the funds used for the maintenance and operation of the district.

The board may choose, by adoption of an appropriate resolution, to have the Ohio state board of emergency medical, fire, and transportation board services license any emergency medical service organization it operates. If the board adopts such a resolution, Chapter 4766. of the Revised Code, except for sections 4766.06 and 4766.99 of the Revised Code, applies to the organization. All rules adopted under the applicable sections of that chapter also apply to the organization. The board may remove, by resolution, its emergency medical service organization from the jurisdiction of the Ohio state board of emergency medical, fire, and transportation board services.

(C) The board of trustees of a fire and ambulance district created under division (A)(1) or (2) of this section may exercise the following powers:

(1) Purchase or otherwise provide any fire apparatus, mechanical resuscitators, or other fire or ambulance equipment, appliances, or materials; fire hydrants; and water supply for firefighting purposes that seems advisable to the board;

(2) Provide for the care and maintenance of equipment and, for that purpose, purchase, lease, lease with an option to purchase, or construct and maintain necessary buildings;

(3) Establish and maintain lines of fire-alarm communications within the limits of the district;

(A) For the purpose of paying the costs and expenses of enforcing and administering the tax provided for in this section; for planning, constructing, reconstructing, improving, maintaining, and repairing roads, bridges, and culverts; for purchasing, erecting, and maintaining traffic signs, markers, lights, and signals; for paying debt service charges on obligations issued for those purposes; and to supplement revenue already available for those purposes, a transportation improvement district created in accordance with section 5540.02 of the Revised Code may levy an annual license tax upon the operation of motor vehicles on the public roads and highways in the territory of the district. The tax shall be levied in increments of five dollars and shall not exceed twenty dollars per motor vehicle on all motor vehicles the owners of which reside in the district and shall be in addition to all other taxes levied under this chapter, subject to reduction in the manner provided in division (B)(2) of section 4503.11 of the Revised Code. The tax may be levied in all or part of the territory of the district.

(B) The board of trustees of a transportation improvement district proposing to levy a motor vehicle license tax under this section shall put the question of the tax to the electors of the district or of that part of the district in which the tax would be levied. The registrar may assign to the transportation improvement district a unique code to facilitate the distribution of such money, which may be the same unique code assigned to a county under section 4501.03 of the Revised Code.

Sec. 4505.11. This section shall also apply to all-purpose vehicles and off-highway motorcycles as defined in section 4519.01 of the Revised Code.

(A) Each owner of a motor vehicle and each person mentioned as owner in the last certificate of title,
when the motor vehicle is dismantled, destroyed, or changed in such manner that it loses its character as a motor vehicle, or changed in such manner that it is not the motor vehicle described in the certificate of title, shall surrender the certificate of title to that motor vehicle to a clerk of a court of common pleas, and the clerk, with the consent of any holders of any liens noted on the certificate of title, then shall enter a cancellation upon the clerk's records and shall notify the registrar of motor vehicles of the cancellation.

Upon the cancellation of a certificate of title in the manner prescribed by this section, any clerk and the registrar of motor vehicles may cancel and destroy all certificates and all memorandum certificates in that chain of title.

(B)(1) If an Ohio certificate of title or salvage certificate of title to a motor vehicle is assigned to a salvage dealer, the dealer is not required to obtain an Ohio certificate of title or a salvage certificate of title to the motor vehicle in the dealer's own name if the dealer dismantles or destroys the motor vehicle, indicates the number of the dealer's motor vehicle salvage dealer's license on it, marks "FOR DESTRUCTION" across the face of the certificate of title or salvage certificate of title, and surrenders the certificate of title or salvage certificate of title to a clerk of a court of common pleas as provided in division (A) of this section. If the salvage dealer retains the motor vehicle for resale, the dealer shall make application for a salvage certificate of title to the motor vehicle in the dealer's own name as provided in division (C)(1) of this section.

(2) At the time any salvage motor vehicle is sold at auction or through a pool, the salvage motor vehicle auction or salvage motor vehicle pool shall give a copy of the salvage certificate of title or a copy of the certificate of title marked "FOR DESTRUCTION" to the purchaser.

(C)(1) When an insurance company declares it economically impractical to repair such a motor vehicle and has paid an agreed price for the purchase of the motor vehicle to any insured or claimant owner, the insurance company shall proceed as follows:

(a) If an insurance company receives the certificate of title and the motor vehicle, within thirty business days, the insurance company shall deliver the certificate of title to a clerk of a court of common pleas and shall make application for a salvage certificate of title.

(b) If an insurance company obtains possession of the motor vehicle but is unable to obtain the properly endorsed certificate of title for the motor vehicle, within thirty business days following the vehicle's owner or lienholder's acceptance of the insurance company's payment for the vehicle, the insurance company may apply to the clerk of a court of common pleas for a salvage certificate of title without delivering the certificate of title for the motor vehicle. The application shall be accompanied by evidence that the insurance company has paid a total loss claim on the vehicle, a copy of the written request for the certificate of title on the insurance company's letterhead, and the original certified mail, return receipt notice, addressed to the last known owner of the vehicle and any known lienholder, to obtain the certificate of title.

(c) Upon receipt of a properly completed application for a salvage certificate of title as described in division (C)(1)(a) or (b) or (C)(2) of this section, the clerk shall issue the salvage certificate of title on a form, prescribed by the registrar, that shall be easily distinguishable from the original certificate of title and shall bear the same information as the original certificate of title except that it may bear a different number than that of the original certificate of title. Except as provided in division (C)(3) of this section, the salvage certificate of title shall be assigned by the insurance company to a salvage dealer or any other person for use as evidence of ownership upon the sale or other disposition of the motor vehicle, and the salvage certificate of title shall be transferrable to
any other person. The clerk shall charge a fee of four dollars for the cost of processing each salvage certificate of title.

(2) If an insurance company requests that a salvage motor vehicle auction take possession of a motor vehicle that is the subject of an insurance claim, and subsequently the insurance company denies coverage with respect to the motor vehicle or does not otherwise take ownership of the motor vehicle, the salvage motor vehicle auction may proceed as follows. After the salvage motor vehicle auction has possession of the motor vehicle for forty-five days, it may apply to the clerk of a court of common pleas for a salvage certificate of title without delivering the certificate of title for the motor vehicle. The application shall be accompanied by a copy of the written request that the vehicle be removed from the facility on the salvage motor vehicle auction's letterhead, and the original certified mail, return receipt notice, addressed to the last known owner of the vehicle and any known lienholder, requesting that the vehicle be removed from the facility of the salvage motor vehicle auction. Upon receipt of a properly completed application, the clerk shall follow the process as described in division (C)(1)(c) of this section. The salvage certificate of title so issued shall be free and clear of all liens.

(3) If an insurance company considers a motor vehicle as described in division (C)(1)(a) or (b) of this section to be impossible to restore for highway operation, the insurance company may assign the certificate of title to the motor vehicle to a salvage dealer or scrap metal processing facility and send the assigned certificate of title to the clerk of the court of common pleas of any county. The insurance company shall mark the face of the certificate of title "FOR DESTRUCTION" and shall deliver a photocopy of the certificate of title to the salvage dealer or scrap metal processing facility for its records.

(4) If an insurance company declares it economically impractical to repair a motor vehicle, agrees to pay to the insured or claimant owner an amount in settlement of a claim against a policy of motor vehicle insurance covering the motor vehicle, and agrees to permit the insured or claimant owner to retain possession of the motor vehicle, the insurance company shall not pay the insured or claimant owner any amount in settlement of the insurance claim until the owner obtains a salvage certificate of title to the vehicle and furnishes a copy of the salvage certificate of title to the insurance company.

(D) When a self-insured organization, rental or leasing company, or secured creditor becomes the owner of a motor vehicle that is burned, damaged, or dismantled and is determined to be economically impractical to repair, the self-insured organization, rental or leasing company, or secured creditor shall do one of the following:

(1) Mark the face of the certificate of title to the motor vehicle "FOR DESTRUCTION" and surrender the certificate of title to a clerk of a court of common pleas for cancellation as described in division (A) of this section. The self-insured organization, rental or leasing company, or secured creditor then shall deliver the motor vehicle, together with a photocopy of the certificate of title, to a salvage dealer or scrap metal processing facility and shall cause the motor vehicle to be dismantled, flattened, crushed, or destroyed.

(2) Obtain a salvage certificate of title to the motor vehicle in the name of the self-insured organization, rental or leasing company, or secured creditor, as provided in division (C)(1) of this section, and then sell or otherwise dispose of the motor vehicle. If the motor vehicle is sold, the self-insured organization, rental or leasing company, or secured creditor shall obtain a salvage certificate of title to the motor vehicle in the name of the purchaser from a clerk of a court of common pleas.

(E) If a motor vehicle titled with a salvage certificate of title is restored for operation upon the highways, application shall be made to a clerk of a court of common pleas for a certificate of title. Upon inspection by the
state highway patrol, which shall include establishing proof of ownership and an inspection of the motor number and vehicle identification number of the motor vehicle and of documentation or receipts for the materials used in restoration by the owner of the motor vehicle being inspected, which documentation or receipts shall be presented at the time of inspection, the clerk, upon surrender of the salvage certificate of title, shall issue a certificate of title for a fee prescribed by the registrar. The certificate of title shall be in the same form as the original certificate of title and shall bear the words "REBUILT SALVAGE" in black boldface letters on its face. Every subsequent certificate of title, memorandum certificate of title, or duplicate certificate of title issued for the motor vehicle also shall bear the words "REBUILT SALVAGE" in black boldface letters on its face. The exact location on the face of the certificate of title of the words "REBUILT SALVAGE" shall be determined by the registrar, who shall develop an automated procedure within the automated title processing system to comply with this division. The clerk shall use reasonable care in performing the duties imposed on the clerk by this division in issuing a certificate of title pursuant to this division, but the clerk is not liable for any of the clerk's errors or omissions or those of the clerk's deputies, or the automated title processing system in the performance of those duties. A fee of fifty dollars shall be assessed by the state highway patrol for each inspection made pursuant to this division and shall be deposited into the state highway safety fund established by section 4501.06 of the Revised Code.

(F) No person shall operate upon the highways in this state a motor vehicle, title to which is evidenced by a salvage certificate of title, except to deliver the motor vehicle pursuant to an appointment for an inspection under this section.

(G) No motor vehicle the certificate of title to which has been marked "FOR DESTRUCTION" and surrendered to a clerk of a court of common pleas shall be used for anything except parts and scrap metal.

(H)(1) Except as otherwise provided in this division, an owner of a manufactured or mobile home that will be taxed as real property pursuant to division (B) of section 4503.06 of the Revised Code shall surrender the certificate of title to the auditor of the county containing the taxing district in which the home is located. An owner whose home qualifies for real property taxation under divisions (B)(1)(a) and (b) of section 4503.06 of the Revised Code shall surrender the certificate within fifteen days after the home meets the conditions specified in those divisions. The auditor shall deliver the certificate of title to the clerk of the court of common pleas who issued it.

(2) If the certificate of title for a manufactured or mobile home that is to be taxed as real property is held by a lienholder, the lienholder shall surrender the certificate of title to the auditor of the county containing the taxing district in which the home is located, and the auditor shall deliver the certificate of title to the clerk of the court of common pleas who issued it. The lienholder shall surrender the certificate within thirty days after both of the following have occurred:

(a) The homeowner has provided written notice to the lienholder requesting that the certificate of title be surrendered to the auditor of the county containing the taxing district in which the home is located.

(b) The homeowner has either paid the lienholder the remaining balance owed to the lienholder, or, with the lienholder's consent, executed and delivered to the lienholder a mortgage on the home and land on which the home is sited in the amount of the remaining balance owed to the lienholder.

(3) Upon the delivery of a certificate of title by the county auditor to the clerk, the clerk shall inactivate it and maintain it in the automated title processing system for a period of thirty years.
(4) Upon application by the owner of a manufactured or mobile home that is taxed as real property pursuant to division (B) of section 4503.06 of the Revised Code and that no longer satisfies divisions (B)(1)(a) and (b) or divisions (B)(2)(a) and (b) of that section, the clerk shall reactivate the record of the certificate of title that was inactivated under division (H)(3) of this section and shall issue a new certificate of title, but only if the application contains or has attached to it all of the following:

(b) Pedestrians facing a green arrow signal indication, unless otherwise directed by a pedestrian signal indication or other traffic control device, shall not cross the roadway.

(B) Steady yellow signal indication:

(1) Vehicular traffic, streetcars, and trackless trolleys facing a steady circular yellow signal indication are thereby warned that the related green movement or the related flashing arrow movement is being terminated or that a steady red signal indication will be exhibited immediately thereafter when vehicular traffic, streetcars, and trackless trolleys shall not enter the intersection. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady circular yellow signal indication is displayed.

(2) Vehicular traffic facing a steady yellow arrow signal indication is thereby warned that the related green arrow movement or the related flashing arrow movement is being terminated. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady yellow arrow signal indication is displayed.

(3) Pedestrians facing a steady circular yellow or yellow arrow signal indication, unless otherwise directed by a pedestrian signal indication as provided in section 4511.14 of the Revised Code or other traffic control device, shall not start to cross the roadway.

(C) Steady red signal indication:

(1)(a) Vehicular traffic, streetcars, and trackless trolleys facing a steady circular red signal indication, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, traffic shall stop before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication to proceed is displayed except as provided in divisions (C)(1), (2), and (3) of this section.

(b) Except when a traffic control device is in place prohibiting a turn on red or a steady red arrow signal indication is displayed, vehicular traffic facing a steady circular red signal indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street, after stopping into a one-way street. The right to proceed with the turn shall be subject to the provisions that are applicable after making a stop at a stop sign.

(2)(a) Vehicular traffic, streetcars, and trackless trolleys facing a steady red arrow signal indication shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk,
then before entering the intersection; and shall remain stopped until a signal indication or other traffic control device permitting the movement indicated by such red arrow is displayed.

(b) When a traffic control device is in place permitting a turn on a steady red arrow signal indication, vehicular traffic facing a steady red arrow indication is permitted, after stopping, to enter the intersection to make the movement indicated by the arrow signal indication, after stopping turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be limited to the direction indicated by the arrow and shall be subject to the provisions that are applicable after making a stop at a stop sign.

(3) Unless otherwise directed by a pedestrian signal indication as provided in section 4511.14 of the Revised Code or other traffic control device, pedestrians facing a steady circular red or steady red arrow signal indication shall not enter the roadway.

(4) Local authorities by ordinance, or the director of transportation on state highways, may prohibit a right or a left turn against a steady red signal at any intersection, which shall be effective when signs giving notice thereof are posted at the intersection.

(D) A flashing green signal indication has no meaning and shall not be used.

(E) Flashing yellow signal indication:

(1)(a) Vehicular traffic, on an approach to an intersection, facing a flashing circular yellow signal indication, is permitted to cautiously enter the intersection to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by lane-use signs, turn prohibition signs, lane markings, roadway design, separate turn signal indications, or other traffic control devices. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:

(i) Pedestrians lawfully within an associated crosswalk;

(ii) Other vehicles lawfully within the intersection.

(b) In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.

(2)(a) Vehicular traffic, on an approach to an intersection, facing a flashing yellow arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or other such movement as is permitted by other signal indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn, shall yield the right-of-way to both of the following:

(i) Pedestrians lawfully within an associated crosswalk;

(ii) Other vehicles lawfully within the intersection.

(b) In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
(3) Pedestrians facing any flashing yellow signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.

(4) When a flashing circular yellow signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory or warning requirements of the other traffic control device, which might not be applicable at all times, are currently applicable.

(F) Flashing red signal indication:

(1) Vehicular traffic, on an approach to an intersection, facing a flashing circular red signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. The right to proceed shall be subject to the provisions that are applicable after making a stop at a stop sign.

(2) Pedestrians facing any flashing red signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing red signal indication is first displayed.

(3) When a flashing circular red signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory requirements of the other traffic control device, which might not be applicable at all times, are currently applicable. Use of this signal indication shall be limited to supplementing stop, do not enter, or wrong way signs, and to applications where compliance with the supplemented traffic control device requires a stop at a designated point.

(G) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

(H) This section does not apply at railroad grade crossings. Conduct of drivers of vehicles, trackless trolleys, and streetcars approaching railroad grade crossings shall be governed by sections 4511.61 and 4511.62 of the Revised Code.

Sec. 4511.21. (A) No person shall operate a motor vehicle, trackless trolley, or streetcar at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface, and width of the street or highway and any other conditions, and no person shall drive any motor vehicle, trackless trolley, or streetcar in and upon any street or highway at a greater speed than will permit the person to bring it to a stop within the assured clear distance ahead.

(B) It is prima-facie lawful, in the absence of a lower limit declared or established pursuant to this section by the director of transportation or local authorities, for the operator of a motor vehicle, trackless trolley, or
streetcar to operate the same at a speed not exceeding the following:

   (1)(a) Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected; except that, on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by division (B)(4) of this section and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by divisions (B)(9) and (10) of this section. The end of every school zone may be marked by a sign indicating the end of the zone. Nothing in this section or in the manual and specifications for a uniform system of traffic control devices shall be construed to require school zones to be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

   (b) As used in this section and in section 4511.212 of the Revised Code, "school" means any school chartered under section 3301.16 of the Revised Code and any nonchartered school that during the preceding year filed with the department of education in compliance with rule 3301-35-08 of the Ohio Administrative Code, a copy of the school's report for the parents of the school's pupils certifying that the school meets Ohio minimum standards for nonchartered, nontax-supported schools and presents evidence of this filing to the jurisdiction from which it is requesting the establishment of a school zone. "School" also includes a special elementary school that in writing requests the county engineer of the county in which the special elementary school is located to create a school zone at the location of that school. Upon receipt of such a written request, the county engineer shall create a school zone at that location by erecting the appropriate signs.

   (c) As used in this section, "school zone" means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway, and also includes that portion of a state highway. Upon request from local authorities for streets and highways under their jurisdiction and that portion of a state highway under the jurisdiction of the director of transportation or a request from a county engineer in the case of a school zone for a special elementary school, the director may extend the traditional school zone boundaries. The distances in divisions (B)(1)(c)(i), (ii), and (iii) of this section shall not exceed three hundred feet per approach per direction and are bounded by whichever of the following distances or combinations thereof the director approves as most appropriate:

   (i) The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of three hundred feet on each approach direction;

   (ii) The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of three hundred feet on each approach direction;

   (iii) The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of three hundred feet on each approach direction of the highway.

   Nothing in this section shall be construed to invalidate the director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in divisions (B)(1)(a) and (c) of this section.

   (d) As used in this division, "crosswalk" has the meaning given that term in division (LL)(2) of section 4511.01 of the Revised Code.
The director may, upon request by resolution of the legislative authority of a municipal corporation, the board of trustees of a township, or a county board of developmental disabilities created pursuant to Chapter 5126. of the Revised Code, and upon submission by the municipal corporation, township, or county board of such engineering, traffic, and other information as the director considers necessary, designate a school zone on any portion of a state route lying within the municipal corporation, lying within the unincorporated territory of the township, or lying adjacent to the property of a school that is operated by such county board, that includes a crosswalk customarily used by children going to or leaving a school during recess and opening and closing hours, whenever the distance, as measured in a straight line, from the school property line nearest the crosswalk to the nearest point of the crosswalk is no more than one thousand three hundred twenty feet. Such a school zone shall include the distance encompassed by the crosswalk and extending three hundred feet on each approach direction of the state route.

(e) As used in this section, "special elementary school" means a school that meets all of the following criteria:

(i) It is not chartered and does not receive tax revenue from any source.

(ii) It does not educate children beyond the eighth grade.

(iii) It is located outside the limits of a municipal corporation.

(iv) A majority of the total number of students enrolled at the school are not related by blood.

(v) The principal or other person in charge of the special elementary school annually sends a report to the superintendent of the school district in which the special elementary school is located indicating the total number of students enrolled at the school, but otherwise the principal or other person in charge does not report any other information or data to the superintendent.

(2) Twenty-five miles per hour in all other portions of a municipal corporation, except on state routes outside business districts, through highways outside business districts, and alleys;

(3) Thirty-five miles per hour on all state routes or through highways within municipal corporations outside business districts, except as provided in divisions (B)(4) and (6) of this section;

(4) Fifty miles per hour on controlled-access highways and expressways within municipal corporations;

(5) Fifty-five miles per hour on highways outside municipal corporations, other than highways within island jurisdictions as provided in division (B)(8) of this section, highways as provided in division (B)(9) of this section, and freeways as provided in divisions (B)(13) and (14), (16), and (17) of this section;

(6) Fifty miles per hour on state routes within municipal corporations outside urban districts unless a lower prima-facie speed is established as further provided in this section;

(7) Fifteen miles per hour on all alleys within the municipal corporation;

(8) Thirty-five miles per hour on highways outside municipal corporations that are within an island jurisdiction;
(9) Sixty miles per hour on two-lane state routes outside municipal corporations as established by the director under division (H)(2) of this section.

(10) Fifty-five miles per hour at all times on freeways with paved shoulders inside municipal corporations, other than freeways as provided in divisions (B)(13) and (14), (16), and (17) of this section;

(11) Fifty-five miles per hour at all times on freeways outside municipal corporations, other than freeways as provided in divisions (B)(13) and (14), (16), and (17) of this section;

(12) Fifty-five miles per hour at all times on all portions of freeways that are part of the interstate system and on all portions of freeways that are not part of the interstate system, but are built to the standards and specifications that are applicable to freeways that are part of the interstate system for operators of any motor vehicle weighing in excess of eight thousand pounds empty weight and any noncommercial bus, except as provided in division (B)(14) of this section;

(13) Fifty-five miles per hour for operators of any motor vehicle weighing eight thousand pounds or less empty weight and any commercial bus at all times on all portions of freeways that are part of the interstate system and that had such a speed limit established prior to October 1, 1995, and freeways that are not part of the interstate system, but are built to the standards and specifications that are applicable to freeways that are part of the interstate system and that had such a speed limit established prior to October 1, 1995, unless a higher speed limit is established under division (L) of this section;

(14) Sixty-five miles per hour for operators of any motor vehicle weighing eight thousand pounds or less empty weight and any commercial bus at all times on all portions of the following:

(a) Freeways that are part of the interstate system and that had such a speed limit established prior to October 1, 1995, and freeways that are not part of the interstate system, but are built to the standards and specifications that are applicable to freeways that are part of the interstate system and that had such a speed limit established prior to October 1, 1995;

(b) Freeways that are part of the interstate system and freeways that are not part of the interstate system but are built to the standards and specifications that are applicable to freeways that are part of the interstate system, and that had such a speed limit established under division (L) of this section;

(c) Rural, divided, multi-lane highways that are designated as part of the national highway system under the "National Highway System Designation Act of 1995," 109 Stat. 568, 23 U.S.C.A. 103, and that had such a speed limit established under division (M) of this section.

(15) Fifty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways in congested areas as determined by the director and that are part of the interstate system and are located within a municipal corporation or within an interstate freeway outerbelt;

(16) Sixty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways in urban areas as determined by the director and that are part of the interstate system and are part of an interstate freeway outerbelt;

(17) Seventy miles per hour at all times on all portions of freeways that are part of the interstate system and that had such a speed limit on the effective date of this amendment are outside urbanized areas, as
designated in accordance with 23 U.S.C. 101, for operators of any all motor vehicle weighing in excess of eight thousand pounds empty weight and any noncommercial bus vehicles.

(C) It is prima-facie unlawful for any person to exceed any of the speed limitations in divisions (B)(1)(a), (2), (3), (4), (6), (7), and (8) of this section, or any declared or established pursuant to this section by the director or local authorities and it is unlawful for any person to exceed any of the speed limitations in division (D) of this section. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of this section may be charged in the alternative in a single affidavit.

(D) No person shall operate a motor vehicle, trackless trolley, or streetcar upon a street or highway as follows:

(1) At a speed exceeding fifty-five miles per hour, except upon a two-lane state route as provided in division (B)(9) of this section and upon a freeway as provided in divisions (B)(13) and (14), (16), and (17) of this section;

(2) At a speed exceeding sixty miles per hour upon a two-lane state route as provided in division (B)(9) of this section.

(3) At a speed exceeding sixty-five miles per hour upon a freeway as provided in division (B)(16) of this section, except upon a freeway as provided in division (B)(17) of this section;

(4) At a speed exceeding sixty-five seventy miles per hour upon a freeway as provided in divisions division (B)(13) and (14)(17) of this section;

(5) If a motor vehicle weighing in excess of eight thousand pounds empty weight or a noncommercial bus as prescribed in division (B)(11) of this section, at a speed exceeding fifty-five miles per hour, except upon a freeway as provided in that division divisions (B)(16) and (17) of this section;

(6) At a speed exceeding the posted speed limit upon a freeway for which the director has determined and declared a speed limit of not more than sixty-five miles per hour pursuant to division (L)(2) or (M) of this section;

(7) At a speed exceeding sixty-five miles per hour upon a freeway for which such a speed limit has been established through the operation of division (L)(3) of this section;

(8) At a speed exceeding the posted speed limit upon a freeway for which the director has determined and declared a speed limit pursuant to division (I)(2) of this section.

(E) In every charge of violation of this section the affidavit and warrant shall specify the time, place, and speed at which the defendant is alleged to have driven, and in charges made in reliance upon division (C) of this section also the speed which division (B)(1)(a), (2), (3), (4), (6), (7), or (8) of, or a limit declared or established pursuant to, this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.
(F) When a speed in excess of both a prima-facie limitation and a limitation in division (D)(1), (2), (3), (4), (5), or (6) of this section is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both division (B)(1)(a), (2), (3), (4), (6), (7), or (8) of this section, or of a limit declared or established pursuant to this section by the director or local authorities, and of the limitation in division (D)(1), (2), (3), (4), (5), or (6) of this section. If the court finds a violation of division (B)(1)(a), (2), (3), (4), (6), (7), or (8) of, or a limit declared or established pursuant to, this section has occurred, it shall enter a judgment of conviction under such division and dismiss the charge under division (D)(1), (2), (3), (4), (5), or (6) of this section. If it finds no violation of division (B)(1)(a), (2), (3), (4), (6), (7), or (8) of, or a limit declared or established pursuant to, this section, it shall then consider whether the evidence supports a conviction under division (D)(1), (2), (3), (4), (5), or (6) of this section.

(G) Points shall be assessed for violation of a limitation under division (D) of this section in accordance with section 4510.036 of the Revised Code.

(H)(1) Whenever the director determines upon the basis of a geometric and traffic characteristic study that any speed limit set forth in divisions (B)(1)(a) to (D) of this section is greater or less than is reasonable or safe under the conditions found to exist at any portion of a street or highway under the jurisdiction of the director, the director shall determine and declare a reasonable and safe prima-facie speed limit, which shall be effective when appropriate signs giving notice of it are erected at the location.

(2) Whenever the director determines upon the basis of a geometric and traffic characteristic study that the speed limit of fifty-five miles per hour on a two-lane state route outside a municipal corporation is less than is reasonable or safe under the conditions found to exist at that portion of the state route, the director may determine and declare a speed limit of sixty miles per hour for that portion of the state route, which shall be effective when appropriate signs giving notice of it are erected at the location.

(I)(1) Except as provided in divisions (I)(2) and (K) of this section, whenever local authorities determine upon the basis of an engineering and traffic investigation that the speed permitted by divisions (B)(1)(a) to (D) of this section, on any part of a highway under their jurisdiction, is greater than is reasonable and safe under the conditions found to exist at such location, the local authorities may by resolution request the director to determine and declare a reasonable and safe prima-facie speed limit. Upon receipt of such request the director may determine and declare a reasonable and safe prima-facie speed limit at such location, and if the director does so, then such declared speed limit shall become effective only when appropriate signs giving notice thereof are erected at such location by the local authorities. The director may withdraw the declaration of a prima-facie speed limit whenever in the director's opinion the altered prima-facie speed becomes unreasonable. Upon such withdrawal, the declared prima-facie speed shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(2) A local authority may determine on the basis of a geometric and traffic characteristic study that the speed limit of sixty-five miles per hour on a portion of a freeway under its jurisdiction that was established through the operation of division (L)(3) of this section is greater than is reasonable or safe under the conditions found to exist at that portion of the freeway. If the local authority makes such a determination, the local authority by resolution may request the director to determine and declare a reasonable and safe speed limit of not less than fifty-five miles per hour for that portion of the freeway. If the director takes such action, the declared speed limit becomes effective only when appropriate signs giving notice of it are erected at such location by the local authority.
(J) Local authorities in their respective jurisdictions may authorize by ordinance higher prima-facie speeds than those stated in this section upon through highways, or upon highways or portions thereof where there are no intersections, or between widely spaced intersections, provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in division (A) of this section or in any event authorize by ordinance a speed in excess of fifty miles per hour.

Alteration of prima-facie limits on state routes by local authorities shall not be effective until the alteration has been approved by the director. The director may withdraw approval of any altered prima-facie speed limits whenever in the director's opinion any altered prima-facie speed becomes unreasonable, and upon such withdrawal, the altered prima-facie speed shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(K)(1) As used in divisions (K)(1), (2), (3), and (4) of this section, "unimproved highway" means a highway consisting of any of the following:

(a) Unimproved earth;

(b) Unimproved graded and drained earth;

(c) Gravel.

(2) Except as otherwise provided in divisions (K)(4) and (5) of this section, whenever a board of township trustees determines upon the basis of an engineering and traffic investigation that the speed permitted by division (B)(5) of this section on any part of an unimproved highway under its jurisdiction and in the unincorporated territory of the township is greater than is reasonable or safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of fifty-five but not less than twenty-five miles per hour. An altered speed limit adopted by a board of township trustees under this division becomes effective when appropriate traffic control devices, as prescribed in section 4511.11 of the Revised Code, giving notice thereof are erected at the location, which shall be no sooner than sixty days after adoption of the resolution.

(3)(a) Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by the board under this division becomes unreasonable, the board may adopt a resolution withdrawing the altered prima-facie speed limit. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(b) Whenever a highway ceases to be an unimproved highway and the board has adopted an altered prima-facie speed limit pursuant to division (K)(2) of this section, the board shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(4)(a) If the boundary of two townships rests on the centerline of an unimproved highway in unincorporated territory and both townships have jurisdiction over the highway, neither of the boards of township trustees of such townships may declare an altered prima-facie speed limit pursuant to division (K)(2) of this section on the part of the highway under their joint jurisdiction unless the boards of township trustees of both of the townships determine, upon the basis of an engineering and traffic investigation, that the speed permitted by
division (B)(5) of this section is greater than is reasonable or safe under the conditions found to exist at the location and both boards agree upon a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both boards so agree, each shall follow the procedure specified in division (K)(2) of this section for altering the prima-facie speed limit on the highway. Except as otherwise provided in division (K)(4)(b) of this section, no speed limit altered pursuant to division (K)(4)(a) of this section may be withdrawn unless the boards of township trustees of both townships determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each board adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in division (K)(3)(a) of this section.

(b) Whenever a highway described in division (K)(4)(a) of this section ceases to be an unimproved highway and two boards of township trustees have adopted an altered prima-facie speed limit pursuant to division (K)(4)(a) of this section, both boards shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of the resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(5) As used in division (K)(5) of this section:

(a) "Commercial subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway where, for a distance of three hundred feet or more, the frontage is improved with buildings in use for commercial purposes, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with buildings in use for commercial purposes.

(b) "Residential subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway, where, for a distance of three hundred feet or more, the frontage is improved with residences or residences and buildings in use for business, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with residences or residences and buildings in use for business.

Whenever a board of township trustees finds upon the basis of an engineering and traffic investigation that the prima-facie speed permitted by division (B)(5) of this section on any part of a highway under its jurisdiction that is located in a commercial or residential subdivision, except on highways or portions thereof at the entrances to which vehicular traffic from the majority of intersecting highways is required to yield the right-of-way to vehicles on such highways in obedience to stop or yield signs or traffic control signals, is greater than is reasonable and safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour at the location. An altered speed limit adopted by a board of township trustees under this division shall become effective when appropriate signs giving notice thereof are erected at the location by the township. Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by it under this division becomes unreasonable, it may adopt a resolution withdrawing the altered prima-facie speed, and upon such withdrawal, the altered prima-facie speed shall become ineffective, and the signs relating thereto shall be immediately removed by the township.

(L)(1) Within one hundred twenty days of February 29, 1996, the director of transportation, based upon a geometric and traffic characteristic study of a freeway that is part of the interstate system or that is not part of the interstate system, but is built to the standards and specifications that are applicable to freeways that are part of the interstate system, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over a portion of such freeway, may determine and declare that the speed limit of less than
sixty-five miles per hour established on such freeway or portion of freeway either is reasonable and safe or is less than that which is reasonable and safe.

(2) If the established speed limit for such a freeway or portion of freeway is determined to be less than that which is reasonable and safe, the director of transportation, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the portion of freeway, shall determine and declare a reasonable and safe speed limit of not more than sixty-five miles per hour for that freeway or portion of freeway.

The director of transportation or local authority having jurisdiction over the freeway or portion of freeway shall erect appropriate signs giving notice of the speed limit at such location within one hundred fifty days of February 29, 1996. Such speed limit becomes effective only when such signs are erected at the location.

(3) If, within one hundred twenty days of February 29, 1996, the director of transportation does not make a determination and declaration of a reasonable and safe speed limit for a freeway or portion of freeway that is part of the interstate system or that is not part of the interstate system but is built to the standards and specifications that are applicable to freeways that are part of the interstate system and that has a speed limit of less than sixty-five miles per hour, the speed limit on that freeway or portion of a freeway shall be sixty-five miles per hour. The director of transportation or local authority having jurisdiction over the freeway or portion of the freeway shall erect appropriate signs giving notice of the speed limit of sixty-five miles per hour at such location within one hundred fifty days of February 29, 1996. Such speed limit becomes effective only when such signs are erected at the location. A speed limit established through the operation of division (L)(3) of this section is subject to reduction under division (I)(2) of this section.

(M) Within three hundred sixty days after February 29, 1996, the director of transportation, based upon a geometric and traffic characteristic study of a rural, divided, multi-lane highway that has been designated as part of the national highway system under the "National Highway System Designation Act of 1995," 109 Stat. 568, 23 U.S.C.A. 103, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over a portion of the highway, may determine and declare that the speed limit of less than sixty-five miles per hour established on the highway or portion of highway either is reasonable and safe or is less than that which is reasonable and safe.

If the established speed limit for the highway or portion of highway is determined to be less than that which is reasonable and safe, the director of transportation, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the portion of highway, shall determine and declare a reasonable and safe speed limit of not more than sixty-five miles per hour for that highway or portion of highway. The director of transportation or local authority having jurisdiction over the highway or portion of highway shall erect appropriate signs giving notice of the speed limit at such location within three hundred ninety days after February 29, 1996. The speed limit becomes effective only when such signs are erected at the location.

(N)(1)(a) If the boundary of two local authorities rests on the centerline of a highway and both authorities have jurisdiction over the highway, the speed limit for the part of the highway within their joint jurisdiction shall be either one of the following as agreed to by both authorities:

(i) Either prima-facie speed limit permitted by division (B) of this section;

(ii) An altered speed limit determined and posted in accordance with this section.
(b) If the local authorities are unable to reach an agreement, the speed limit shall remain as established and posted under this section.

(2) Neither local authority may declare an altered prima-facie speed limit pursuant to this section on the part of the highway under their joint jurisdiction unless both of the local authorities determine, upon the basis of an engineering and traffic investigation, that the speed permitted by this section is greater than is reasonable or safe under the conditions found to exist at the location and both authorities agree upon a uniform reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both authorities so agree, each shall follow the procedure specified in this section for altering the prima-facie speed limit on the highway, and the speed limit for the part of the highway within their joint jurisdiction shall be uniformly altered. No altered speed limit may be withdrawn unless both local authorities determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in this section.

(O) As used in this section:

(1) "Interstate system" has the same meaning as in 23 U.S.C.A. 101.

(c) If, within one year of the offense, the offender previously has been convicted or pleaded guilty to three or more violations of any provision of this section or of any provision of a municipal ordinance that is substantially similar to any provision of this section, a misdemeanor of the third degree.

(2) If the offender has not previously been convicted of or pleaded guilty to a violation of any provision of this section or of any provision of a municipal ordinance that is substantially similar to this section and operated a motor vehicle faster than thirty-five miles an hour in a business district of a municipal corporation, faster than fifty miles an hour in other portions of a municipal corporation, or faster than thirty-five miles an hour in a school zone during recess or while children are going to or leaving school during the school's opening or closing hours, a misdemeanor of the fourth degree.

(3) Notwithstanding division (P)(1) of this section, if the offender operated a motor vehicle in a
construction zone where a sign was then posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the usual amount imposed for the violation. No court shall impose a fine of two times the usual amount imposed for the violation upon an offender if the offender alleges, in an affidavit filed with the court prior to the offender’s sentencing, that the offender is indigent and is unable to pay the fine imposed pursuant to this division and if the court determines that the offender is an indigent person and unable to pay the fine.

Sec. 4511.61. (A) As used in this section, "active grade crossing warning device" has the same meaning as in section 5733.43 of the Revised Code.

(B) The department of transportation and local authorities in their respective jurisdictions, with the approval of the department, may designate dangerous highway crossings over railroad tracks whether on state, county, or township highways or on streets or ways within municipal corporations, and erect stop signs thereat. When such

(C)(1) The department and local authorities shall erect stop signs at a railroad highway grade crossing in either of the following circumstances:

(a) New warning devices that are not active grade crossing warning devices are being installed at the grade crossing, and railroad crossbucks were the only warning devices at the grade crossing prior to the installation of the new warning devices.

(b) The grade crossing is constructed after the effective date of this amendment and only warning devices that are not active grade crossing warning devices are installed at the grade crossing.

(2) Division (C)(1) of this section does not apply to a railroad highway grade crossing that the director of transportation has exempted from that division because of traffic flow or other considerations or factors.

(D) When stop signs are erected pursuant to division (B) or (C) of this section, the operator of any vehicle, streetcar, or trackless trolley shall stop within fifty, but not less than fifteen, feet from the nearest rail of the railroad tracks and shall exercise due care before proceeding across such grade crossing.

(B)(E) Except as otherwise provided in this division, whoever violates division (D) of this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. (3) "Passenger" means any person in an automobile, other than its operator, who is occupying a seating position for which an occupant restraining device is provided.

(4) "Commercial tractor," "passenger car," and "commercial car" have the same meanings as in section 4501.01 of the Revised Code.

(6) "Tort action" means a civil action for damages for injury, death, or loss to person or property. "Tort action" includes a product liability claim, as defined in section 2307.71 of the Revised Code, and an asbestos claim, as defined in section 2307.91 of the Revised Code, but does not include a civil action for damages for breach of contract or another agreement between persons.

(B) No person shall do any of the following:

(1) Operate an automobile on any street or highway unless that person is wearing all of the available elements of a properly adjusted occupant restraining device, or operate a school bus that has an occupant restraining device installed for use in its operator's seat unless that person is wearing all of the available elements of the device, as properly adjusted;

(2) Operate an automobile on any street or highway unless each passenger in the automobile who is subject to the requirement set forth in division (B)(3) of this section is wearing all of the available elements of a properly adjusted occupant restraining device;

(3) Occupy, as a passenger, a seating position on the front seat of an automobile being operated on any street or highway unless that person is wearing all of the available elements of a properly adjusted occupant restraining device;

(4) Operate a taxicab on any street or highway unless all factory-equipped occupant restraining devices in the taxicab are maintained in usable form.

(C) Division (B)(3) of this section does not apply to a person who is required by section 4511.81 of the Revised Code to be secured in a child restraint device or booster seat. Division (B)(1) of this section does not apply to a person who is an employee of the United States postal service or of a newspaper home delivery service, during any period in which the person is engaged in the operation of an automobile to deliver mail or newspapers to addressees. Divisions (B)(1) and (3) of this section do not apply to a person who has an affidavit signed by a physician licensed to practice in this state under Chapter 4731. of the Revised Code or a chiropractor licensed to practice in this state under Chapter 4734. of the Revised Code that states that the person has a physical impairment that makes use of an occupant restraining device impossible or impractical.

(D) Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of an automobile being operated on any street or highway to stop the automobile for the sole purpose of determining whether a violation of division (B) of this section has been or is being committed or for the sole purpose of issuing a ticket, citation, or summons for a violation of that nature or causing the arrest of or commencing a prosecution of a person for a violation of that nature, and no law enforcement officer shall view
the interior or visually inspect any automobile being operated on any street or highway for the sole purpose of determining whether a violation of that nature has been or is being committed.

(E) All fines collected for violations of division (B) of this section, or for violations of any ordinance or resolution of a political subdivision that is substantively comparable to that division, shall be forwarded to the treasurer of state for deposit into the state treasury to the credit of the trauma and emergency medical services fund, which is hereby created. In addition, sixty cents of each fee collected under sections 4501.34, 4503.26, 4505.14, 4506.08, 4509.05, and 4519.63 of the Revised Code as specified in those sections, plus the portion of the driver's license reinstatement fee described in division (F)(2)(g) of section 4511.191 of the Revised Code, plus all fees collected under section 4765.11 of the Revised Code, plus all fines imposed under section 4765.55 of the Revised Code, plus the fees and other moneys specified in section 4766.05 of the Revised Code, and plus five per cent of fines and moneys arising from bail forfeitures as directed by section 5503.04 of the Revised Code, also shall be deposited into the trauma and emergency medical services fund. All money deposited into the trauma and emergency medical services fund shall be used by the department of public safety for the administration and operation of the division of emergency medical services and the state board of emergency medical, fire, and transportation services, and by the state board of emergency medical, fire, and transportation services to make grants, in accordance with section 4765.07 of the Revised Code and rules the board adopts under section 4765.11 of the Revised Code. The director of budget and management may transfer excess money from the trauma and emergency medical services fund to the state highway safety fund if the director of public safety determines that the amount of money in the trauma and emergency medical services fund exceeds the amount required to cover such costs incurred by the emergency medical services agency and the grants made by the state board of emergency medical, fire, and transportation services and requests the director of budget and management to make the transfer.

(F)(1) Subject to division (F)(2) of this section, the failure of a person to wear all of the available elements of a properly adjusted occupant restraining device in violation of division (B)(1) or (3) of this section or the failure of a person to ensure that each minor who is a passenger of an automobile being operated by that person is wearing all of the available elements of a properly adjusted occupant restraining device in violation of division (B)(2) of this section shall not be considered or used by the trier of fact in a tort action as evidence of negligence or contributory negligence. But, the trier of fact may determine based on evidence admitted consistent with the Ohio Rules of Evidence that the failure contributed to the harm alleged in the tort action and may diminish a recovery of compensatory damages that represents noneconomic loss, as defined in section 2307.011 of the Revised Code, in a tort action that could have been recovered but for the plaintiff's failure to wear all of the available elements of a properly adjusted occupant restraining device. Evidence of that failure shall not be used as a basis for a criminal prosecution of the person other than a prosecution for a violation of this section; and shall not be admissible as evidence in a criminal action involving the person other than a prosecution for a violation of this section.

(2) If, at the time of an accident involving a passenger car equipped with occupant restraining devices, any occupant of the passenger car who sustained injury or death was not wearing an available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted, then, consistent with the Rules of Evidence, the fact that the occupant was not wearing the available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted is admissible in evidence in relation to any claim for relief in a tort action to the extent that the claim for relief satisfies all of the following:
(a) It seeks to recover damages for injury or death to the occupant.

(b) The defendant in question is the manufacturer, designer, distributor, or seller of the passenger car.

(c) The claim for relief against the defendant in question is that the injury or death sustained by the occupant was enhanced or aggravated by some design defect in the passenger car or that the passenger car was not crashworthy.

(G)(1) Whoever violates division (B)(1) of this section shall be fined thirty dollars.

(2) Whoever violates division (B)(3) of this section shall be fined twenty dollars.

(3) Except as otherwise provided in this division, whoever violates division (B)(4) of this section is guilty of a minor misdemeanor. If the offender previously has been convicted of or pleaded guilty to a violation of division (B)(4) of this section, whoever violates division (B)(4) of this section is guilty of a misdemeanor of the third degree.

Sec. 4513.34. (A)(1) The director of transportation with respect to all highways that are a part of the state highway system and local authorities with respect to highways under their jurisdiction, upon application in writing, shall issue a special regional heavy hauling permit authorizing the applicant to operate or move a vehicle or combination of vehicles as follows:

(a) At a size or weight of vehicle or load exceeding the maximum specified in sections 5577.01 to 5577.09 of the Revised Code, or otherwise not in conformity with sections 4513.01 to 4513.37 of the Revised Code;

(b) Upon any highway under the jurisdiction of the authority granting the permit except those highways with a condition insufficient to bear the weight of the vehicle or combination of vehicles as stated in the application;

(c) For regional trips at distances of one hundred fifty miles or less from a facility stated on the application as the applicant's point of origin.

Issuance of a special regional heavy hauling permit is subject to the payment of a fee established by the director or local authority in accordance with this section.

(2) In circumstances where a person is not eligible to receive a permit under division (A)(1) of this section, the director of transportation with respect to all highways that are a part of the state highway system and local authorities with respect to highways under their jurisdiction, upon application in writing and for good cause shown, may issue a special permit in writing authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in sections 5577.01 to 5577.09 of the Revised Code, or otherwise not in conformity with sections 4513.01 to 4513.37 of the Revised Code, upon any highway under the jurisdiction of the authority granting the permit.

(3) For purposes of this section, the director may designate certain state highways or portions of state highways as special economic development highways. If an application submitted to the director under this section involves travel of a nonconforming vehicle or combination of vehicles upon a special economic development highway, the director, in determining whether good cause has been shown that issuance of a permit
is justified, shall consider the effect the travel of the vehicle or combination of vehicles will have on the economic development in the area in which the designated highway or portion of highway is located.

(B) Notwithstanding sections 715.22 and 723.01 of the Revised Code, the holder of a special permit issued by the director under this section may move the vehicle or combination of vehicles described in the special permit on any highway that is a part of the state highway system when the movement is partly within and partly without the corporate limits of a municipal corporation. No local authority shall require any other permit or license or charge any license fee or other charge against the holder of a permit for the movement of a vehicle or combination of vehicles on any highway that is a part of the state highway system. The director shall not require the holder of a permit issued by a local authority to obtain a special permit for the movement of vehicles or combination of vehicles on highways within the jurisdiction of the local authority. Permits may be issued for any period of time not to exceed one year, as the director in the director's discretion or a local authority in its discretion determines advisable, or for the duration of any public construction project.

(C)(1) The application for a permit issued under this section shall be in the form that the director or local authority prescribes. The director or local authority may prescribe a permit fee to be imposed and collected when any permit described in this section is issued. The permit fee may be in an amount sufficient to reimburse the director or local authority for the administrative costs incurred in issuing the permit, and also to cover the cost of the normal and expected damage caused to the roadway or a street or highway structure as the result of the operation of the nonconforming vehicle or combination of vehicles. The director, in accordance with Chapter 119. of the Revised Code, shall establish a schedule of fees for permits issued by the director under this section; however, the fee to operate a triple trailer unit, at locations authorized under federal law, shall be one hundred dollars.

(2) For the purposes of this section and of rules adopted by the director under this section, milk transported in bulk by vehicle is deemed a nondivisible load.

(D) The director or a local authority shall issue a special regional heavy hauling permit under division (A) (1) of this section upon application and payment of the applicable fee. However, the director or local authority may issue or withhold a special permit specified in division (A)(2) of this section. If a permit is to be issued, the director or local authority may limit or prescribe conditions of operation for the vehicle and may require the posting of a bond or other security conditioned upon the sufficiency of the permit fee to compensate for damage caused to the roadway or a street or highway structure. In addition, a local authority, as a condition of issuance of an overweight permit, may require the applicant to develop and enter into a mutual agreement with the local authority to compensate for or to repair excess damage caused to the roadway by travel under the permit.

For a permit that will allow travel of a nonconforming vehicle or combination of vehicles on a special economic development highway, the director, as a condition of issuance, may require the applicant to agree to make periodic payments to the department to compensate for damage caused to the roadway by travel under the permit.

(E) Every permit issued under this section shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit. No person shall violate any of the terms of a permit.

(F) The director may debar an applicant from applying for a special permit under this section upon a finding based on a reasonable belief that the applicant has done any of the following:
(1) Abused the process by repeatedly submitting false information or false travel plans or by using another company or individual’s name, insurance, or escrow account without proper authorization;

(2) Failed to comply with or substantially perform under a previously issued special permit according to its terms, conditions, and specifications within specified time limits;

(3) Failed to cooperate in the application process for the special permit or in any other procedures that are related to the issuance of the special permit by refusing to provide information or documents required in a permit or by failing to respond to and correct matters related to the special permit;

(4) Accumulated repeated justified complaints regarding performance under a special permit that was previously issued to the applicant or previously failed to obtain a special permit when such a permit was required;

(5) Attempted to influence a public employee to breach ethical conduct standards;

(6) Been convicted of a criminal offense related to the application for, or performance under, a special permit, including, but not limited to, bribery, falsification, fraud or destruction of records, receiving stolen property, and any other offense that directly reflects on the applicant’s integrity or commercial driver’s license;

(7) Accumulated repeated convictions under a state or federal safety law governing commercial motor vehicles or a rule or regulation adopted under such a law;

(8) Accumulated repeated convictions under a law, rule, or regulation governing the movement of traffic over the public streets and highways;

(9) Failed to pay any fees associated with any permitted operation or move;

(10) Deliberately or willfully submitted false or misleading information in connection with the application for, or performance under, a special permit issued under this section.

If the applicant is a partnership, association, or corporation, the director also may debar from consideration for special permits any partner of the partnership, or the officers, directors, or employees of the association or corporation being debarred.

The director may adopt rules in accordance with Chapter 119. of the Revised Code governing the debarment of an applicant.

(G) When the director reasonably believes that grounds for debarment exist, the director shall send the person that is subject to debarment a notice of the proposed debarment. A notice of proposed debarment shall indicate the grounds for the debarment of the person and the procedure for requesting a hearing. The notice and hearing shall be in accordance with Chapter 119. of the Revised Code. If the person does not respond with a request for a hearing in the manner specified in that chapter, the director shall issue the debarment decision without a hearing and shall notify the person of the decision by certified mail, return receipt requested. The debarment period may be of any length determined by the director, and the director may modify or rescind the debarment at any time. During the period of debarment, the director shall not issue, or consider issuing, a special permit under this section to any partnership, association, or corporation that is affiliated with a debarred person. After the debarment period expires, the person, and any partnership, association, or corporation affiliated with the person, may reapply for a special permit.

The department may furnish engineering or other technical counsel and services, with or without charge therefor, to any appropriate government agency of any county or municipal corporation of the state desiring such
counsel or services in connection with any question or problem concerning the need for, or the location, construction, maintenance, or operation of airports, landing fields, or other air navigation facilities in the county or municipal corporation.

The department shall be the official representative of this state in all civil actions, matters, or proceedings pertaining to aviation in which this state is a party or has an interest.

The department may investigate, and may cooperate with any other appropriate governmental agency in the investigation of, any accident occurring in this state in connection with aviation. It may issue an order to preserve, protect, or prevent the removal of any aircraft or air navigation facility involved in an accident being so investigated until the investigation is completed. The chief executive officer or any law enforcement officer of this state or any political subdivision in which an accident occurred shall assist the department in enforcing such an order when called upon to do so.

The department, in connection with any investigation it is authorized to conduct, or in connection with any matter it is required to consider and determine, may conduct hearings thereon. All such hearings shall be open to the public. The administrator of the office of aviation or those employees of that office or its agents who are designated to conduct such hearings may administer oaths and affirmations and issue subpoenas for and compel the attendance and testimony of witnesses and the production of papers, books, and documents at the hearings. In case of failure to comply with such a subpoena or refusal to testify, the administrator or the employees of the office of aviation or its agents who are designated to conduct the hearings may invoke the aid of the court of common pleas of the county in which the hearing is being conducted, and the court may order the witness to comply with the requirements of the subpoena or to give testimony concerning the matter in question. Subject to this section, the department may make available to appropriate agencies of government any information and material developed in the course of its investigations and hearings.

The department shall report to the appropriate agency of the United States all cases that come to its attention of persons navigating aircraft without a valid aviator's certificate, or in which an aircraft is navigated without a valid air-worthiness certificate in probable violation of the laws of the United States requiring such certificates, and it also shall report to the proper governmental agency any probable infringement or violation of laws, rules, and regulations pertaining to aviation that come to its attention.

The department may prepare, adopt, and subsequently revise a plan showing the locations and types of airports, landing fields, and other air navigation facilities within this state; it also may prepare another plan of a system of airways within this state, the establishment, maintenance, and use of which will, in its judgment, serve the development of transportation by aircraft within this state in the best interests of the public. It shall reciprocate by furnishing to any such regional airport authority or agency its cooperation, services, records, and facilities, as fully as is practicable and in the best interests of the public.

If the federal government, any agency of the federal government, or any regional airport authority or political subdivision of this state, or any government agency, requires a state agency to receive and disburse any airport assistance or development and maintenance funds, the department may act as that state agency in all such matters pertaining to aviation.

Sec. 4561.08. The department of transportation may cooperate with the United States, and any government agency thereof, in the acquisition, establishment, construction, enlargement, improvement, equipment, or operation of airports, landing fields, and other air navigation facilities in this state, and may comply with the laws of the United States and any regulations made thereunder with respect to the expenditure of federal funds for or in connection with such airports, landing fields, and other air navigation facilities.

The department may accept, receive, and receipt for federal funds, upon such terms as are prescribed by the laws of the United States and any regulations made thereunder, on behalf of the state, and may treat similarly, for the state or as agent for any regional airport authority, county, or municipal corporation thereof, other funds, public or private, for the acquisition, establishment, construction, enlargement, improvement, equipment, or operation of airports, landing fields, and other air navigation facilities in this state, and may treat similarly, for such work is to be done severally by the state or by a political subdivision thereof or by a regional airport authority, or by the state and a regional airport authority or one or more such political subdivisions jointly, or by any two or more such political subdivisions jointly, or by a regional airport authority and any one or more such political subdivisions jointly. The department may also act as agent of any regional airport authority, county, or municipal corporation of the state in any other matter connected with the acquisition, establishment, construction, enlargement, improvement, equipment, or operation of airports, landing fields, and other air navigation facilities. Such board of trustees or legislative body may designate the department as its agent in any other matter connected with the acquisition, establishment, construction, enlargement, improvement, equipment, or operation of airports, landing fields, and other air navigation facilities, and may enter into, or authorize the executive department of such political subdivision to enter into, an agreement with the department prescribing the terms of such agency, in accordance with the laws of the United States and any rules or regulations made thereunder.

All contracts for the acquisition, establishment, construction, enlargement, improvement, equipment, or operation of airports, landing fields, or other air navigation facilities made by a regional airport authority, county, or municipal corporation, or agency of this state shall be made pursuant to the laws of this state governing the making of such contracts; provided that when the acquisition, establishment, construction, enlargement, improvement, equipment, or operation of airports, landing fields, or other air navigation facilities is financed wholly or partly with federal funds, the regional airport authority, county, or municipal corporation, or agency of this state may let contracts in the manner prescribed by the federal authorities acting under the laws of the United States and any rules or regulations made thereunder.

**Sec. 4561.12.** (A) No aircraft shall be operated or maintained on any public land or water owned or controlled by this state, or by any political subdivision of this state, except at such places and under such rules and regulations governing and controlling the operation and maintenance of aircraft as are adopted and promulgated by the department in accordance with sections 119.01 to 119.13 of the Revised Code.

Such action and approval by the department shall not become effective until it has been approved by the
adoption and promulgation of appropriate rules and regulations governing, controlling, and approving said places and the method of operation and maintenance of aircraft, by the department, division, political subdivision, agent, or agency of this state having ownership or control of the places on said public land or water which are affected by such operation or maintenance of aircraft thereon.

(B) Whoever violates this section shall be fined not more than five hundred dollars, imprisoned not more than ninety days, or both.

Sec. 4561.21. (A) The director of transportation shall deposit all aircraft transfer fees in the state treasury to the credit of the general fund.

(B) The director shall deposit all aircraft license taxes and fines in the state treasury to the credit of the airport assistance fund, which is hereby created. Money in the fund shall be used for maintenance and capital improvements to publicly owned airports; and the operating costs associated with the office of aviation. For maintenance and capital improvements to publicly owned airports, the director shall distribute the money to eligible recipients in accordance with such procedures, guidelines, and criteria as the director shall establish. Sec. 4582.06. (A) A port authority created in accordance with section 4582.02 of the Revised Code may:

(1) Acquire, construct, furnish, equip, maintain, repair, sell, exchange, lease to or from, lease with an option to purchase, convey other interests in, or operate real or personal property, or any combination thereof, related to, useful for, or in furtherance of any authorized purpose, and make charges for the use of any port authority facility, which shall be not less than the charges established for the same services furnished by a public utility or common carrier in the jurisdiction of the particular port authority;

(2) Straighten, deepen, and improve any canal, channel, river, stream, or other water course or way that may be necessary or proper in the development of the facilities of the port authority;

(3) Issue bonds or notes for the acquisition, construction, furnishing, or equipping of any real or personal property, or any combination thereof, related to, useful for, or in furtherance of any authorized purpose, in compliance with Chapter 133. of the Revised Code, except that the bonds or notes only may be issued pursuant to a vote of the electors residing within the territory of the port authority. The net indebtedness incurred by a port authority shall never exceed two per cent of the total value of all property within the territory comprising the authority as listed and assessed for taxation.

(4) By resolution of its board of directors, issue revenue bonds beyond the limit of bonded indebtedness provided by law, for the acquisition, construction, furnishing, or equipping of any real or personal property, or any combination thereof, related to, useful for, or in furtherance of any authorized purpose, including all costs in connection with or incidental thereto.

The revenue bonds of the port authority shall be secured only by a pledge of and a lien on the revenues of the port authority derived from those loan payments, rentals, fees, charges, or other revenues that are designated in the resolution, including, but not limited to, any property to be acquired, constructed, furnished, or equipped with the proceeds of the bond issue, after provision only for the reasonable cost of operating.
maintaining, and repairing the property of the port authority so designated. The bonds may further be secured by the covenant of the port authority to maintain rates or charges that will produce revenues sufficient to meet the costs of operating, maintaining, and repairing such property and to meet the interest and principal requirements of the bonds and to establish and maintain reserves for the foregoing purposes. The board of directors, by resolution, may provide for the issuance of additional revenue bonds from time to time, to be secured equally and ratably, without preference, priority, or distinction, with outstanding revenue bonds, but subject to the terms and limitations of any trust agreement described in this section, and of any resolution authorizing bonds then outstanding. The board of directors, by resolution, may designate additional property of the port authority, the revenues of which shall be pledged and be subject to a lien for the payment of the debt charges on revenue bonds theretofore authorized by resolution of the board of directors, to the same extent as the revenues above described.

In the discretion of the board of directors, the revenue bonds of the port authority may be secured by a trust agreement between the board of directors on behalf of the port authority and a corporate trustee, that may be any trust company or bank having powers of a trust company, within or without the state.

The trust agreement may provide for the pledge or assignment of the revenues to be received, but shall not pledge the general credit and taxing power of the port authority. A trust agreement securing revenue bonds issued to acquire, construct, furnish, or equip real property, plants, factories, offices, and other structures and facilities for authorized purposes consistent with Section 13 or 16 of Article VIII, Ohio Constitution, may mortgage the real or personal property, or a combination thereof, to be acquired, constructed, furnished, or equipped from the proceeds of such revenue bonds, as further security for the bonds. The trust agreement or the resolution providing for the issuance of revenue bonds may set forth the rights and remedies of the bondholders and trustee, and may contain other provisions for protecting and enforcing their rights and remedies that are determined in the discretion of the board of directors to be reasonable and proper. The agreement or resolution may provide for the custody, investment, and disbursement of all moneys derived from the sale of such bonds, or from the revenues of the port authority, other than those moneys received from taxes levied pursuant to section 4582.14 of the Revised Code, and may provide for the deposit of such funds without regard to section 4582.15 of the Revised Code.

All bonds issued under authority of this chapter, regardless of form or terms and regardless of any other law to the contrary, shall have all qualities and incidents of negotiable instruments, subject to provisions for registration, and may be issued in coupon, fully registered, or other form, or any combination thereof, as the board of directors determines. Provision may be made for the registration of any coupon bonds as to principal alone or as to both principal and interest, and for the conversion into coupon bonds of any fully registered bonds or bonds registered as to both principal and interest.

The revenue bonds shall bear interest at such rate or rates, shall bear such date or dates, and shall mature within forty-five years following the date of issuance and in such amount, at such time or times, and in such number of installments, as may be provided in or pursuant to the resolution authorizing their issuance. The final maturity of any original issue of revenue bonds shall not be later than forty-five years from their date of issue. Such resolution also shall provide for the execution of the bonds, which may be by facsimile signatures unless prohibited by the resolution, and the manner of sale of the bonds. The resolution shall provide for, or provide for the determination of, any other terms and conditions relative to the issuance, sale, and retirement of the bonds that the board of directors in its discretion determines to be reasonable and proper.
Whenever a port authority considers it expedient, it may issue renewal notes and refund any bonds, whether the bonds to be refunded have or have not matured. The final maturity of any notes, including any renewal notes, shall not be later than five years from the date of issue of the original issue of notes. The final maturity of any refunding bonds shall not be later than the later of forty-five years from the date of issue of the original issue of bonds. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds to be refunded and the costs of issuance of the refunding bonds. The bonds and notes issued under this chapter, their transfer, and the income therefrom, shall at all times be free from taxation within the state.

(5) Do any of the following, in regard to any interests in any real or personal property, or any combination thereof, including, without limitation, machinery, equipment, plants, factories, offices, and other structures and facilities related to, useful for, or in furtherance of any authorized purpose, for such consideration and in such manner, consistent with Article VIII, Ohio Constitution, as the board in its sole discretion may determine:

A port authority may accept and hold as consideration for the conveyance of property or any interest therein such property or interests therein as the board in its discretion may determine, notwithstanding any restrictions that apply to the investment of funds by a port authority.

(6) Construct, maintain, repair, furnish, equip, sell, exchange, lease, or lease with an option to purchase, any property that it is authorized to acquire. A port authority that is subject to this section also may operate any property in connection with transportation, recreational, governmental operations, or cultural activities.

(b) Division (A)(6)(a) of this section applies to all contracts that are subject to the division, notwithstanding any other provision of law that might otherwise apply, including, without limitation, any requirement of notice, any requirement of competitive bidding or selection, or any requirement for the provision of security.

(c) Divisions (A)(6)(a) and (b) of this section do not apply to either of the following:

(i) Any contract secured by or to be paid from moneys raised by taxation or the proceeds of obligations
secured by a pledge of moneys raised by taxation;

(ii) Any contract secured exclusively by or to be paid exclusively from the general revenues of the port authority. For the purposes of this section, any revenues derived by the port authority under a lease or other agreement that, by its terms, contemplates the use of amounts payable under the agreement either to pay the costs of the improvement that is the subject of the contract or to secure obligations of the port authority issued to finance costs of such improvement, are excluded from general revenues.

(7) Apply to the proper authorities of the United States pursuant to appropriate law for the right to establish, operate, and maintain foreign trade zones and to establish, operate, and maintain foreign trade zones; and to acquire land or property therefor, in a manner consistent with section 4582.17 of the Revised Code;

(8) Exercise the right of eminent domain to appropriate any land, rights, rights-of-way, franchises, easements, or other property, necessary or proper for any authorized purpose, pursuant to the procedure provided in sections 163.01 to 163.22 of the Revised Code, if funds equal to the appraised value of the property to be acquired as a result of such proceedings are available for that purpose, except that nothing contained in sections 4582.01 to 4582.20 of the Revised Code shall authorize a port authority to take or disturb property or facilities belonging to any agency or political subdivision of this state, public utility, or common carrier, which property or facilities are necessary and convenient in the operation of the agency or political subdivision, public utility, or common carrier, unless provision is made for the restoration, relocation, or duplication of the property or facilities, or upon the election of the agency or political subdivision, public utility, or common carrier, for the payment of compensation, if any, at the sole cost of the port authority, provided that:

(a) If any restoration or duplication proposed to be made pursuant to this section involves a relocation of such property or facilities, the new facilities and location shall be of at least comparable utilitarian value and effectiveness, and the relocation shall not impair the ability of the public utility or common carrier to compete in its original area of operation.

(b) If any restoration or duplication made pursuant to this section involves a relocation of such property or facilities, the port authority shall acquire no interest or right in or to the appropriated property or facilities, except as provided in division (A)(11) of this section, until the relocated property or facilities are available for use and until marketable title thereto has been transferred to the public utility or common carrier.

(c) Provisions for restoration or duplication shall be described in detail in the resolution for appropriation passed by the port authority.

(12) Sell, lease, or convey other interests in real and personal property and grant easements or rights-of-
way over property of the port authority. The board of directors shall specify the consideration and any terms thereof for the sale, lease, or conveyance of other interests in real and personal property. Any determinations made by the board of directors under this division shall be conclusive. The sale, lease, or conveyance may be made without advertising and the receipt of bids.

**Sec. 4582.171.** A port authority may charge, alter, and collect rentals or other charges for the use or services of any port authority facility and contract in the manner provided by this section with one or more persons, one or more governmental agencies, or any combination thereof, desiring the use or services of the facility, and fix the terms, conditions, rentals, or other charges for the use or services. If the services are furnished in the jurisdiction of the port authority by a public utility or a common carrier, charges by the port authority for the services shall not be less than the charges established for the same services furnished by a public utility or common carrier in the port authority jurisdiction. The rentals or other charges shall not be subject to supervision or regulation by any other authority, commission, board, bureau, or agency of the state and the contract may provide for acquisition by the person or governmental agency of all or any part of the port authority facility for such consideration payable over the period of the contract or otherwise as the port authority in its sole discretion determines to be appropriate, but subject to the provisions of any resolution authorizing the issuance of port authority revenue bonds or any trust agreement securing the bonds. Any governmental agency that has power to construct, operate, and maintain port authority facilities may enter into a contract or lease with a port authority whereby the use or services of any port authority facility will be made available to the governmental agency, and may pay for the use or services rentals or other charges as may be agreed to by the port authority and the governmental agency.

Any governmental agency or combination of governmental agencies may cooperate with the port authority in the acquisition or construction of port authority facilities and shall enter into such agreements with the port authority as may be appropriate, with a view to effective cooperative action and safeguarding of the respective interests of the parties thereto, which agreements shall provide for contributions by the parties thereto.
in a proportion as may be agreed upon and other terms as may be mutually satisfactory to the parties including, without limitation, the authorization of the construction of the facility by one of the parties acting as agent for all of the parties and the ownership and control of the facility by the port authority to the extent necessary or appropriate. Any governmental agency may provide the funds for the payment of any contribution required under such agreements by the levy of taxes or assessments if otherwise authorized by the laws governing the governmental agency in the construction of the type of port authority facility provided for in the agreements, and may pay the proceeds from the collection of the taxes or assessments; or the governmental agency may issue bonds or notes, if authorized by those laws, in anticipation of the collection of the taxes or assessments, and may pay the proceeds of the bonds or notes to the port authority pursuant to such agreements. In addition, any governmental agency may provide the funds for the payment of a contribution by the appropriation of money or, if otherwise authorized by law, by the issuance of bonds or notes and may pay the appropriated money or the proceeds of the bonds or notes to the port authority pursuant to such agreements. The agreement by the governmental agency to provide a contribution, whether from appropriated money or from the proceeds of taxes or assessments, or bonds or notes, or any combination thereof, shall not be subject to Chapter 133. of the Revised Code or any rules or limitations contained therein. The proceeds from the collection of taxes or assessments, and any interest earned thereon, shall be paid into a special fund immediately upon the collection thereof by the governmental agency for the purpose of providing the contribution at the times required under such agreements.

When the contribution of any governmental agency is to be made over a period of time from the proceeds of the collection of special assessments, the interest accrued and to accrue before the first installment of the assessments is collected, which is payable by the governmental agency on the contribution under the terms and provisions of the agreements, shall be treated as part of the cost of the improvement for which the assessments are levied, and that portion of the assessments that is collected in installments shall bear interest at the same rate as the governmental agency is obligated to pay on the contribution under the terms and provisions of the agreements and for the same period of time as the contribution is to be made under the agreements. If the assessment or any installment thereof is not paid when due, it shall bear interest until the payment thereof at the same rate as the contribution and the county auditor shall annually place on the tax list and duplicate the interest applicable to the assessment and the penalty thereon as otherwise authorized by law.

Except as provided in division (G) of this section, after risk adjustment standards and procedures are implemented, the board shall make public such information only on a risk adjusted basis.

(E) The board shall adopt rules under section 4765.11 of the Revised Code that specify procedures for ensuring the confidentiality of information that is not to be made public under this section. The rules shall specify the circumstances in which deliberations of the persons performing risk adjustment functions under this section are not open to the public and records of those deliberations are maintained in confidence. Nothing in this section prohibits the board from making public statistical information that does not identify or tend to identify a specific recipient or provider of emergency medical services or adult or pediatric trauma care.
(F) No provider that furnishes information to the board with respect to any patient the provider examined or treated shall, because of this furnishing, be deemed liable in damages to any person or be held to answer for betrayal of a professional confidence in the absence of willful or wanton misconduct. No such information shall be subject to introduction in evidence in any civil action against the provider. No provider that furnishes information to the board shall be liable for the misuse or improper release of the information by the board or any other person.

No person who performs risk adjustment functions under this section shall, because of performing such functions, be held liable in a civil action for betrayal of professional confidence or otherwise in the absence of willful or wanton misconduct.

(G) The board may transmit data that identifies or tends to identify a specific provider of emergency medical services care and has not been risk-adjusted from the emergency medical services incident reporting system directly to the national emergency medical services information system, pursuant to a written contract between the board and the federal agency that administers the national emergency medical services information system, which shall ensure to the maximum extent permitted by federal law that such agency shall use such data solely for inclusion in the national emergency medical services information system and shall not disclose such data to the public, through legal discovery, a freedom of information request, or otherwise, in a manner that identifies or tends to identify a specific provider of emergency medical services care.

**Sec. 4765.112.** (A) The state board of emergency medical, fire, and transportation services, by an affirmative vote of the majority of its members, may suspend without a prior hearing a certificate to practice issued under this chapter if the board determines that there is clear and convincing evidence that continued practice by the certificate holder presents a danger of immediate and serious harm to the public and that the certificate holder has done any of the following:

1. Furnished false, fraudulent, or misleading information to the board;
2. Engaged in activities that exceed those permitted by the individual's certificate;
3. In a court of this or any other state or federal court been convicted of, pleaded guilty to, or been the subject of a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony or for a misdemeanor committed in the course of practice or involving gross immorality or moral turpitude.

(B) Immediately following the decision to impose a summary suspension, the board, in accordance with section 119.07 of the Revised Code, shall issue a written order of suspension, cause it to be delivered to the certificate holder, and notify the certificate holder of the opportunity for a hearing. If timely requested by the certificate holder, a hearing shall be conducted in accordance with section 4765.115 of the Revised Code.

**Sec. 4765.113.** If the state board of emergency medical, fire, and transportation services imposes a suspension on the basis of a conviction, judicial finding, or plea as described in division (A)(3) of section 4765.112 of the Revised Code that is overturned on appeal, the certificate holder, on exhaustion of the criminal appeal process, may file with the board a petition for reconsideration of the suspension along with appropriate court documents. On receipt of the petition and documents, the board shall reinstate the certificate holder's certificate to practice.

**Sec. 4765.114.** (A) A certificate to practice emergency medical services issued under this chapter is automatically suspended on the certificate holder's conviction of, plea of guilty to, or judicial finding of guilt of any of the following: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated burglary, aggravated robbery, or a substantially equivalent offense committed in this or another jurisdiction. Continued practice after the suspension is practicing without a certificate.

(B) If the state board of emergency medical, fire, and transportation services has knowledge that an automatic suspension has occurred, it shall notify, in accordance with section 119.07 of the Revised Code, the
certificate holder of the suspension and of the opportunity for a hearing. If timely requested by the certificate holder, a hearing shall be conducted in accordance with section 4765.115 of the Revised Code.

Sec. 4765.115. (A) A suspension order issued under section 4765.112 or automatic suspension under section 4765.114 of the Revised Code is not subject to suspension by a court prior to a hearing under this section or during the pendency of any appeal filed under section 119.12 of the Revised Code.

(B) A suspension order issued under section 4765.112 or automatic suspension under section 4765.114 of the Revised Code remains in effect, unless reversed by the state board of emergency medical, fire, and transportation services, until a final adjudication order issued by the board pursuant to this section becomes effective.

(C) Hearings requested pursuant to section 4765.112 or 4765.114 of the Revised Code shall be conducted under this section in accordance with Chapter 119. of the Revised Code.

(D) A hearing under this section shall be held not later than forty-five days but not earlier than forty days after the certificate holder requests it, unless another date is agreed to by the certificate holder and the board.

(E) After completion of an adjudication hearing, the board may adopt, by an affirmative vote of the majority of its members, a final adjudication order that imposes any of the following sanctions:

1. Suspension of the holder's certificate to practice;
2. Revocation of the holder's certificate to practice;
3. Issuance of a written reprimand;
4. A refusal to renew or a limitation on the holder's certificate to practice.

The board shall issue its final adjudication order not later than forty-five days after completion of an adjudication hearing. If the board does not issue a final order within that time period, the suspension order is void, but any final adjudication order subsequently issued is not affected.

(F) Any action taken by the board under this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the certificate to practice may be reinstated. Reinstatement of a certificate suspended under this section requires an affirmative vote by the majority of the members of the board.

(G) When the board revokes or refuses to reinstate a certificate to practice, the board may specify that its action is permanent. An individual subject to permanent action taken by the board is forever ineligible to hold a certificate of the type revoked or refused, and the board shall not accept from the individual an application for reinstatement of the certificate or for a new certificate.

Sec. 4765.116. If a certificate holder subject to a suspension order issued by the state board of emergency medical, fire, and transportation services under section 4765.112 or an automatic suspension order under section 4765.114 of the Revised Code fails to make a timely request for a hearing, the following apply:

(A) In the case of a certificate holder subject to a summary suspension order, the board is not required
to hold a hearing, but may adopt, by an affirmative vote of a majority of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions listed in division (E) of section 4765.115 of the Revised Code.

(B) In the case of a certificate holder subject to an automatic suspension order, the board may adopt, by an affirmative vote of a majority of its members, a final order that permanently revokes the holder's certificate to practice.

(B) On request of an applicant who fails three examinations for the same certificate to practice, the board may direct the applicant to complete a specific portion of an accredited emergency medical services training program. If the applicant provides satisfactory proof to the board that the applicant has successfully completed that portion of the program, the applicant shall be permitted to take the examination.

An emergency medical technician-paramedic shall withdraw blood in accordance with this chapter and any rules adopted under it by the state board of emergency medical, fire, and transportation services.

**Sec. 4765.40.** (A)(1) Not later than two years after the effective date of this amendment November 3, 2000, the state board of emergency medical, fire, and transportation services shall adopt rules under section...
4765.11 of the Revised Code establishing written protocols for the triage of adult and pediatric trauma victims. The rules shall define adult and pediatric trauma in a manner that is consistent with section 4765.01 of the Revised Code, minimizes overtriage and undertriage, and emphasizes the special needs of pediatric and geriatric trauma patients.

(2) The state triage protocols adopted under division (A) of this section shall require a trauma victim to be transported directly to an adult or pediatric trauma center that is qualified to provide appropriate adult or pediatric trauma care, unless one or more of the following exceptions applies:

(a) It is medically necessary to transport the victim to another hospital for initial assessment and stabilization before transfer to an adult or pediatric trauma center;

(b) It is unsafe or medically inappropriate to transport the victim directly to an adult or pediatric trauma center due to adverse weather or ground conditions or excessive transport time;

(c) Transporting the victim to an adult or pediatric trauma center would cause a shortage of local emergency medical service resources;

(d) No appropriate adult or pediatric trauma center is able to receive and provide adult or pediatric trauma care to the trauma victim without undue delay;

(e) Before transport of a patient begins, the patient requests to be taken to a particular hospital that is not a trauma center or, if the patient is less than eighteen years of age or is not able to communicate, such a request is made by an adult member of the patient's family or a legal representative of the patient.

(3)(a) The state triage protocols adopted under division (A) of this section shall require trauma patients to be transported to an adult or pediatric trauma center that is able to provide appropriate adult or pediatric trauma care, but shall not require a trauma patient to be transported to a particular trauma center. The state triage protocols shall establish one or more procedures for evaluating whether an injury victim requires or would benefit from adult or pediatric trauma care, which procedures shall be applied by emergency medical service personnel based on the patient's medical needs. In developing state trauma triage protocols, the board shall consider relevant model triage rules and shall consult with the commission on minority health, regional directors, regional physician advisory boards, and appropriate medical, hospital, and emergency medical service organizations.

(b) Before the joint committee on agency rule review considers state triage protocols for trauma victims proposed by the state board of emergency medical, fire, and transportation services, or amendments thereto, the board shall send a copy of the proposal to the Ohio chapter of the American college of emergency physicians, the Ohio chapter of the American college of surgeons, the Ohio chapter of the American academy of pediatrics, OHA: the association for hospitals and health systems, the Ohio osteopathic association, and the association of Ohio children's hospitals and shall hold a public hearing at which it must consider the appropriateness of the protocols to minimize overtriage and undertriage of trauma victims.

(c) The board shall provide copies of the state triage protocols, and amendments to the protocols, to each emergency medical service organization, regional director, regional physician advisory board, certified emergency medical service instructor, and person who regularly provides medical direction to emergency medical service personnel in the state; to each medical service organization in other jurisdictions that regularly
provide emergency medical services in this state; and to others upon request.

(B)(1) The state board of emergency medical, fire, and transportation services shall approve regional protocols for the triage of adult and pediatric trauma victims, and amendments to such protocols, that are submitted to the board as provided in division (B)(2) of this section and provide a level of adult and pediatric trauma care comparable to the state triage protocols adopted under division (A) of this section. The board shall not otherwise approve regional triage protocols for trauma victims. The board shall not approve regional triage protocols for regions that overlap and shall resolve any such disputes by apportioning the overlapping territory among appropriate regions in a manner that best serves the medical needs of the residents of that territory. The trauma committee of the board shall have reasonable opportunity to review and comment on regional triage protocols and amendments to such protocols before the board approves or disapproves them.

(2) Regional protocols for the triage of adult and pediatric trauma victims, and amendments to such protocols, shall be submitted in writing to the state board of emergency medical, fire, and transportation services by the regional physician advisory board or regional director, as appropriate, that serves a majority of the population in the region in which the protocols apply. Prior to submitting regional triage protocols, or an amendment to such protocols, to the state board of emergency medical, fire, and transportation services, a regional physician advisory board or regional director shall consult with each of the following that regularly serves the region in which the protocols apply:

(a) Other regional physician advisory boards and regional directors;

(b) Hospitals that operate an emergency facility;

(c) Adult and pediatric trauma centers;

(d) Professional societies of physicians who specialize in adult or pediatric emergency medicine or adult or pediatric trauma surgery;

(e) Professional societies of nurses who specialize in adult or pediatric emergency nursing or adult or pediatric trauma surgery;

(f) Professional associations or labor organizations of emergency medical service personnel;

(g) Emergency medical service organizations and medical directors of such organizations;

(h) Certified emergency medical service instructors.

(3) Regional protocols for the triage of adult and pediatric trauma victims approved under division (B)(2) of this section shall require patients to be transported to a trauma center that is able to provide an appropriate level of adult or pediatric trauma care; shall not discriminate among trauma centers for reasons not related to a patient's medical needs; shall seek to minimize undertriage and overtriage; may include any of the exceptions in division (A)(2) of this section; and supersede the state triage protocols adopted under division (A) of this section in the region in which the regional protocols apply.

(4) Upon approval of regional protocols for the triage of adult and pediatric trauma victims under division (B)(2) of this section, or an amendment to such protocols, the state board of emergency medical, fire, and transportation services shall provide written notice of the approval and a copy of the protocols or amendment to
each entity in the region in which the protocols apply to which the board is required to send a copy of the state triage protocols adopted under division (A) of this section.

(C)(1) The state board of emergency medical, fire, and transportation services shall review the state triage protocols adopted under division (A) of this section at least every three years to determine if they are causing overtriage or undertriage of trauma patients, and shall modify them as necessary to minimize overtriage and undertriage.

(2) Each regional physician advisory board or regional director that has had regional triage protocols approved under division (B)(2) of this section shall review the protocols at least every three years to determine if they are causing overtriage or undertriage of trauma patients and shall submit an appropriate amendment to the state board, as provided in division (B) of this section, as necessary to minimize overtriage and undertriage. The state board shall approve the amendment if it will reduce overtriage or undertriage while complying with division (B) of this section, and shall not otherwise approve the amendment.

(D) No provider of emergency medical services or person who provides medical direction to emergency medical service personnel in this state shall fail to comply with the state triage protocols adopted under division (A) of this section or applicable regional triage protocols approved under division (B)(2) of this section.

(E) The state board of emergency medical, fire, and transportation services shall adopt rules under section 4765.11 of the Revised Code that provide for enforcement of the state triage protocols adopted under division (A) of this section and regional triage protocols approved under division (B)(2) of this section, and for education regarding those protocols for emergency medical service organizations and personnel, regional directors and regional physician advisory boards, emergency medical service instructors, and persons who regularly provide medical direction to emergency medical service personnel in this state.

Sec. 4765.42. Each emergency medical service organization shall give notice of the name of its medical director or the names of the members of its cooperating physician advisory board to the state board of emergency medical, fire, and transportation services. The notice shall be made in writing.

Sec. 4765.48. The attorney general, the prosecuting attorney of the county, or the city director of law shall, upon complaint of the state board of emergency medical, fire, and transportation services, prosecute to termination or bring an action for injunction against any person violating this chapter or the rules adopted under it. The common pleas court in which an action for injunction is filed has the jurisdiction to grant injunctive relief upon a showing that the respondent named in the complaint is in violation of this chapter or the rules adopted under it.

9. Any other information the board, by rule, determines necessary.

(F) Within sixty days after receiving a completed application for licensure as a basic life-support, intermediate life-support, advanced life-support, or mobile intensive care unit organization; an ambulette service; or an air medical service organization, the board shall approve or deny the application. The board shall deny an application if it determines that the applicant does not meet the requirements of this chapter or any rules adopted under it. The board shall send notice of the denial of an application by certified mail to the applicant. The applicant may request a hearing within ten days after receipt of the notice. If the board receives a timely request, it shall hold a hearing in accordance with Chapter 119. of the Revised Code.

(G) If an applicant or licensee operates or plans to operate an organization in more than one location under the same or different identities, the applicant or licensee shall apply for and meet all requirements for licensure or renewal of a license, other than payment of a license fee or renewal fee, for operating the organization at each separate location. An applicant or licensee that operates or plans to operate under the same
organization identity in separate locations shall pay only a single license fee.

(H) An emergency medical service organization that wishes to provide ambulette services to the public must apply for a separate license under division (C) of this section.

(I) Each license issued under this section and each permit issued under section 4766.07 of the Revised Code expires one year after the date of issuance and may be renewed in accordance with the standard renewal procedures of Chapter 4745. of the Revised Code. An application for renewal shall include the license or permit renewal fee established under section 4766.05 of the Revised Code. An applicant for renewal of a permit also shall submit to the board proof of an annual inspection of the vehicle or aircraft for which permit renewal is sought. The board shall renew a license if the applicant meets the requirements for licensure and shall renew a permit if the applicant and vehicle or aircraft meet the requirements to maintain a permit for that vehicle or aircraft.

(J) Each licensee shall maintain accurate records of all service responses conducted. The records shall be maintained on forms prescribed by the board and shall contain information as specified by rule by the board.

Sec. 4766.05. (A) The Ohio state board of emergency medical, fire, and transportation board services shall establish by rule a license fee, a permit fee for each ambulance, ambulette, rotorcraft air ambulance, fixed wing air ambulance, and nontransport vehicle owned or leased by the licensee that is or will be used as provided in section 4766.07 of the Revised Code, and fees for renewals of licenses and permits, taking into consideration the actual costs incurred by the board in carrying out its duties under this chapter. However, the fee for each license and each renewal of a license shall not exceed one hundred dollars, and the fee for each permit and each renewal of a permit shall not exceed one hundred dollars for each ambulance, rotorcraft air ambulance, fixed wing air ambulance, and nontransport vehicle. The fee for each permit and each renewal of a permit shall be twenty-five dollars for each ambulette for one year after March 9, 2004. Thereafter, the board shall determine by rule the fee, which shall not exceed fifty dollars, for each permit and each renewal of a permit for each ambulette. For purposes of establishing fees, "actual costs" includes the costs of salaries, expenses, inspection equipment, supervision, and program administration.

(B) The board shall deposit all fees and other moneys collected pursuant to sections 4766.04, 4766.07, and 4766.08 of the Revised Code in the state treasury to the credit of the occupational licensing trauma and regulatory emergency medical services fund, which is created by section 4743.05 4513.263 of the Revised Code. All moneys from the fund shall be used solely for the salaries and expenses of the board incurred in implementing and enforcing this chapter.

(C) The board, subject to the approval of the controlling board, may establish fees in excess of the maximum amounts allowed under division (A) of this section, but such fees shall not exceed those maximum amounts by more than fifty per cent.

Sec. 4766.07. (A) Except as otherwise provided by rule of the Ohio state board of emergency medical, fire, and transportation board services, each emergency medical service organization, nonemergency medical service organization, and air medical service organization subject to licensure under this chapter shall possess a valid permit for each ambulance, ambulette, rotorcraft air ambulance, fixed wing air ambulance, and nontransport vehicle it owns or leases that is or will be used by the licensee to perform the services permitted by the license. Each licensee and license applicant shall submit the appropriate fee and an application for a permit for each ambulance, ambulette, rotorcraft air ambulance, fixed wing air ambulance, and nontransport vehicle to the Ohio
state board of emergency medical, fire, and transportation board services on forms provided by the board. The application shall include documentation that the vehicle or aircraft meets the appropriate standards set by the board, that the vehicle or aircraft has been inspected pursuant to division (C) of this section, that the permit applicant maintains insurance as provided in section 4766.06 of the Revised Code, and that the vehicle or aircraft and permit applicant meet any other requirements established under rules adopted by the board.

The Ohio state board of emergency medical, fire, and transportation board services may adopt rules in accordance with Chapter 119. of the Revised Code to authorize the temporary use of a vehicle or aircraft for which a permit is not possessed under this section in back-up or disaster situations.

(B)(1) Within sixty days after receiving a completed application for a permit, the board shall issue or deny the permit. The board shall deny an application if it determines that the permit applicant, vehicle, or aircraft does not meet the requirements of this chapter and the rules adopted under it that apply to permits for ambulances, ambulettes, rotorcraft air ambulances, fixed wing air ambulances, and nontransport vehicles. The board shall send notice of the denial of an application by certified mail to the permit applicant. The permit applicant may request a hearing within ten days after receipt of the notice. If the board receives a timely request, it shall hold a hearing in accordance with Chapter 119. of the Revised Code.

(2) If the board issues the vehicle permit for an ambulance, ambulette, or nontransport vehicle, it also shall issue a decal, in a form prescribed by rule, to be displayed on the rear window of the vehicle. The board shall not issue a decal until all of the requirements for licensure and permit issuance have been met.

(3) If the board issues the aircraft permit for a rotorcraft air ambulance or fixed wing air ambulance, it also shall issue a decal, in a form prescribed by rule, to be displayed on the left fuselage aircraft window in a manner that complies with all applicable federal aviation regulations. The board shall not issue a decal until all of the requirements for licensure and permit issuance have been met.

(C) In addition to any other requirements that the board establishes by rule, a licensee or license applicant applying for an initial vehicle or aircraft permit under division (A) of this section shall submit to the board the vehicle or aircraft for which the permit is sought. Thereafter, a licensee shall annually submit to the board each vehicle or aircraft for which a permit has been issued.

(1) The board shall conduct a physical inspection of an ambulance, ambulette, or nontransport vehicle to determine its roadworthiness and compliance with standard motor vehicle requirements.

(2) The board shall conduct a physical inspection of the medical equipment, communication system, and interior of an ambulance to determine the operational condition and safety of the equipment and the ambulance's interior and to determine whether the ambulance is in compliance with the federal requirements for ambulance construction that were in effect at the time the ambulance was manufactured, as specified by the general services administration in the various versions of its publication titled "federal specification for the star-of-life ambulance, KKK-A-1822."

(3) The board shall conduct a physical inspection of the equipment, communication system, and interior of an ambulette to determine the operational condition and safety of the equipment and the ambulette's interior and to determine whether the ambulette is in compliance with state requirements for ambulette construction. The board shall determine by rule requirements for the equipment, communication system, interior, and construction of an ambulette.
(4) The board shall conduct a physical inspection of the medical equipment, communication system, and interior of a rotorcraft air ambulance or fixed wing air ambulance to determine the operational condition and safety of the equipment and the aircraft's interior.

(5) The board shall issue a certificate to the applicant for each vehicle or aircraft that passes the inspection and may assess a fee for each inspection, as established by the board.

(6) The board shall adopt rules regarding the implementation and coordination of inspections. The rules may permit the board to contract with a third party to conduct the inspections required of the board under this section.

Sec. 4766.08. (A) The Ohio state board of emergency medical, fire, and transportation board may services, pursuant to an adjudication conducted in accordance with Chapter 119. of the Revised Code, may suspend or revoke any license or permit or renewal thereof issued under this chapter for any one or combination of the following causes:

(1) Violation of this chapter or any rule adopted thereunder;

(2) Refusal to permit the board to inspect a vehicle or aircraft used under the terms of a permit or to inspect the records or physical facilities of a licensee;

(3) Failure to meet the ambulance, ambulette, rotorcraft air ambulance, fixed wing air ambulance, and nontransport vehicle requirements specified in this chapter or the rules adopted thereunder;

(4) Violation of an order issued by the board;

(5) Failure to comply with any of the terms of an agreement entered into with the board regarding the suspension or revocation of a license or permit or the imposition of a penalty under this section.

(B) If the board determines that the records, record-keeping procedures, or physical facilities of a licensee, or an ambulance, ambulette, rotorcraft air ambulance, fixed wing air ambulance, or nontransport vehicle for which a valid permit has been issued, do not meet the standards specified in this chapter and the rules adopted thereunder, the board shall notify the licensee of any deficiencies within thirty days of finding the deficiencies. If the board determines that the deficiencies exist and they remain uncorrected after thirty days, the board may suspend the license, vehicle permit, or aircraft permit. The licensee, notwithstanding the suspension under this division, may operate until all appeals have been exhausted.

(C) At the discretion of the board, a licensee whose license has been suspended or revoked under this section may be ineligible to be licensed under this chapter for a period of not more than three years from the date of the violation, provided that the board shall make no determination on a period of ineligibility until all the licensee's appeals relating to the suspension or revocation have been exhausted.

(D) The board may, in addition to any other action taken under this section and after a hearing conducted pursuant to Chapter 119. of the Revised Code, impose a penalty of not more than fifteen hundred dollars for any violation specified in this section. The attorney general shall institute a civil action for the collection of any such penalty imposed.

Sec. 4766.09. This chapter does not apply to any of the following:

Sec. 4766.10. This chapter does not invalidate any ordinance or resolution adopted by a municipal corporation that establishes standards for the licensure of emergency medical service organizations as basic life-support, intermediate life-support, or advanced life-support service organizations that have their principal places of business located within the limits of the municipal corporation, as long as the licensure standards meet or exceed the standards established in this chapter and the rules adopted thereunder.

Emergency medical service organizations licensed by a municipal corporation are subject to the jurisdiction of the Ohio state board of emergency medical, fire, and transportation board services, but the fees they pay to the board for licenses, permits, and renewals thereof shall not exceed fifty per cent of the fee amounts established by the board pursuant to section 4766.03 of the Revised Code. The board may choose to waive the vehicle inspection requirements and inspection fees, but not the permit fees, for the vehicles of organizations licensed by a municipal corporation.

Sec. 4766.11. (A) The Ohio state board of emergency medical, fire, and transportation board services may investigate alleged violations of this chapter or the rules adopted under it and may investigate any complaints received regarding alleged violations.

In addition to any other remedies available and regardless of whether an adequate remedy at law exists, the board may apply to the court of common pleas in the county where a violation of any provision of this chapter or any rule adopted pursuant thereto is occurring for a temporary or permanent injunction restraining a person from continuing to commit that violation. On a showing that a person has committed a violation, the court shall grant the injunction.

In conducting an investigation under this section, the board may issue subpoenas compelling the attendance and testimony of witnesses and the production of books, records, and other documents pertaining to
the investigation. If a person fails to obey a subpoena from the board, the board may apply to the court of common pleas in the county where the investigation is being conducted for an order compelling the person to comply with the subpoena. On application by the board, the court shall compel obedience by attachment proceedings for contempt, as in the case of disobedience of the requirements of a subpoena from the court or a refusal to testify therein.

(B) The medical transportation board may suspend a license issued under this chapter without a prior hearing if it determines that there is evidence that the license holder is subject to action under this section and that there is clear and convincing evidence that continued operation by the license holder presents a danger of immediate and serious harm to the public. The chairperson and executive director of the board shall make a preliminary determination and describe the evidence on which they made their determination to the board members. The board by resolution may designate another board member to act in place of the chairperson or another employee to act in place of the executive director in the event that the chairperson or executive director is unavailable or unable to act. If the license holder subject to the suspension requests an adjudication hearing by the board, the date set for the adjudication shall be within fifteen days but not earlier than seven days after the request unless another date is agreed to by the license holder and the board.

Any summary suspension imposed under this division remains in effect, unless reversed by the board, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order not less than ninety days after completion of its adjudication hearing. Failure to issue the order by that day shall cause the summary suspension order to end, but such failure shall not affect the validity of any subsequent final adjudication order.

Sec. 4766.12. If a county, township, joint ambulance district, or joint emergency medical services district chooses to have the Ohio state board of emergency medical, fire, and transportation board services license its emergency medical service organizations and issue permits for its vehicles pursuant to this chapter, except as may be otherwise provided, all provisions of this chapter and all rules adopted by the board thereunder are fully applicable. However, a county, township, joint ambulance district, or joint emergency medical services district is not required to obtain any type of permit from the board for any of its nontransport vehicles.

Sec. 4766.13. The Ohio state board of emergency medical, fire, and transportation board services, by endorsement, may license and issue vehicle permits to an emergency medical service organization or a nonemergency medical service organization that is regulated by another state. To qualify for a license and vehicle permits by endorsement, an organization must submit evidence satisfactory to the board that it has met standards in another state that are equal to or more stringent than the standards established by this chapter and the rules adopted under it.

No applicant shall be accepted for permanent employment as an ambulette driver by an organization licensed pursuant to this chapter until all of the requirements of division (A) of this section have been met.

The director may purchase or appropriate property necessary for the location or construction of any culvert, bridge, or viaduct, or the approaches thereto, including any property needed to extend, widen, or alter any feeder or outlet road, street, or way adjacent to or under the bridge or viaduct when the extension, widening, or alteration of the feeder road, street, or way is necessary for the full utilization of the bridge or viaduct, or for any other highway improvement. The director may purchase or appropriate, for such length of time as is necessary and desirable, any additional property required for the construction and maintenance of slopes, detour roads, sewers, roadside parks, rest areas, recreational park areas, park and ride facilities, and park and carpool or vanpool facilities, scenic view areas, drainage systems, or land to replace wetlands, incident to any highway improvement, that the director is or may be authorized to locate or construct. The conveyance shall be prepared by the attorney general and executed by the governor and bear the great seal of the state of Ohio.

Except in the case of maintaining, repairing, erecting traffic signs on, or pavement marking of state highways within villages, which is mandatory as required by section 5521.01 of the Revised Code, and except as provided in section 5501.49 of the Revised Code, no duty of constructing, reconstructing, widening, resurfacing, maintaining, or repairing state highways within municipal corporations, or the culverts thereon, shall attach to or rest upon the director, but the director may construct, reconstruct, widen, resurface, maintain, and repair the same with or without the cooperation of any municipal corporation, or with or without the cooperation of boards of county commissioners upon each municipal corporation consenting thereto.

Sec. 5501.51. (A) The state shall reimburse a utility for the cost of relocation of utility facilities necessitated by the construction of a highway project only in the event that the utility can evidence a vested interest in the nature of a fee interest, an easement interest, or a lesser estate in the real property it occupies in the event that the utility possesses a vested interest in such property. The utility shall present evidence satisfactory to the state substantiating the cost of relocation. The director may audit all financial records which the director determines necessary to verify such actual costs.

The director also may mail copies of all invitations to bidders to news agencies or other agencies or organizations distributing information of this character. Requests for invitations shall not be valid nor require action by the director unless renewed, either annually or after such shorter period as the director may prescribe by a general rule. The invitation to bidders shall contain a brief statement of the general character of the article that it is intended to purchase, the approximate quantity desired, and a statement of the time and place where bids will be received, and may relate to and describe as many different articles as the director thinks proper, it being the intent and purpose of this section to authorize the inclusion in a single invitation of as many different articles as the director desires to invite bids upon at any given time. Invitations issued during each calendar year shall be given consecutive numbers, and the number assigned to each invitation shall appear on all copies thereof. In all cases where notice is required by this section, sealed bids shall be taken, on forms prescribed and furnished by the director, and modification of bids after they have been opened shall not be permitted.

In constructing, or reconstructing by widening or resurfacing, improving, maintaining, and repairing state highways, and the bridges and culverts thereon, and in installing, maintaining, and repairing traffic control signals on state highways, the director, except as provided in division (B) of this section, shall proceed by contract let to the lowest competent and responsible bidder, after advertisement as provided in section 5525.01 of the Revised Code. When a force account project assessment form is required, the estimate shall include costs for subcontracted work and any competitively bid component costs.

(B)(1) Where the work contemplated is the construction of a bridge or culvert, or the installation of a traffic control signal, estimated to cost not more than fifty thousand dollars, the director may proceed by employing labor, purchasing materials, and furnishing equipment.

(2) After complying with division (A) of this section, the director may also proceed without competitive bidding with maintenance or repair work by employing labor, purchasing materials, and furnishing equipment, provided if the total estimated cost of the completed operation, or series of connected operations, does not exceed twenty-five thousand dollars, or fifty thousand dollars for any single structure or traffic control signal or any other single project.

(a) Thirty thousand dollars per centerline mile of highway, exclusive of structures and traffic control signals, or fifty thousand dollars for any single structure or traffic control signal or any other single project.

(2)(2) On the first day of July of every odd-numbered year beginning in 2015, the director shall increase the amounts established in division (B)(1) of this section by an amount not to exceed the lesser of three per cent, or the percentage amount of any increase in the department of transportation's construction cost index as annualized and totaled for the prior two calendar years. The director shall publish the applicable amounts on the department's internet web site.

(C) The director may proceed by furnishing equipment, purchasing materials, and employing labor in the erection of temporary bridges or the making of temporary repairs to a highway or bridge rendered necessary by flood, landslide, or other extraordinary emergency. If the director determines inability to complete such emergency work by force account, the director may contract for any part of the work, with or without advertising for bids, as the director considers for the best interest of the department of transportation.

(D) When a project proceeds by force account under this section or section 5517.021 of the Revised Code, the department of transportation shall perform the work in compliance with any project requirements and specifications that would have applied if a contract for the work had been let by competitive bidding. The department shall retain in the project record all records documenting materials testing compliance, materials placement compliance, actual personnel and equipment hours usage, and all other documentation that would have been required if a contract for the work had been let by competitive bidding.

(E) The director shall proceed by competitive bidding to let work to the lowest competent and responsible bidder after advertisement as provided in section 5525.01 of the Revised Code in both of the
following situations:

(1) When the scope of work exceeds the limits established in section 5517.021 of the Revised Code;

(2) When the estimated cost for a project, other than work described in section 5517.021 of the Revised Code, exceeds the amounts established in division (B) of this section, as adjusted.

**Sec. 5517.021.** (A)(1) The director of transportation may proceed without competitive bidding by employing labor, purchasing materials, and furnishing equipment to do any of the following work:

(a) Replace any single span bridge in its substantial entirety or widen any single span bridge, including necessary modifications to accommodate widening the existing substructure and wing walls. The director shall proceed under division (A)(1)(a) of this section only if the deck area of the new or widened bridge does not exceed seven hundred square feet as measured around the outside perimeter of the deck.

(b) Replace the bearings, beams, and deck of any bridge on that bridge's existing foundation if the deck area of the rehabilitated structure does not exceed eight hundred square feet;

(c) Construct or replace any single cell or multi-cell culvert whose total waterway opening does not exceed fifty-two square feet;

(d) Pave or patch an asphalt surface if the operation does not exceed one hundred twenty tons of asphalt per lane-mile of roadway length, except that the department shall not perform a continuous resurfacing operation under this section if the cost of the work exceeds the amount established in division (B)(1)(a) of section 5517.02 of the Revised Code, as adjusted.

(2) Work performed in accordance with division (A)(1) of this section may include approach roadway work, extending not more than one hundred fifty feet as measured from the back side of the bridge abutment wall or outside edge of the culvert, as applicable. The length of an approach guardrail shall be in accordance with department of transportation design requirements and shall not be included in the approach work size limitation.

(B) The requirements of section 117.16 of the Revised Code shall not apply to work described in division (A) of this section and the work shall be exempt from audit for force account purposes except to determine compliance with the applicable size or tonnage restrictions.

**Sec. 5525.01.** Before entering into a contract, the director of transportation shall advertise for bids for two consecutive weeks in one newspaper of general circulation published in the county in which the improvement or part thereof is located, but if there is no such newspaper then in one newspaper having general circulation in an adjacent county. In the alternative, the director may advertise for bids as provided in section 7.16 of the Revised Code. The director may advertise for bids in such other publications as the director considers advisable. Such notices shall state that plans and specifications for the improvement are on file in the office of the director and the district deputy director of the district in which the improvement or part thereof is located and the time within which bids therefor will be received.

Each bidder shall be required to file with the bidder's bid a bid guaranty in the form of a certified check, a cashier's check, or an electronic funds transfer to the treasurer of state that is evidenced by a receipt or by a certification to the director of transportation in a form prescribed by the director that an electronic funds transfer has been made to the treasurer of state, for an amount equal to five per cent of the bidder's bid, but in no event...
more than fifty thousand dollars, or a bid bond for ten per cent of the bidder's bid, payable to the director, which check, transferred sum, or bond shall be forthwith returned to the bidder in case the contract is awarded to another bidder, or, in case of a successful bidder, when the bidder has entered into a contract and furnished the bonds required by section 5525.16 of the Revised Code. In the event the contract is awarded to a bidder, and the bidder fails or refuses to furnish the bonds as required by section 5525.16 of the Revised Code, the check, transferred sum, or bid bond filed with the bidder's bid shall be forfeited as liquidated damages. No bidder shall be required either to file a signed contract with the bidder's bid, to enter into a contract, or to furnish the contract performance bond and the payment bond required by that section until the bids have been opened and the bidder has been notified by the director that the bidder is awarded the contract.

The director shall permit a bidder to withdraw the bidder's bid from consideration, without forfeiture of the check, transferred sum, or bid bond filed with the bid, providing a written request together with a sworn statement of the grounds for such withdrawal is delivered within forty-eight hours after the time established for the receipt of bids, and if the price bid was substantially lower than the other bids, providing the bid was submitted in good faith, and the reason for the price bid being substantially lower was a clerical mistake evident on the face of the bid, as opposed to a judgment mistake, and was actually due to an unintentional and substantial arithmetic error or an unintentional omission of a substantial quantity of work, labor, or material made directly in the compilation of the bid. In the event the director decides the conditions for withdrawal have not been met, the director may award the contract to such bidder. If such bidder does not then enter into a contract and furnish the contract bond as required by law, the director may declare forfeited the check, transferred sum, or bid bond as liquidated damages and award the contract to the next higher bidder or reject the remaining bids and readvertise the project for bids. Such bidder may, within thirty days, appeal the decision of the director to the court of common pleas of Franklin county and the court may affirm or reverse the decision of the director and may order the director to refund the amount of the forfeiture. At the hearing before the common pleas court evidence may be introduced for and against the decision of the director. The decision of the common pleas court may be appealed as in other cases.

There is hereby created the ODOT letting fund, which shall be in the custody of the treasurer of state but shall not be part of the state treasury. All certified checks and cashier's checks received with bidders' bids, and all sums transferred to the treasurer of state by electronic funds transfer in connection with bidders' bids, under this section shall be credited to the fund. All such bid guaranties shall be held in the fund until a determination is made as to the final disposition of the money. If the department determines that any such bid guaranty is no longer required to be held, the amount of the bid guaranty shall be returned to the appropriate bidder. If the department determines that a bid guaranty under this section shall be forfeited, the amount of the bid guaranty shall be transferred or, in the case of money paid on a forfeited bond, deposited into the state treasury, to the credit of the highway operating fund. Any investment earnings of the ODOT letting fund shall be distributed as the treasurer of state considers appropriate.

The director shall require all bidders to furnish the director, upon such forms as the director may prescribe, detailed information with respect to all pending work of the bidder, whether with the department of transportation or otherwise, together with such other information as the director considers necessary.

In the event a bidder fails to submit anything required to be submitted with the bid and then fails or refuses to so submit such at the request of the director, the failure or refusal constitutes grounds for the director, in the director's discretion, to declare as forfeited the bid guaranty submitted with the bid.
The director may reject any or all bids. Except in regard to contracts for environmental remediation and specialty work for which there are no classes of work set out in the rules adopted by the director, if the director awards the contract, the director shall award it to the lowest competent and responsible bidder as defined by rules adopted by the director under section 5525.05 of the Revised Code, who is qualified to bid under sections 5525.02 to 5525.09 of the Revised Code. In regard to contracts for environmental remediation and specialty work for which there are no classes of work set out in the rules adopted by the director, the director shall competitively bid the projects in accordance with this chapter and shall award the contracts to the lowest and best bidder.

The award for all projects competitively let by the director under this section shall be made within ten days after the date on which the bids are opened, and the successful bidder shall enter into a contract and furnish a contract performance bond and a payment bond, as provided for in section 5525.16 of the Revised Code, within ten days after the bidder is notified that the bidder has been awarded the contract.

The director may insert in any contract awarded under this chapter a clause providing for value engineering change proposals, under which a contractor who has been awarded a contract may propose a change in the plans and specifications of the project that saves the department time or money on the project without impairing any of the essential functions and characteristics of the project such as service life, reliability, economy of operation, ease of maintenance, safety, and necessary standardized features. If the director adopts the value engineering proposal, the savings from the proposal shall be divided between the department and the contractor according to guidelines established by the director, provided that the contractor shall receive at least fifty per cent of the savings from the proposal. The adoption of a value engineering proposal does not invalidate the award of the contract or require the director to rebid the project.

Sec. 5525.16. (A) Before entering into a contract, the director of transportation shall require a contract performance bond and a payment bond with sufficient sureties, as follows:

(1) A contract performance bond in an amount equal to one hundred per cent of the estimated cost of the work contract amount, conditioned, among other things, that the contractor will perform the work upon the terms proposed, within the time prescribed, and in accordance with the plans and specifications, will indemnify the state against any damage that may result from any failure of the contractor to so perform, and, further, in case of a grade separation will indemnify any railroad company involved against any damage that may result by reason of the negligence of the contractor in making the improvement.

(2) A payment bond in an amount equal to one hundred per cent of the estimated cost of the work contract amount, conditioned for the payment by the contractor and all subcontractors for labor or work performed or materials furnished in connection with the work, improvement, or project involved.

(B) In no case is the state liable for damages sustained in the construction of any work, improvement, or project under this chapter and Chapters 5501., 5503., 5511., 5513., 5515., 5516., 5517., 5519., 5521., 5523., 5527., 5528., 5529., 5531., 5533., and 5535. of the Revised Code.

This section does not require the director to take bonds as described in division (A) of this section in connection with any force account work, but the director may require those bonds in connection with force account work.

If any bonds taken under this section are executed by a surety company, the director may not approve
such bonds unless there is attached a certificate of the superintendent of insurance that the company is authorized to transact business in this state, and a copy of the power of attorney of the agent of the company. The superintendent, upon request, shall issue to any licensed agent of such company the certificate without charge.

The bonds required to be taken under this section shall be executed by the same surety, approved by the director as to sufficiency of the sureties, and be in the form prescribed by the attorney general.

(C) Any person to whom any money is due for labor or work performed or materials furnished in connection with a work, improvement, or project, at any time after performing the labor or furnishing the materials but not later than ninety days after the acceptance of the work, improvement, or project by the director, may furnish to the sureties on the payment bond a statement of the amount due the person. If the indebtedness is not paid in full at the expiration of sixty days after the statement is furnished, the person may commence an action in the person's own name upon the bond as provided in sections 2307.06 and 2307.07 of the Revised Code.

Sec. 5537.02. (A) There is hereby created a commission to be known on and after July 1, 2013, as the "Ohio turnpike and infrastructure commission." The commission is a body both corporate and politic, constituting an instrumentality of the state, and the exercise by it of the powers conferred by this chapter in the construction, operation, and maintenance of the Ohio turnpike system, and also in entering into agreements with the department of transportation to pay the cost or a portion of the costs of infrastructure projects, are and shall be held to be essential governmental functions of the state, but the commission shall not be immune from liability by reason thereof. Chapter 2744. of the Revised Code applies to the commission and the commission is a political subdivision of the state for purposes of that chapter. The commission is subject to all provisions of law generally applicable to state agencies which do not conflict with this chapter.

(B)(1) The commission shall consist of nine ten members as follows:

(a) Four Six members appointed by the governor with the advice and consent of the senate, no more than two three of whom shall be members of the same political party;

(2) The members appointed by the governor shall be residents of the state, shall have been qualified electors therein for a period of at least five years next preceding their appointment, and. In making the appointments, the governor may appoint persons who reside in different geographic areas of the state, taking into consideration the various turnpike and infrastructure projects in the state. Members appointed to the commission prior to July 1, 2013, shall serve terms of eight years commencing on the first day of July and ending on the thirtieth day of June. Thereafter, members appointed by the governor shall serve terms of five years commencing on the first day of July and ending on the thirtieth day of June. Those members appointed by the president of the senate or the speaker of the house of representatives shall serve a term of the remainder of the general assembly during which the senator or representative is appointed. Each appointed member shall hold office from the date of appointment until the end of the term for which the member was appointed. (C) The voting members of the commission shall elect one of the appointed voting members as chairperson and another as vice-chairperson, and shall appoint a secretary-treasurer who need not be a member of the commission. of the commission.

(D) Each member of the commission appointed by the governor shall give a surety bond to the commission in the penal sum of twenty-five thousand dollars and the secretary-treasurer shall give such a bond in at least the penal sum of fifty thousand dollars. The cost of the reconstruction, relocation, or removal and any damage incurred in changing the location shall be ascertained and paid by the commission as a part of the cost of the turnpike project or from revenues or state taxes.

(2) The commission may petition the board of county commissioners of the county in which is situated any public road or part thereof affected by the location therein of any turnpike project, for the vacation or relocation of the road or any part thereof, in the same manner and with the same force and effect as is given to the director of transportation pursuant to sections 5553.04 to 5553.11 of the Revised Code.

(B) The commission and its authorized agents and employees, after proper notice, may enter upon any lands, waters, and premises in the state for the purpose of making surveys, soundings, drillings, and examinations that are necessary or proper for the purposes of this chapter, and the entry shall not be deemed a trespass, nor shall an entry for those purposes be deemed an entry under any appropriation proceedings which may then be
pending, provided that before entering upon the premises of any railroad notice shall be given to the superintendent of the railroad involved at least five days in advance of entry, and provided that no survey, sounding, drilling, and examination shall be made between the rails or so close to a railroad track as would render the track unusable. The commission shall make reimbursement for any actual damage resulting to such lands, waters, and premises and to private property located in, on, along, over, or under such lands, waters, and premises, as a result of such activities. The state, subject to the approval of the governor, hereby consents to the use of all lands owned by it, including lands lying under water, that are necessary or proper for the construction, maintenance, or operation of any turnpike project, provided adequate consideration is provided for the use.

(C) The commission may make reasonable provisions or rules for the installation, construction, maintenance, repair, renewal, relocation, and removal of public utility facilities in, on, along, over, or under any turnpike project. Whenever the commission determines that it is necessary that any public utility facilities located in, on, along, over, or under any turnpike project should be relocated in or removed from the turnpike project, the public utility owning or operating the facilities shall relocate or remove them in accordance with the order of the commission. Except as otherwise provided in any license or other agreement with the commission, the cost and expenses of such relocation or removal, including the cost of installing the facilities in a new location, the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish the relocation or removal, shall be ascertained and paid by the commission as part of the cost of the turnpike project or from revenues of the Ohio turnpike system. In case of any such relocation or removal of facilities, the public utility owning or operating them and its successors or assigns may maintain and operate the facilities, with the necessary appurtenances, in the new location, for as long a period, and upon the same terms, as it had the right to maintain and operate the facilities in their former location.

(D) The commission is subject to Chapters 1515., 6131., 6133., 6135., and 6137. of the Revised Code and shall pay any assessments levied under those chapters for an improvement or maintenance of an improvement on land under the control or ownership of the commission.

Sec. 5537.051. (A)(1) In any county that as of January 1, 2011, had closed one or more roads as a result of grade separation failure at intersections of a turnpike project with a county or township road, the Ohio turnpike and infrastructure commission is responsible for the major maintenance and repair and replacement of failed grade separations. The governmental entity with jurisdiction over the county or township road is responsible for routine maintenance of such failed grade separations.

(2) This section does not apply to any grade separation at intersections of a turnpike project with a county or township road except as described in division (A)(1) of this section.

(3) Major maintenance and repair and replacement of aforementioned failed grade separations shall commence not later than July 1, 2011, and be completed before December 31, 2014.

(B) As used in this section:

(1) "Major maintenance and repair and replacement" relates to all elements constructed as part of or required for a grade separation, including bridges, pile, foundations, substructures, abutments, piers, superstructures, approach slabs, slopes, embankments, fences, and appurtenances.

(2) "Routine maintenance" includes, without limitation, clearing debris, sweeping, snow and ice removal, wearing surface improvements, marking for traffic control, box culverts, drainage facilities including headwalls.
and underdrains, inlets, catch basins and grates, guardrails, minor and emergency repairs to railing and appurtenances, and emergency patching.

Sec. 5537.06. (A) The Ohio turnpike and infrastructure commission may acquire by purchase, lease, lease-purchase, lease with option to purchase, appropriation, or otherwise and in such manner and for such consideration as it considers proper, any public or private property necessary, convenient, or proper for the construction, maintenance, or efficient operation of the Ohio turnpike system. The commission may pledge net revenues, to the extent permitted by this chapter with respect to bonds, to secure payments to be made by the commission under any such lease, lease-purchase agreement, or lease with option to purchase. Title to personal property, and interests less than a fee in real property, shall be held in the name of the commission. Title to real property held in fee shall be held in the name of the state for the use of the commission. In any proceedings for appropriation under this section, the procedure to be followed shall be in accordance with the procedure provided in sections 163.01 to 163.22 of the Revised Code, including division (B) of section 163.06 of the Revised Code notwithstanding the limitation in that division of its applicability to roads open to the public without charge. Except as otherwise agreed upon by the owner, full compensation shall be paid for public property so taken.

(B) This section does not authorize the commission to take or disturb property or facilities belonging to any public utility or to a common carrier engaged in interstate commerce, which property or facilities are required for the proper and convenient operation of the public utility or common carrier, unless provision is made for the restoration, relocation, replication, or duplication of the property or facilities elsewhere at the sole cost of the commission.

(C) Disposition of real property shall be by the commission in the manner and for the consideration it determines if to a state agency or other governmental agency, and otherwise in the manner provided in section 5501.45 of the Revised Code for the disposition of property by the director of transportation. Disposition of personal property shall be in the manner and for the consideration the commission determines.

(D) Any instrument by which real property is acquired pursuant to this section shall identify the agency of the state that has the use and benefit of the real property as specified in section 5301.012 of the Revised Code.

Sec. 5537.07. (A) When the cost to the Ohio turnpike and infrastructure commission under any contract with a person other than a governmental agency involves an expenditure of more than fifty thousand dollars, the commission shall make a written contract with the lowest responsive and responsible bidder in accordance with section 9.312 of the Revised Code after advertisement for not less than two consecutive weeks in a newspaper of general circulation in Franklin county, and in such other publications as the commission determines, which notice shall state the general character of the work and the general character of the materials to be furnished, the place where plans and specifications therefor may be examined, and the time and place of receiving bids. The commission may require that the cost estimate for the construction, demolition, alteration, repair, improvement, renovation, or reconstruction of roadways and bridges for which the commission is required to receive bids be kept confidential and remain confidential until after all bids for the public improvement have been received or the deadline for receiving bids has passed. Thereafter, and before opening the bids submitted for the roadways and bridges, the commission shall make the cost estimate public knowledge by reading the cost estimate in a public place. The commission may reject any and all bids. The requirements of this division do not apply to contracts for the acquisition of real property or compensation for professional or other personal services.
(B) Each bid for a contract for construction, demolition, alteration, repair, improvement, renovation, or reconstruction shall contain the full name of every person interested in it and shall meet the requirements of section 153.54 of the Revised Code.

(C) Other than for a contract referred to in division (B) of this section, each bid for a contract that involves an expenditure in excess of one hundred fifty thousand dollars or any contract with a service facility operator shall contain the full name of every person interested in it and shall be accompanied by a sufficient bond or certified check on a solvent bank that if the bid is accepted a contract will be entered into and the performance of its proposal secured.

(D) Other than a contract referred to in division (B) of this section, a bond with good and sufficient surety, in a form as prescribed and approved by the commission, shall be required of every contractor awarded a contract that involves an expenditure in excess of one hundred fifty thousand dollars or any contract with a service facility operator. The bond shall be in an amount equal to at least fifty per cent of the contract price and shall be conditioned upon the faithful performance of the contract.

(E) Notwithstanding any other provisions of this section, the commission may establish a program to expedite special turnpike projects by combining the design and construction elements of any public improvement project into a single contract. The commission shall prepare and distribute a scope of work document upon which the bidders shall base their bids. At a minimum, bidders shall meet the requirements of section 4733.161 of the Revised Code. Except in regard to those requirements relating to providing plans, the commission shall award contracts following the requirements set forth in divisions (A), (B), (C), and (D) of this section.

Sec. 5537.08. (A) The Ohio turnpike and infrastructure commission may provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the state for the purpose of paying all or any part of the cost of any one or more turnpike projects or infrastructure projects. The bond service charges shall be payable solely from pledged revenues pledged for such payment pursuant to the applicable bond proceedings. The bonds of each issue shall be dated, shall bear interest at a rate or rates or at variable rates, and shall mature or be payable at such time or times, with a final maturity not to exceed forty years from their date or dates, all as determined by the commission in the bond proceedings. The commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of bond service charges.

(B) The bonds shall be signed by the chairperson or vice-chairperson of the commission or by the facsimile signature of that officer, the official seal of the commission or a facsimile thereof shall be affixed thereto or printed thereon and attested by the secretary-treasurer of the commission, which may be by facsimile signature, and any coupons attached thereto shall bear the facsimile signature of the chairperson or vice-chairperson of the commission. In case any officer whose signature, or a facsimile of whose signature, appears on any bonds or coupons ceases to be such officer before delivery of bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until such delivery.

(C) Subject to the bond proceedings and provisions for registration, the bonds shall have all the qualities and incidents of negotiable instruments under Title XIII of the Revised Code. The bonds may be issued in such form or forms as the commission determines, including without limitation coupon, book entry, and fully registered form, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the exchange of bonds between forms. The commission may sell such bonds
by competitive bid on the best bid after advertisement or request for bids or by private sale in the manner, and for the price, it determines to be for the best interest of the state. The determination of the commission as to the manner of sale, by competitive bid or by private sale, shall be approved by the controlling board.

(D) The proceeds of the bonds of each issue shall be used solely for the payment of the costs of the turnpike project or projects for which such bonds were issued, and for the payment of the costs of the infrastructure project or projects as approved by the commission under section 5537.18 of the Revised Code. The proceeds shall be disbursed in such manner and under such restrictions as the commission provides in the applicable bond proceedings.

(E) Prior to the preparation of definitive bonds, the commission may, under like restrictions, issue interim receipts or temporary bonds or bond anticipation notes, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The commission may provide for the replacement of any mutilated, stolen, destroyed, or lost bonds. Bonds may be issued by the commission under this chapter without obtaining the consent of any state agency, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things that are specifically required by this chapter or those proceedings.

(F) Sections 9.98 to 9.983 of the Revised Code apply to the bonds.

(G) The bond proceedings shall provide, subject to the provisions of any other applicable bond proceedings, for the pledge to the payment of bond service charges and of any costs of or relating to credit enhancement facilities of all, or such part as the commission may determine, of the pledged revenues and the applicable special fund or funds, which pledges may be made to secure the bonds on a parity with bonds theretofore or thereafter issued if and to the extent provided in the bond proceedings. Every pledge, and every covenant and agreement with respect thereto, made in the bond proceedings may in the bond proceedings be extended to the benefit of the owners and holders of bonds and to any trustee and any person providing a credit enhancement facility for those bonds, for the further security for the payment of the bond service charges and credit enhancement facility costs.

(H) The bond proceedings may contain additional provisions as to:

1. The redemption of bonds prior to maturity at the option of the commission or of the bondholders or upon the occurrence of certain stated conditions, and at such price or prices and under such terms and conditions as are provided in the bond proceedings;

2. Other terms of the bonds;

3. Limitations on the issuance of additional bonds;

4. The terms of any trust agreement securing the bonds or under which the same may be issued;

5. Any or every provision of the bond proceedings being binding upon the commission and state agencies, or other person as may from time to time have the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

6. Any provision that may be made in a trust agreement;
(7) Any other or additional agreements with the holders of the bonds, or the trustee therefor, relating to the bonds or the security for the bonds, including agreements for credit enhancement facilities.

(I) Any holder of bonds or a trustee under the bond proceedings, except to the extent that the holder's or trustee's rights are restricted by the bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. Those rights include the right to compel the performance of all duties of the commission and state agencies required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any bonds or in the performance of any covenant or agreement on the part of the commission contained in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the revenues and the pledged revenues which are pledged to the payment of the bond service charges on such bonds or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of, bond service charges on such bonds, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income, funds, or moneys of the commission or state agencies to the payment of such bond service charges and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any turnpike project or other property of the commission.

(J) Each duty of the commission and the commission's officers and employees, undertaken pursuant to the bond proceedings, is hereby established as a duty of the commission, and of each such officer, member, or employee having authority to perform the duty, specifically enjoined by law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

(K) The commission's officers or employees are not liable in their personal capacities on any bonds issued by the commission or any agreements of or with the commission relating to those bonds.

(L) The bonds are lawful investments for banks, savings and loan associations, credit union share guaranty corporations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other funds of the state or its political subdivisions and taxing districts, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any state agency with respect to investments by them, and are also acceptable as security for the repayment of the deposit of public moneys.

(M) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges pertinent to such accounts and bond service fund, and for other accounts therein within the general purposes of such fund.

(N) The commission may pledge all, or such portion as it determines, of the pledged revenues to the payment of bond service charges, and for the establishment and maintenance of any reserves and special funds, as provided in the bond proceedings, and make other provisions therein with respect to pledged revenues, revenues, and net revenues as authorized by this chapter, which provisions are controlling notwithstanding any other provisions of law pertaining thereto.

Sec. 5537.09. The Ohio turnpike and infrastructure commission may provide by resolution for the
issuance of revenue bonds of the state, payable solely from pledged revenues, for the purpose of refunding any bonds then outstanding, including the payment of related financing expenses and, if considered advisable by the commission, for the additional purpose of paying costs of improvements, extensions, renovations, or enlargements of any turnpike project or any infrastructure project. The issuance of refunding bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the commission in respect to such bonds shall be governed by the provisions of this chapter insofar as they are applicable and by the applicable bond proceedings.

Sec. 5537.11. (A) The bonds do not constitute a debt, or a pledge of the faith and credit, of the state or of any political subdivision of the state. Bond service charges on outstanding bonds are payable solely from the pledged revenues pledged for their payment as authorized by this chapter and as provided in the bond proceedings. All turnpike and infrastructure revenue bonds shall contain on their face a statement to that effect.

(B) All expenses incurred in carrying out this chapter shall be payable solely from revenues provided under this chapter and from state taxes. This chapter does not authorize the Ohio turnpike and infrastructure commission to incur indebtedness or liability on behalf of or payable by the state or any political subdivision of the state.

Sec. 5537.12. (A) In the discretion of the Ohio turnpike and infrastructure commission any bonds may be secured by a trust agreement between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state but authorized to exercise trust powers within this state.

(B) Any trust agreement may pledge or assign the revenues to be received, but shall not convey or mortgage any turnpike project or infrastructure project, any part of a turnpike project or infrastructure project, or any part of the Ohio turnpike system or the Ohio turnpike and infrastructure system. Any such trust agreement or other bond proceedings may contain provisions for protecting and enforcing the rights and remedies of the bondholders that are reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of property, and the construction, maintenance, repair, operation, and insurance of the turnpike project or projects in connection with which the bonds are authorized, the rates of toll to be charged, and the custody, safeguarding, and application of all moneys, and provisions for the employment or retention of the services of consulting engineers in connection with the construction, maintenance, or operation of the turnpike project or projects. Any bank or trust company incorporated under the laws of this state which may act as depository of the proceeds of bonds or of revenues may furnish such indemnifying bonds or may pledge such securities as are required by the commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, may restrict the individual right of action by bondholders as is customary in revenue bond trust agreements of public bodies, and may contain other provisions that the commission considers reasonable and proper for the security of the bondholders. All expenses incurred in entering into or carrying out the provisions of such a trust agreement may be treated as a part of the cost, or of the cost of the operation, of the turnpike project or projects.

Sec. 5537.13. (A) Subject to division (C)(1) of this section and section 5537.26 of the Revised Code, the Ohio turnpike and infrastructure commission may fix, revise, charge, and collect tolls for each turnpike project, and contract in the manner provided by this section with any person desiring the use of any part thereof, including the right-of-way adjoining the paved portion, for placing thereon telephone, electric light, or power lines, service facilities, or for any other purpose, and fix the terms, conditions, rents, and rates of charge for such
use, provided that no toll, charge, or rental may be made by the commission for placing in, on, along, over, or under the turnpike project, equipment or public utility facilities that are necessary to serve service facilities or to interconnect any public utility facilities.

(B) Contracts for the operation of service facilities shall be made in writing. Such contracts, except contracts with state agencies or other governmental agencies, shall be made with the bidder whose bid is determined by the commission to be the best bid received, after advertisement for two consecutive weeks in a newspaper of general circulation in Franklin county, and in other publications that the commission determines. The notice shall state the general character of the service facilities operation proposed, the place where plans and specifications may be examined, and the time and place of receiving bids. Bids shall contain the full name of each person interested in them, and shall be in such form as the commission requires. The commission may reject any and all bids. All contracts for service facilities shall be preserved in the principal office of the commission.

(C) Tolls

(1) Except as necessary to comply with covenants in bond proceedings in existence before July 1, 2013, for calendar years 2013 through 2023, the commission shall not increase the toll rates for any class of passenger vehicle as fixed on the effective date of this amendment, when both of the following apply:

   (a) The tolls are collected and remitted in accordance with a multi-jurisdiction electronic toll collection agreement; and

   (b) The distance traveled is thirty miles or less.

(2) Subject to division (C)(1) of this section, tolls shall be so fixed and adjusted as to provide funds at least sufficient with other revenues of the Ohio turnpike system, if any, to pay:

   (1)(a) The cost of maintaining, improving, repairing, constructing, and operating the Ohio turnpike system and its different parts and sections, and to create and maintain any reserves for those purposes;

   (2)(b) Any unpaid bond service charges on outstanding bonds payable from pledged revenues as such charges become due and payable, and to create and maintain any reserves for that purpose.

(D) Tolls are not subject to supervision, approval, or regulation by any state agency other than the turnpike and infrastructure commission.

(E) Revenues derived from each turnpike project in connection with which any bonds are outstanding shall be first applied to pay the cost of maintenance, improvement, repair, and operation and to provide any reserves therefor that are provided for in the bond proceedings authorizing the issuance of those outstanding bonds, and otherwise as provided by the commission, and the balance. The bond proceedings also shall provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part as the commission may determine, of the pledged revenues shall be set aside, at such regular intervals as are provided in the bond proceedings, in a bond service fund, which is hereby pledged to and charged with and the applicable special fund or funds to the payment of the bond service charges on any such outstanding bonds as provided in the applicable bond proceedings, which pledge may be made to secure the bonds senior or subordinate to or on a parity with bonds theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The pledge shall be valid and binding from the time the pledge is made; the revenues and the pledged revenues thereafter received by the commission immediately shall be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in
tort, contract, or otherwise against the commission, whether or not those parties have notice thereof. The bond proceedings by which a pledge is created need not be filed or recorded except in the records of the commission. The use and disposition of moneys to the credit of a bond service fund shall be subject to the applicable bond proceedings. Except as is otherwise provided in such bond proceedings, such a bond service fund shall be a fund for all such bonds, without distinction or priority of one over another.

(F) The proceeds of bonds issued for the payment of the costs of infrastructure projects, net of the payment of all financing expenses and deposits into debt service reserves or other special funds as may be required in the applicable bond proceedings, shall be deposited to the infrastructure fund or funds and shall be exclusively used to pay the cost of infrastructure projects approved by the commission, except that income earned by the infrastructure fund may be used by the commission towards the payment of bond service charges.

Sec. 5537.14. All moneys received by the Ohio turnpike and infrastructure commission under this chapter, whether as proceeds from the sale of bonds or as revenues, are to be held and applied solely as provided in this chapter and in any applicable bond proceedings. Such moneys shall be kept in depositories as selected by the commission in the manner provided in sections 135.01 to 135.21 of the Revised Code, insofar as such sections are applicable, and the deposits shall be secured as provided in sections 135.01 to 135.21 of the Revised Code. The bond proceedings shall provide that any officer to whom, or any bank or trust company to which, revenues or pledged revenues are paid shall act as trustee of such moneys and hold and apply them for the purposes thereof, subject to applicable provisions of this chapter and the bond proceedings.

Sec. 5537.15. Any holder of bonds issued and outstanding under this chapter, or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights given by this chapter may be restricted or modified by the bond proceedings, may by suit, action, mandamus, or other proceedings, protect and enforce any rights under the laws of the state or granted under this chapter or the bond proceedings, and may enforce and compel the performance of all duties required by this chapter or the bond proceedings, to be performed by the Ohio turnpike and infrastructure commission or any officer of the commission, including the fixing, charging, collecting, and application of tolls.

Sec. 5537.16. (A) The Ohio turnpike and infrastructure commission may adopt such bylaws and rules as it considers advisable for the control and regulation of traffic on any turnpike project, for the protection and preservation of property under its jurisdiction and control, for the maintenance and preservation of good order within the property under its control, and for the purpose of establishing owner or operator liability for failure to comply with toll collection rules. The rules of the commission with respect to the speed, use of special engine brakes, axle loads, vehicle loads, and vehicle dimensions of vehicles on turnpike projects, including the issuance of a special permit by the commission to allow the operation on any turnpike project of a motor vehicle transporting two or fewer steel coils, shall apply notwithstanding sections 4511.21 to 4511.24, 4513.34, and Chapter 5577. of the Revised Code. Such bylaws and rules shall be published in a newspaper of general circulation in Franklin county, and in such other manner as the commission prescribes.

(B) Such rules shall provide that public police officers shall be afforded ready access, while in the performance of their official duty, to all property under the jurisdiction of the commission and without the payment of tolls.

(C) No person shall violate any such bylaws or rules of the commission.

(D)(1) All fines collected for the violation of applicable laws of the state and the bylaws and rules of the
commission or moneys arising from bonds forfeited for such violation shall be disposed of in accordance with section 5503.04 of the Revised Code.

(2) All fees or charges assessed by the commission against an owner or operator of a vehicle as a civil violation for failure to comply with toll collection or toll evasion rules shall be revenues of the commission.

Sec. 5537.17. (A) Each turnpike project open to traffic shall be maintained and kept in good condition and repair by the Ohio turnpike and infrastructure commission. The Ohio turnpike system shall be policed and operated by a force of police, toll collectors, and other employees and agents that the commission employs or contracts for.

(B) All public or private property damaged or destroyed in carrying out the powers granted by this chapter shall be restored or repaired and placed in its original condition, as nearly as practicable, or adequate compensation or consideration made therefor out of moneys provided under this chapter.

(C) All governmental agencies may lease, lend, grant, or convey to the commission at its request, upon terms that the proper authorities of the governmental agencies consider reasonable and fair and without the necessity for an advertisement, order of court, or other action or formality, other than the regular and formal action of the authorities concerned, any property that is necessary or convenient to the effectuation of the purposes of the commission, including public roads and other property already devoted to public use.

(D) Each bridge constituting part of a turnpike project shall be inspected at least once each year by a professional engineer employed or retained by the commission.

(E) On or before the first day of July in each year, the commission shall make an annual report of its activities for the preceding calendar year to the governor and the general assembly. Each such report shall set forth a complete operating and financial statement covering the commission’s operations and funding of any turnpike projects and infrastructure projects during the year. The commission shall cause an audit of its books and accounts to be made at least once each year by certified public accountants, and the cost thereof may be treated as a part of the cost of operations of the commission. The auditor of state, at least once a year and without previous notice to the commission, shall audit the accounts and transactions of the commission.

(F) The commission shall submit a copy of its annual audit by the auditor of state and its proposed annual budget for each calendar or fiscal year to the governor, the presiding officers of each house of the general assembly, the director of budget and management, and the legislative service commission no later than the first day of that calendar or fiscal year.

(G) Upon request of the chairperson of the appropriate standing committee or subcommittee of the senate and house of representatives that is primarily responsible for considering transportation budget matters, the commission shall appear at least one time before each committee or subcommittee during the period when that committee or subcommittee is considering the biennial appropriations for the department of transportation and shall provide testimony outlining its budgetary results for the last two calendar years, including a comparison of budget and actual revenue and expenditure amounts. The commission also shall address its current budget and long-term capital plan.

(H) Not more than sixty nor less than thirty days before adopting its annual budget, the commission shall submit a copy of its proposed annual budget to the governor, the presiding officers of each house of the general assembly, the director of budget and management, and the legislative service commission no later than the first day of that calendar or fiscal year.
Sec. 5537.18. (A) The Ohio turnpike and infrastructure commission shall adopt rules establishing the procedures and criteria under which the commission may approve an application received from the director of transportation for infrastructure project funding under division (B) of this section. The rules shall require an infrastructure project to have an anticipated benefit to the system of public highways in the state of Ohio and transportation-related nexus with and relationship to the Ohio turnpike system and the Ohio turnpike and infrastructure system. The criteria included in the rules for determining if an infrastructure project has the required nexus and relationship to the Ohio turnpike system and the Ohio turnpike and infrastructure system and the criteria for approving an application for infrastructure project funding submitted by the director of transportation shall include the following:

(1) A physical proximity of the infrastructure project to and a direct or indirect physical connection between the infrastructure project and the Ohio turnpike system;

(2) The impact of the infrastructure project on traffic density, flow through, or capacity on the Ohio turnpike system;

(3) The impact of the infrastructure project on the Ohio turnpike system toll revenue or other revenues;

(4) The impact of the infrastructure project on the movement of goods and services on or in the area of the Ohio turnpike system; and

(5) The enhancement or improvement by and through the infrastructure project of access to, use of, and egress from the Ohio turnpike system and access to and from connected areas of population, commerce, and industry.

(B) The director of transportation may submit an application to the commission for infrastructure project funding. An application to the commission for infrastructure project funding, as submitted by the director, shall include only infrastructure projects that previously have been reviewed and recommended by the transportation review advisory council pursuant to the selection process followed by the council under Chapter 5512. of the Revised Code. In selecting infrastructure projects for which applications will be made to the commission for infrastructure project funding, the director shall consider the physical proximity of the project to the Ohio turnpike system. Not less than ninety per cent of the total cost of the infrastructure project funding requests submitted by the director of transportation to the commission shall be for infrastructure projects that are at least partially located within seventy-five miles of the Ohio turnpike system.

By rule, the director may establish guidelines under which an application may be made for infrastructure project funding that combines separate projects if the combination of projects is necessary to satisfy any funding threshold required for approval by the transportation review advisory council and the individual projects have a nexus to the Ohio turnpike system and also address a critical public safety concern or have a significant economic impact.

(C) The commission shall evaluate each application for infrastructure project funding submitted under division (B) of this section in accordance with the procedures and criteria established in rules adopted under
division (A) of this section. A determination or approval made under this section is conclusive and incontestable.

(D) Nothing in this section shall interfere with the authority of the director of transportation under Chapter 5512. of the Revised Code.

Sec. 5537.19. The Ohio turnpike and infrastructure commission shall expend such moneys as the commission considers necessary for studies of any turnpike project or infrastructure project, whether proposed, under construction, or in operation, and may employ consulting engineers, traffic engineers, and any other individuals or firms that the commission considers necessary to properly implement the studies. The cost of the studies may be paid from revenues, eligible state and federal grants, state taxes available to the commission and permitted by law to be spent for such purposes, or the proceeds of bonds.

Sec. 5537.20. The exercise of the powers granted by this chapter is in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the construction, operation, and maintenance of the Ohio turnpike system by the Ohio turnpike and infrastructure commission constitute the performance of essential governmental functions, the commission, except as provided in division (D) of section 5537.05 of the Revised Code, shall not be required to pay any state or local taxes or assessments upon any turnpike project or infrastructure project funded by it, or upon revenues or any property acquired or used by the commission under this chapter, or upon the income therefrom. Sec. 5537.22. All final actions of the Ohio turnpike and infrastructure commission shall be journalized and such journal shall be open to the inspection of the public at all reasonable times.

Sec. 5537.24. (A) There is hereby created a turnpike legislative review committee consisting of six members as follows:

(1) Three members of the senate, no more than two of whom shall be members of the same political party, one of whom shall be the chairperson of the committee dealing primarily with highway matters, one of whom shall be appointed by the president of the senate, and one of whom shall be appointed by the minority leader of the senate.

Both the senate member who is appointed by the president of the senate and the senate member
appointed by the minority leader of the senate shall represent either districts in which is located or through which passes a portion of a turnpike project that is part of the Ohio turnpike system or districts located in the vicinity of a turnpike project that is part of the Ohio turnpike system.

The president of the senate shall make the president of the senate’s appointment to the committee first, followed by the minority leader of the senate, and they shall make their appointments in such a manner that their two appointees represent districts that are located in different areas of the state. If the chairperson of the senate committee dealing primarily with highway matters represents a district in which is located or through which passes a portion of a turnpike project that is part of the Ohio turnpike system or a district located in the vicinity of a turnpike project that is part of the Ohio turnpike system, the president of the senate and the minority leader of the senate shall make their appointments in such a manner that their two appointees and the chairperson of the senate committee dealing primarily with highway matters all represent districts that are located in different areas of the state.

(2) Three members of the house of representatives, no more than two of whom shall be members of the same political party, one of whom shall be the chairperson of the house of representatives committee dealing primarily with highway matters, one of whom shall be appointed by the speaker of the house of representatives, and one of whom shall be appointed by the minority leader of the house of representatives.

The speaker of the house of representatives shall make the speaker of the house of representative's appointment to the committee first, followed by the minority leader of the house of representatives, and they shall make their appointments in such a manner that their two appointees represent districts that are located in different areas of the state. If the chairperson of the house of representatives committee dealing primarily with highway matters represents a district in which is located or through which passes a portion of a turnpike project that is part of the Ohio turnpike system or a district located in the vicinity of a turnpike project that is part of the Ohio turnpike system, the speaker of the house of representatives and the minority leader of the house of representatives shall make their appointments in such a manner that their two appointees and the chairperson of the house of representatives committee dealing primarily with highway matters all represent districts that are located in different areas of the state.

The chairperson of the house of representatives committee shall serve as the chairperson of the turnpike legislative review committee for the year 1996. Thereafter, the chair annually shall alternate between, first, the chairperson of the senate committee and then the chairperson of the house of representatives committee.

(B) Each member of the turnpike legislative review committee who is a member of the general assembly shall serve a term of the remainder of the general assembly during which the member is appointed or is serving as chairperson of the specified senate or house committee. In the event of the death or resignation of a committee member who is a member of the general assembly, or in the event that a member ceases to be a senator or representative, or in the event that the chairperson of the senate committee dealing primarily with highway matters or the chairperson of the house of representatives committee dealing primarily with highway matters ceases to hold that position, the vacancy shall be filled through an appointment by the president of the senate or the

Any member appointed to fill a vacancy occurring prior to the end of the term for which the member's predecessor was appointed shall hold office for the remainder of the term or for a shorter period of time as determined by the president or the speaker. A member of the committee is eligible for reappointment.

The committee, by the affirmative vote of at least four of its members, may submit written recommendations to the commission, either at meetings held pursuant to this section or at any other time, describing new turnpike projects or new interchanges located on existing projects that the committee believes the commission should consider constructing.

(D) At least annually the commission shall make a report to the committee of those infrastructure projects approved and paid for by the commission.

(E) The members of the turnpike legislative review committee who are members of the general assembly shall serve without compensation, but shall be reimbursed by the commission for their actual and necessary expenses incurred in the discharge of their official duties as committee members. Sec. 5537.26. (A) Except as provided in division (D) of this section, no increase by the Ohio turnpike and infrastructure commission in the toll rate structure that is applicable to vehicles operating on a turnpike project shall become effective unless the commission complies with the notice and hearing requirements prescribed in division (B) of this section, and the commission shall not take any action that expands, has the effect of expanding, or will to any degree at any time in the future have the effect of expanding the sphere of responsibility of the commission beyond the Ohio turnpike, unless the commission complies with the notice and
hearing requirements prescribed in division (B) of this section.

(B) Not less than ninety days prior to the date on which the commission votes to increase any part of the toll rate structure that is applicable to vehicles operating on a turnpike project, and not less than ninety days prior to the date on which the commission votes to take an action that expands, has the effect of expanding, or will to any degree at any time in the future have the effect of expanding the sphere of responsibility of the commission beyond the Ohio turnpike, the commission shall do both of the following:

(1) Send notice to the governor and the presiding officers and minority leaders of the senate and house of representatives that details the proposed increase to the toll rate structure or the expansion of the sphere of responsibility of the commission beyond the Ohio turnpike, including a description of and a justification for the increase or expansion;

(2) Commence holding public hearings on the proposed increase in the toll rate structure or the proposed action. If the commission is proposing an increase in the toll rate structure that is applicable to vehicles operating on a turnpike project, it shall hold not less than three public hearings in three geographically diverse locations in this state that are in the immediate vicinity of the affected project. If the commission is proposing to take an action that expands, has the effect of expanding, or will to any degree at any time in the future have the effect of expanding the sphere of responsibility of the commission beyond the Ohio turnpike, it shall hold not less than three public hearings in three locations in the immediate vicinity where the expanded responsibilities would arise.

The commission shall inform the public of all the hearings required to be held under this section by causing a notice to be published in a newspaper of general circulation in the county in which each hearing is to be held, not less than once per week for two weeks prior to the date of the hearing.

(C) If the commission does not comply with the notice and hearing requirements contained in division (B) of this section and votes for an increase in the toll rate structure that is applicable to vehicles operating on a turnpike project, the increase in the toll rate structure shall not take effect, any attempt by the commission to implement the increase in the toll rate structure is void, and, if necessary, the attorney general shall file an action in the court of common pleas of the county in which the principal office of the commission is located to enjoin the commission from implementing the increase. The commission shall not implement any increase until it complies with division (B) of this section.

If the commission does not comply with the notice and hearing requirements contained in division (B) of this section and votes to take an action that expands, has the effect of expanding, or will to any degree at any time in the future have the effect of expanding the sphere of responsibility of the commission beyond the Ohio turnpike, the commission shall not take the proposed action and, if necessary, the attorney general shall file an action in the court of common pleas of the county in which the principal office of the commission is located to enjoin the commission from taking the proposed action. The commission shall not take the proposed action until it complies with the notice and hearing requirements prescribed in division (B) of this section.
(D) Divisions (A) to (C) of this section do not apply to any decrease made to the toll rate structure by
the commission. The commission may implement a temporary decrease in the toll rate structure only if it does not

decrease, to inform them of any benefits and any negative consequences, and to give them the opportunity to
express their opinions as to the relative merits or drawbacks of each toll decrease. The commission shall inform
the public of the meeting by causing a notice to be published in newspapers of general circulation in Cuyahoga,
Lucas, Mahoning, Trumbull, Williams, and Summit counties not less than five days prior to the meeting. The
commission shall not be required to hold any public hearing or meeting upon the expiration of any temporary

immediately prior to the temporary decrease.

(E) As used in this section, "Ohio turnpike" means the toll freeway that is under the jurisdiction of the
commission and runs in an easterly and westerly direction across the entire northern portion of this state between

Sec. 5537.27. The Ohio turnpike and infrastructure commission, the director of transportation or the

In paying the cost of any turnpike project, the Ohio turnpike and infrastructure commission may
issue bonds and bond anticipation notes as permitted by this chapter, and may accept moneys from any source
to pay the cost of any portion of the turnpike project, including, but not limited to, the federal government, any

If a licensed motor fuel dealer sells motor fuel received by the licensed motor fuel dealer to another licensed motor fuel dealer, the seller may deduct on the report required by section 5735.06 of the Revised Code the number of gallons so sold for the month within which the motor fuel was sold or delivered. In this event the number of gallons is deemed to have been received by the purchaser, who shall report and pay the tax imposed thereon.

Sec. 5735.23. (A) Out of receipts from the tax levied by section 5735.05 of the Revised Code, the treasurer of state shall place to the credit of the tax refund fund established by section 5703.052 of the Revised Code amounts equal to the refunds certified by the tax commissioner pursuant to sections 5735.13, 5735.14, 5735.141, 5735.142, and 5735.16 of the Revised Code. (2) An amount equal to five cents multiplied by the number of gallons of motor fuel sold at stations operated by the Ohio turnpike and infrastructure commission, such gallonage to be certified by the commission to the treasurer of state not later than the last day of the month following. The funds paid to the commission pursuant to this section shall be expended for the construction, reconstruction, maintenance, and repair of turnpike projects, except that the funds may not be expended for the construction of new interchanges. The funds also may be expended for the construction, reconstruction, maintenance, and repair of those portions of connecting public roads that serve existing interchanges and are determined by the commission and the director of transportation to be necessary for the safe merging of traffic between the turnpike and those public roads.

If, in any of those months, the amount available to be credited or transferred to the bond service fund is less than one-sixth of the amount so certified, the shortfall shall be added to the amount due the next succeeding month. Any amount still due at the end of the six-month period shall be credited or transferred as the money becomes available, until such time as the office of budget and management receives certification from the treasurer of state or the treasurer of state's designee that sufficient money has been credited or transferred to the bond service fund to meet in full all payments of debt service and financing costs due during the fiscal year from that fund.

Sec. 5739.02. For the purpose of providing revenue with which to meet the needs of the state, for the use of the general revenue fund of the state, for the purpose of securing a thorough and efficient system of common schools throughout the state, for the purpose of affording revenues, in addition to those from general property taxes, permitted under constitutional limitations, and from other sources, for the support of local governmental functions, and for the purpose of reimbursing the state for the expense of administering this chapter, an excise tax is hereby levied on each retail sale made in this state.

(A)(1) The tax shall be collected as provided in section 5739.025 of the Revised Code. The rate of the tax shall be five and one-half per cent. The tax applies and is collectible when the sale is made, regardless of the time when the price is paid or delivered.

If the total amount of the consideration for the lease or rental includes amounts that are not calculated at the time the lease or rental is executed, the tax shall be calculated and collected by the vendor at the time such amounts are billed to the lessee or renter. In the case of an open-end lease or rental, the tax shall be calculated by the vendor on the basis of the total amount to be paid during the initial fixed term of the lease or rental, and for each subsequent renewal period as it comes due. As used in this division, "motor vehicle" has the same meaning as in section 4501.01 of the Revised Code, and "watercraft" includes an outdrive unit attached to the watercraft.

A lease with a renewal clause and a termination penalty or similar provision that applies if the renewal clause is not exercised is presumed to be a sham transaction. In such a case, the tax shall be calculated and paid on the basis of the entire length of the lease period, including any renewal periods, until the termination penalty or similar provision no longer applies. The taxpayer shall bear the burden, by a preponderance of the evidence, that the transaction or series of transactions is not a sham transaction.

Sec. 5747.01. Except as otherwise expressly provided or clearly appearing from the context, any term used in this chapter that is not otherwise defined in this section has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes or if not used in a comparable context in those laws, has the same meaning as in section 5733.40 of the Revised Code. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

As used in this chapter:

(A) "Adjusted gross income" or "Ohio adjusted gross income" means federal adjusted gross income, as defined and used in the Internal Revenue Code, adjusted as provided in this section:

(2) Add interest or dividends on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes.

(3) Deduct interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

(5) Deduct benefits under Title II of the Social Security Act and tier 1 railroad retirement benefits to the extent included in federal adjusted gross income under section 86 of the Internal Revenue Code.

"Undistributed net income of a trust" means the taxable income of the trust increased by (a)(i) the additions to adjusted gross income required under division (A) of this section and (ii) the personal exemptions allowed to the trust pursuant to section 642(b) of the Internal Revenue Code, and decreased by (b)(i) the deductions to adjusted gross income required under division (A) of this section, (ii) the amount of federal income taxes attributable to such income, and (iii) the amount of taxable income that has been included in the adjusted gross income.
income of a beneficiary by reason of a prior accumulation distribution. Any undistributed net income included in the adjusted gross income of a beneficiary shall reduce the undistributed net income of the trust commencing with the earliest years of the accumulation period.

(7) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal adjusted gross income for the taxable year, had the targeted jobs credit allowed and determined under sections 38, 51, and 52 of the Internal Revenue Code not been in effect.

(8) Deduct any interest or interest equivalent on public obligations and purchase obligations to the extent that the interest or interest equivalent is included in federal adjusted gross income.

No deduction for medical care insurance under division (A)(11) of this section shall be allowed either to any taxpayer who is eligible to participate in any subsidized health plan maintained by any employer of the taxpayer or of the taxpayer's spouse, or to any taxpayer who is entitled to, or on application would be entitled to, benefits under part A of Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. 301, as amended. For the purposes of division (A)(11)(a) of this section, "subsidized health plan" means a health plan for which the employer pays any portion of the plan's cost. The deduction allowed under division (A)(11)(a) of this section shall be the net of any related premium refunds, related premium reimbursements, or related insurance premium dividends received during the taxable year.

(b) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income during the taxable year, the amount the taxpayer paid during the taxable year, not compensated for by any insurance or otherwise, for medical care of the taxpayer, the taxpayer's spouse, and dependents, to the extent the expenses exceed seven and one-half per cent of the taxpayer's federal adjusted gross income.

(c) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income, any amount included in federal adjusted gross income under section 105 or not excluded under section 106 of the Internal Revenue Code solely because it relates to an accident and health plan for a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(d) For purposes of division (A)(11) of this section, "medical care" has the meaning given in section 213 of the Internal Revenue Code, subject to the special rules, limitations, and exclusions set forth therein, and "qualified long-term care" has the same meaning given in section 7702B(c) of the Internal Revenue Code. Solely
for purposes of divisions (A)(11)(a) and (c) of this section, "dependent" includes a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(12)(a) Deduct any amount included in federal adjusted gross income solely because the amount represents a reimbursement or refund of expenses that in any year the taxpayer had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable United States department of the treasury regulations. The deduction otherwise allowed under division (A)(12)(a) of this section shall be reduced to the extent the reimbursement is attributable to an amount the taxpayer deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio adjusted gross income for any taxable year to the extent that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in computing federal or Ohio adjusted gross income in any taxable year.

(13) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year;

(b) It does not otherwise reduce the taxpayer's adjusted gross income for the current or any other taxable year.

(14) Deduct an amount equal to the deposits made to, and net investment earnings of, a medical savings account during the taxable year, in accordance with section 3924.66 of the Revised Code. The deduction allowed by division (A)(14) of this section does not apply to medical savings account deposits and earnings otherwise deducted or excluded for the current or any other taxable year from the taxpayer's federal adjusted gross income.

(15)(a) Add an amount equal to the funds withdrawn from a medical savings account during the taxable year, and the net investment earnings on those funds, when the funds withdrawn were used for any purpose other than to reimburse an account holder for, or to pay, eligible medical expenses, in accordance with section 3924.66 of the Revised Code;

(b) Add the amounts distributed from a medical savings account under division (A)(2) of section 3924.68 of the Revised Code during the taxable year.

(16) Add any amount claimed as a credit under section 5747.059 or 5747.65 of the Revised Code to the extent that such amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal adjusted gross income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction of the taxpayer's federal adjusted gross income as required to be
reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(17) Deduct the amount contributed by the taxpayer to an individual development account program established by a county department of job and family services pursuant to sections 329.11 to 329.14 of the Revised Code for the purpose of matching funds deposited by program participants. On request of the tax commissioner, the taxpayer shall provide any information that, in the tax commissioner's opinion, is necessary to establish the amount deducted under division (A)(17) of this section.

(18) Beginning in taxable year 2001 but not for any taxable year beginning after December 31, 2005, if the taxpayer is married and files a joint return and the combined federal adjusted gross income of the taxpayer and the taxpayer's spouse for the taxable year does not exceed one hundred thousand dollars, or if the taxpayer is single and has a federal adjusted gross income for the taxable year not exceeding fifty thousand dollars, deduct amounts paid during the taxable year for qualified tuition and fees paid to an eligible institution for the taxpayer, the taxpayer's spouse, or any dependent of the taxpayer, who is a resident of this state and is enrolled in or attending a program that culminates in a degree or diploma at an eligible institution. The deduction may be claimed only to the extent that qualified tuition and fees are not otherwise deducted or excluded for any taxable year from federal or Ohio adjusted gross income. The deduction may not be claimed for educational expenses for which the taxpayer claims a credit under section 5747.27 of the Revised Code.

(19) Add any reimbursement received during the taxable year of any amount the taxpayer deducted under division (A)(18) of this section in any previous taxable year to the extent the amount is not otherwise included in Ohio adjusted gross income.

(20)(a)(i) Subject to divisions (A)(20)(a)(iii), (iv), and (v) of this section, add five-sixths of the amount of depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue Code, including the taxpayer's proportionate or distributive share of the amount of depreciation expense allowed by that subsection to a pass-through entity in which the taxpayer has a direct or indirect ownership interest.

(ii) Subject to divisions (A)(20)(a)(iii), (iv), and (v) of this section, add five-sixths of the amount of qualifying section 179 depreciation expense, including the taxpayer's proportionate or distributive share of the amount of qualifying section 179 depreciation expense allowed to any pass-through entity in which the taxpayer has a direct or indirect ownership interest.

(iv) Subject to division (A)(20)(a)(v) of this section, for taxable years beginning in 2012 or thereafter, a taxpayer is not required to add an amount under division (A)(20) of this section if the increase in income taxes withheld by the taxpayer and by any pass-through entity in which the taxpayer has a direct or indirect ownership interest is equal to or greater than the sum of (I) the amount of qualifying section 179 depreciation expense and (II) the amount of depreciation expense allowed to the taxpayer by subsection (k) of section 168 of the Internal Revenue Code, and including the taxpayer's proportionate or distributive shares of such amounts allowed to any such pass-through entities.

(v) If a taxpayer directly or indirectly incurs a net operating loss for the taxable year for federal income
tax purposes, to the extent such loss resulted from depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue Code and by qualifying section 179 depreciation expense, "the entire" shall be substituted for "five-sixths of the" for the purpose of divisions (A)(20)(a)(i) and (ii) of this section.

The tax commissioner, under procedures established by the commissioner, may waive the add-backs related to a pass-through entity if the taxpayer owns, directly or indirectly, less than five per cent of the pass-through entity.

(b) Nothing in division (A)(20) of this section shall be construed to adjust or modify the adjusted basis of any asset.

(c) To the extent the add-back required under division (A)(20)(a) of this section is attributable to property generating nonbusiness income or loss allocated under section 5747.20 of the Revised Code, the add-back shall be sitused to the same location as the nonbusiness income or loss generated by the property for the purpose of determining the credit under division (A) of section 5747.05 of the Revised Code. Otherwise, the add-back shall be apportioned, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(d) For the purposes of division (A)(20)(a)(v) of this section, net operating loss carryback and carryforward shall not include the allowance of any net operating loss deduction carryback or carryforward to the taxable year to the extent such loss resulted from depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount.

(e) For the purposes of divisions (A)(20) and (21) of this section:

(ii) One-half of the amount so added for each of the two succeeding taxable years if the amount so added was two-thirds of such depreciation expense;

(iii) One-sixth of the amount so added for each of the six succeeding taxable years if the entire amount of
such depreciation expense was so added.

(b) If the amount deducted under division (A)(21)(a) of this section is attributable to an add-back allocated under division (A)(20)(c) of this section, the amount deducted shall be sitused to the same location. Otherwise, the add-back shall be apportioned using the apportionment factors for the taxable year in which the deduction is taken, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(c) No deduction is available under division (A)(21)(a) of this section with regard to any depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount to the extent that such depreciation results in or increases a federal net operating loss carryback or carryforward. If no such deduction is available for a taxable year, the taxpayer may carry forward the amount not deducted in such taxable year to the next taxable year and add that amount to any deduction otherwise available under division (A)(21)(a) of this section for that next taxable year. (b) A trust is irrevocable to the extent that the transferor is not considered to be the owner of the net assets of the trust under sections 671 to 678 of the Internal Revenue Code.

c) With respect to a trust other than a charitable lead trust, "qualifying beneficiary" has the same meaning as "potential current beneficiary" as defined in section 1361(c)(2) of the Internal Revenue Code, and with respect to a charitable lead trust "qualifying beneficiary" is any current, future, or contingent beneficiary, but with respect to any trust "qualifying beneficiary" excludes a person or a governmental entity or instrumentality to any of which a contribution would qualify for the charitable deduction under section 170 of the Internal Revenue Code.

d) For the purposes of division (I)(3)(a) of this section, the extent to which a trust consists directly or indirectly, in whole or in part, of assets, net of any related liabilities, that were transferred directly or indirectly, in whole or part, to the trust by any of the sources enumerated in that division shall be ascertained by multiplying the fair market value of the trust's assets, net of related liabilities, by the qualifying ratio, which shall be computed as follows:

(i) The first time the trust receives assets, the numerator of the qualifying ratio is the fair market value of those assets at that time, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the qualifying ratio is the fair market value of all the trust's assets at that time, net of any related liabilities.

(ii) Each subsequent time the trust receives assets, a revised qualifying ratio shall be computed. The numerator of the revised qualifying ratio is the sum of (1) the fair market value of the trust's assets immediately prior to the subsequent transfer, net of any related liabilities, multiplied by the qualifying ratio last computed without regard to the subsequent transfer, and (2) the fair market value of the subsequently transferred assets at the time transferred, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the revised qualifying ratio is the fair market value of all the trust's assets immediately after the subsequent transfer, net of any related liabilities.

(iii) Whether a transfer to the trust is by or from any of the sources enumerated in division (I)(3)(a) of this section shall be ascertained without regard to the domicile of the trust's beneficiaries.

e) For the purposes of division (I)(3)(a)(i) of this section:

(i) A trust is described in division (I)(3)(e)(i) of this section if the trust is a testamentary trust and the testator of that testamentary trust was domiciled in this state at the time of the testator's death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(ii) A trust is described in division (I)(3)(e)(ii) of this section if the transfer is a qualifying transfer described in any of divisions (I)(3)(f)(i) to (vi) of this section, the trust is an irrevocable inter vivos trust, and at least one of the trust's qualifying beneficiaries is domiciled in this state for purposes of this chapter during all or some portion of the trust's current taxable year.

(f) For the purposes of division (I)(3)(e)(ii) of this section, a "qualifying transfer" is a transfer of assets,
net of any related liabilities, directly or indirectly to a trust, if the transfer is described in any of the following:

(i) The transfer is made to a trust, created by the decedent before the decedent's death and while the decedent was domiciled in this state for the purposes of this chapter, and, prior to the death of the decedent, the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(ii) The transfer is made to a trust to which the decedent, prior to the decedent's death, had directly or indirectly transferred assets, net of any related liabilities, while the decedent was domiciled in this state for the purposes of this chapter, and prior to the death of the decedent the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(iii) The transfer is made on account of a contractual relationship existing directly or indirectly between the transferor and either the decedent or the estate of the decedent at any time prior to the date of the decedent's death, and the decedent was domiciled in this state at the time of death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(iv) The transfer is made to a trust on account of a contractual relationship existing directly or indirectly between the transferor and another person who at the time of the decedent's death was domiciled in this state for purposes of this chapter.

(v) The transfer is made to a trust on account of the will of a testator who was domiciled in this state at the time of the testator's death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(vi) The transfer is made to a trust created by or caused to be created by a court, and the trust was directly or indirectly created in connection with or as a result of the death of an individual who, for purposes of the taxes levied under Chapter 5731. of the Revised Code, was domiciled in this state at the time of the individual's death.

(g) The tax commissioner may adopt rules to ascertain the part of a trust residing in this state.

(J) "Nonresident" means an individual or estate that is not a resident. An individual who is a resident for only part of a taxable year is a nonresident for the remainder of that taxable year.

(K) "Pass-through entity" has the same meaning as in section 5733.04 of the Revised Code.

(L) "Return" means the notifications and reports required to be filed pursuant to this chapter for the purpose of reporting the tax due and includes declarations of estimated tax when so required.

(M) "Taxable year" means the calendar year or the taxpayer's fiscal year ending during the calendar year, or fractional part thereof, upon which the adjusted gross income is calculated pursuant to this chapter.

(N) "Taxpayer" means any person subject to the tax imposed by section 5747.02 of the Revised Code or any pass-through entity that makes the election under division (D) of section 5747.08 of the Revised Code.

As used in sections 5747.50 to 5747.55 of the Revised Code:

(1) "Subdivision" means any county, municipal corporation, park district, or township.

(2) "Essential local government purposes" includes all functions that any subdivision is required by general law to exercise, including like functions that are exercised under a charter adopted pursuant to the Ohio Constitution.

"Overpayment" means any amount already paid that exceeds the figure determined to be the correct amount of the tax.

"Taxable income" or "Ohio taxable income" applies only to estates and trusts, and means federal taxable income, as defined and used in the Internal Revenue Code, adjusted as follows:

(1) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section:

(a) The net amount is not attributable to the S portion of an electing small business trust and has not been distributed to beneficiaries for the taxable year;

(b) The net amount is attributable to the S portion of an electing small business trust for the taxable year.

(2) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section;

(3) Add the amount of personal exemption allowed to the estate pursuant to section 642(b) of the Internal Revenue Code;

(4) Deduct interest or dividends, net of related expenses deducted in computing federal taxable income, on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are exempt from state taxes under the laws of the United States, but only to the extent that such amount is included in federal taxable income and is described in either division (S)(1)(a) or (b) of this section;

(5) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal taxable income for the taxable year, had the targeted jobs credit allowed under sections 38, 51, and 52 of the Internal Revenue Code not been in effect, but only to the extent such amount relates either to income included in federal taxable income for the taxable year or
to income of the S portion of an electing small business trust for the taxable year;

(6) Deduct any interest or interest equivalent, net of related expenses deducted in computing federal
taxable income, on public obligations and purchase obligations, but only to the extent that such net amount relates
either to income included in federal taxable income for the taxable year or to income of the S portion of an
electing small business trust for the taxable year;

(7) Add any loss or deduct any gain resulting from sale, exchange, or other disposition of public
obligations to the extent that such loss has been deducted or such gain has been included in computing either
federal taxable income or income of the S portion of an electing small business trust for the taxable year;

(8) Except in the case of the final return of an estate, add any amount deducted by the taxpayer on both
its Ohio estate tax return pursuant to section 5731.14 of the Revised Code, and on its federal income tax return
in determining federal taxable income;

(9)(a) Deduct any amount included in federal taxable income solely because the amount represents a
reimbursement or refund of expenses that in a previous year the decedent had deducted as an itemized deduction
pursuant to section 63 of the Internal Revenue Code and applicable treasury regulations. The deduction
otherwise allowed under division (S)(9)(a) of this section shall be reduced to the extent the reimbursement is
attributable to an amount the taxpayer or decedent deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio taxable income for any taxable year to the extent
that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in
computing federal or Ohio taxable income in any taxable year, but only to the extent such amount has not been
distributed to beneficiaries for the taxable year.

(10) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code,
for repaying previously reported income received under a claim of right, that meets both of the following
requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's taxable income or the
decedent's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or
(B) of section 5747.05 of the Revised Code for that year.

(b) It does not otherwise reduce the taxpayer's taxable income or the decedent's adjusted gross income
for the current or any other taxable year.

(11) Add any amount claimed as a credit under section 5747.059 or 5747.65
of the Revised Code to
the extent that the amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal taxable income
as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction in the taxpayer's federal taxable income as required to be
reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(12) Deduct any amount, net of related expenses deducted in computing federal taxable income, that a
trust is required to report as farm income on its federal income tax return, but only if the assets of the trust include
at least ten acres of land satisfying the definition of "land devoted exclusively to agricultural use" under section 5713.30 of the Revised Code, regardless of whether the land is valued for tax purposes as such land under sections 5713.30 to 5713.38 of the Revised Code. If the trust is a pass-through entity investor, section 5747.231 of the Revised Code applies in ascertaining if the trust is eligible to claim the deduction provided by division (S)(12) of this section in connection with the pass-through entity's farm income.

Except for farm income attributable to the S portion of an electing small business trust, the deduction provided by division (S)(12) of this section is allowed only to the extent that the trust has not distributed such farm income. Division (S)(12) of this section applies only to taxable years of a trust beginning in 2002 or thereafter.

(13) Add the net amount of income described in section 641(c) of the Internal Revenue Code to the extent that amount is not included in federal taxable income.

(14) Add or deduct the amount the taxpayer would be required to add or deduct under division (A)(20) or (21) of this section if the taxpayer's Ohio taxable income were computed in the same manner as an individual's Ohio adjusted gross income is computed under this section. In the case of a trust, division (S)(14) of this section applies only to any of the trust's taxable years beginning in 2002 or thereafter.

(T) "School district income" and "school district income tax" have the same meanings as in section 5748.01 of the Revised Code.

(U) As used in divisions (A)(8), (A)(9), (S)(6), and (S)(7) of this section, "public obligations," "purchase obligations," and "interest or interest equivalent" have the same meanings as in section 5709.76 of the Revised Code.

(V) "Limited liability company" means any limited liability company formed under Chapter 1705. of the Revised Code or under the laws of any other state.

(W) "Pass-through entity investor" means any person who, during any portion of a taxable year of a pass-through entity, is a partner, member, shareholder, or equity investor in that pass-through entity.

(X) "Banking day" has the same meaning as in section 1304.01 of the Revised Code.

(Y) "Month" means a calendar month.

(Z) "Quarter" means the first three months, the second three months, the third three months, or the last three months of the taxpayer's taxable year.

(AA)(1) "Eligible institution" means a state university or state institution of higher education as defined in section 3345.011 of the Revised Code, or a private, nonprofit college, university, or other post-secondary institution located in this state that possesses a certificate of authorization issued by the Ohio board of regents pursuant to Chapter 1713. of the Revised Code or a certificate of registration issued by the state board of career colleges and schools under Chapter 3332. of the Revised Code.

(2) "Qualified tuition and fees" means tuition and fees imposed by an eligible institution as a condition of enrollment or attendance, not exceeding two thousand five hundred dollars in each of the individual's first two years of post-secondary education. If the individual is a part-time student, "qualified tuition and fees" includes
tuition and fees paid for the academic equivalent of the first two years of post-secondary education during a maximum of five taxable years, not exceeding a total of five thousand dollars. "Qualified tuition and fees" does not include:

(a) Expenses for any course or activity involving sports, games, or hobbies unless the course or activity is part of the individual's degree or diploma program;

(b) The cost of books, room and board, student activity fees, athletic fees, insurance expenses, or other expenses unrelated to the individual's academic course of instruction;

(c) Tuition, fees, or other expenses paid or reimbursed through an employer, scholarship, grant in aid, or other educational benefit program.

(BB)(1) "Modified business income" means the business income included in a trust's Ohio taxable income after such taxable income is first reduced by the qualifying trust amount, if any.

(2) "Qualifying trust amount" of a trust means capital gains and losses from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, a qualifying investee to the extent included in the trust's Ohio taxable income, but only if the following requirements are satisfied:

(a) The book value of the qualifying investee's physical assets in this state and everywhere, as of the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, is available to the trust.

(b) The requirements of section 5747.011 of the Revised Code are satisfied for the trust's taxable year in which the trust recognizes the gain or loss.

Any gain or loss that is not a qualifying trust amount is modified business income, qualifying investment income, or modified nonbusiness income, as the case may be.

(3) "Modified nonbusiness income" means a trust's Ohio taxable income other than modified business income, other than the qualifying trust amount, and other than qualifying investment income, as defined in section 5747.012 of the Revised Code, to the extent such qualifying investment income is not otherwise part of modified business income.

(4) "Modified Ohio taxable income" applies only to trusts, and means the sum of the amounts described in divisions (BB)(4)(a) to (c) of this section:

(a) The fraction, calculated under section 5747.013, and applying section 5747.231 of the Revised Code, multiplied by the sum of the following amounts:

(i) The trust's modified business income;

(ii) The trust's qualifying investment income, as defined in section 5747.012 of the Revised Code, but only to the extent the qualifying investment income does not otherwise constitute modified business income and does not otherwise constitute a qualifying trust amount.

(b) The qualifying trust amount multiplied by a fraction, the numerator of which is the sum of the book
value of the qualifying investee's physical assets in this state on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount, and the denominator of which is the sum of the book value of the qualifying investee's total physical assets everywhere on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount. If, for a taxable year, the trust recognizes a qualifying trust amount with respect to more than one qualifying investee, the amount described in division (BB)(4)(b) of this section shall equal the sum of the products so computed for each such qualifying investee.

(c)(i) With respect to a trust or portion of a trust that is a resident as ascertained in accordance with division (I)(3)(d) of this section, its modified nonbusiness income.

(ii) With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the amount of its modified nonbusiness income satisfying the descriptions in divisions (B)(2) to (5) of section 5747.20 of the Revised Code, except as otherwise provided in division (BB)(4)(c)(ii) of this section. With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the trust's portion of modified nonbusiness income recognized from the sale, exchange, or other disposition of a debt interest in or equity interest in a section 5747.212 entity, as defined in section 5747.212 of the Revised Code, without regard to division (A) of that section, shall not be allocated to this state in accordance with section 5747.20 of the Revised Code but shall be apportioned to this state in accordance with division (B) of section 5747.212 of the Revised Code without regard to division (A) of that section.

If the allocation and apportionment of a trust's income under divisions (BB)(4)(a) and (c) of this section do not fairly represent the modified Ohio taxable income of the trust in this state, the alternative methods described in division (C) of section 5747.21 of the Revised Code may be applied in the manner and to the same extent provided in that section.

(5)(a) Except as set forth in division (BB)(5)(b) of this section, "qualifying investee" means a person in which a trust has an equity or ownership interest, or a person or unit of government the debt obligations of either of which are owned by a trust. For the purposes of division (BB)(2)(a) of this section and for the purpose of computing the fraction described in division (BB)(4)(b) of this section, all of the following apply:

(i) If the qualifying investee is a member of a qualifying controlled group on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, then "qualifying investee" includes all persons in the qualifying controlled group on such last day.

(ii) If the qualifying investee, or if the qualifying investee and any members of the qualifying controlled group of which the qualifying investee is a member on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, separately or cumulatively own, directly or indirectly, on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount, more than fifty per cent of the equity of a pass-through entity, then the qualifying investee and the other members are deemed to own the proportionate share of the pass-through entity's physical assets which the pass-through entity directly or indirectly owns on the last day of the pass-through entity's calendar or fiscal year ending within or with the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount.
(iii) For the purposes of division (BB)(5)(a)(iii) of this section, "upper level pass-through entity" means a pass-through entity directly or indirectly owning any equity of another pass-through entity, and "lower level pass-through entity" means that other pass-through entity.

An upper level pass-through entity, whether or not it is also a qualifying investee, is deemed to own, on the last day of the upper level pass-through entity's calendar or fiscal year, the proportionate share of the lower level pass-through entity's physical assets that the lower level pass-through entity directly or indirectly owns on the last day of the lower level pass-through entity's calendar or fiscal year ending within or with the last day of the upper level pass-through entity's fiscal or calendar year. If the upper level pass-through entity directly and indirectly owns less than fifty per cent of the equity of the lower level pass-through entity on each day of the upper level pass-through entity's calendar or fiscal year in which or with which ends the calendar or fiscal year of the lower level pass-through entity and if, based upon clear and convincing evidence, complete information about the location and cost of the physical assets of the lower pass-through entity is not available to the upper level pass-through entity, then solely for purposes of ascertaining if a gain or loss constitutes a qualifying trust amount, the upper level pass-through entity shall be deemed as owning no equity of the lower level pass-through entity for each day during the upper level pass-through entity's calendar or fiscal year in which or with which ends the lower level pass-through entity's calendar or fiscal year. Nothing in division (BB)(5)(a)(iii) of this section shall be construed to provide for any deduction or exclusion in computing any trust's Ohio taxable income.

(b) With respect to a trust that is not a resident for the taxable year and with respect to a part of a trust that is not a resident for the taxable year, "qualifying investee" for that taxable year does not include a C corporation if both of the following apply:

(i) During the taxable year the trust or part of the trust recognizes a gain or loss from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, the C corporation.

(ii) Such gain or loss constitutes nonbusiness income.

(6) "Available" means information is such that a person is able to learn of the information by the due date plus extensions, if any, for filing the return for the taxable year in which the trust recognizes the gain or loss.

(CC) "Qualifying controlled group" has the same meaning as in section 5733.04 of the Revised Code.

The trustee shall notify the tax commissioner in writing of the election on or before April 15, 2006. The election, if timely made, shall be effective on and after January 1, 2006, and shall apply for all tax periods and tax years until revoked by the trustee of the trust.

(2) A public utility that paid the excise tax imposed by section 5727.24 or 5727.30 of the Revised Code based on one or more measurement periods that include the entire tax period under this chapter, except that a public utility that is a combined company is a taxpayer with regard to the following gross receipts:

(a) Taxable gross receipts directly attributed to a public utility activity, but not directly attributed to an activity that is subject to the excise tax imposed by section 5727.24 or 5727.30 of the Revised Code;

(b) Taxable gross receipts that cannot be directly attributed to any activity, multiplied by a fraction whose numerator is the taxable gross receipts described in division (E)(2)(a) of this section and whose denominator is the total taxable gross receipts that can be directly attributed to any activity;

(c) Except for any differences resulting from the use of an accrual basis method of accounting for purposes of determining gross receipts under this chapter and the use of the cash basis method of accounting for purposes of determining gross receipts under section 5727.24 of the Revised Code, the gross receipts directly attributed to the activity of a natural gas company shall be determined in a manner consistent with division (D) of section 5727.03 of the Revised Code.

As used in division (F)(2)(c) of this section, "hedging transaction" has the same meaning as used in section 1221 of the Internal Revenue Code and
also includes transactions accorded hedge accounting treatment under statement of financial accounting standards number 133 of the financial accounting standards board. For the purposes of division (F)(2)(c) of this section, the actual transfer of title of real or tangible personal property to another entity is not a hedging transaction.

(m) Tax refunds, other tax benefit recoveries, and reimbursements for the tax imposed under this chapter made by entities that are part of the same combined taxpayer or consolidated elected taxpayer group, and reimbursements made by entities that are not members of a combined taxpayer or consolidated elected taxpayer group that are required to be made for economic parity among multiple owners of an entity whose tax obligation under this chapter is required to be reported and paid entirely by one owner, pursuant to the requirements of sections 5751.011 and 5751.012 of the Revised Code;

(x) Property, money, and other amounts received by a professional employer organization, as defined in section 4125.01 of the Revised Code, from a client employer, as defined in that section, in excess of the administrative fee charged by the professional employer organization to the client employer;

(y) In the case of amounts retained as commissions by a permit holder under Chapter 3769. of the Revised Code, an amount equal to the amounts specified under that chapter that must be paid to or collected by the tax commissioner as a tax and the amounts specified under that chapter to be used as purse money;
(z) Qualifying distribution center receipts.

(i) For purposes of division (F)(2)(z) of this section:

(I) "Qualifying distribution center receipts" means receipts of a supplier from qualified property that is delivered to a qualified distribution center, multiplied by a quantity that equals one minus the Ohio delivery percentage. If the qualified distribution center is a refining facility, "supplier" includes all dealers, brokers, processors, sellers, vendors, cosigners, and distributors of qualified property.

(II) "Qualified property" means tangible personal property delivered to a qualified distribution center that is shipped to that qualified distribution center solely for further shipping by the qualified distribution center to another location in this state or elsewhere or, in the case of gold, silver, platinum, or palladium delivered to a refining facility solely for refining to a grade and fineness acceptable for delivery to a registered commodities exchange. "Further shipping" includes storing and repackaging property into smaller or larger bundles, so long as the property is not subject to further manufacturing or processing. "Refining" is limited to extracting impurities from gold, silver, platinum, or palladium through smelting or some other process at a refining facility.

(III) "Qualified distribution center" means a warehouse, a facility similar to a warehouse, or a refining facility in this state that, for the qualifying year, is operated by a person that is not part of a combined taxpayer group and that has a qualifying certificate. All warehouses or facilities similar to warehouses that are operated by persons in the same taxpayer group and that are located within one mile of each other shall be treated as one qualified distribution center. All refining facilities that are operated by persons in the same taxpayer group and that are located in the same or adjacent counties may be treated as one qualified distribution center.

(IV) "Qualifying year" means the calendar year to which the qualifying certificate applies.

(V) "Qualifying period" means the period of the first day of July of the second year preceding the qualifying year through the thirtieth day of June of the year preceding the qualifying year.

(VI) "Qualifying certificate" means the certificate issued by the tax commissioner after the operator of a distribution center files an annual application with the commissioner. The application and annual fee shall be filed and paid for each qualified distribution center on or before the first day of September before the qualifying year or within forty-five days after the distribution center opens, whichever is later.

The applicant must substantiate to the commissioner's satisfaction that, for the qualifying period, all persons operating the distribution center have more than fifty per cent of the cost of the qualified property shipped to a location such that it would be sitused outside this state under the provisions of division (E) of section 5751.033 of the Revised Code. The applicant must also substantiate that the distribution center cumulatively had costs from its suppliers equal to or exceeding five hundred million dollars during the qualifying period. (For purposes of division (F)(2)(z)(i)(VI) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.) The commissioner may require the applicant to have an independent certified public accountant certify that the calculation of the minimum thresholds required for a qualified distribution center by the operator of a distribution center has been made in accordance with generally accepted accounting principles. The commissioner shall issue or deny the issuance of a certificate within sixty days after the receipt of the application. A denial is subject to appeal under section 5717.02 of the Revised Code. If the operator files a timely appeal under section 5717.02 of the Revised Code, the operator shall be granted a qualifying certificate, provided that the operator is liable for

any tax, interest, or penalty upon amounts claimed as qualifying distribution center receipts, other than those receipts exempt under division (C)(1) of section 5751.011 of the Revised Code, that would have otherwise not been owed by its suppliers if the qualifying certificate was valid.

(VII) "Ohio delivery percentage" means the proportion of the total property delivered to a destination inside Ohio from the qualified distribution center during the qualifying period compared with total deliveries from such distribution center everywhere during the qualifying period.

(VIII) "Refining facility" means one or more buildings located in a county in the Appalachian region of this state as defined by section 107.21 of the Revised Code and utilized for refining or smelting gold, silver, platinum, or palladium to a grade and fineness acceptable for delivery to a registered commodities exchange.

(IX) "Registered commodities exchange" means a board of trade, such as New York mercantile exchange, inc. or commodity exchange, inc., designated as a contract market by the commodity futures trading commission under the "Commodity Exchange Act," 7 U.S.C. 1 et seq., as amended.

(ii) If the distribution center is new and was not open for the entire qualifying period, the operator of the distribution center may request that the commissioner grant a qualifying certificate. If the certificate is granted and it is later determined that more than fifty per cent of the qualified property during that year was not shipped to a location such that it would be situated outside of this state under the provisions of division (E) of section 5751.033 of the Revised Code or if it is later determined that the person that operates the distribution center had average monthly costs from its suppliers of less than forty million dollars during that year, then the operator of the distribution center shall be liable for any tax, interest, or penalty upon amounts claimed as qualifying distribution center receipts, other than those receipts exempt under division (C)(1) of section 5751.011 of the Revised Code, that would have not otherwise been owed by its suppliers during the qualifying year if the qualifying certificate was valid. (For purposes of division (F)(2)(z)(ii) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.)

(iii) When filing an application for a qualifying certificate under division (F)(2)(z)(i)(VI) of this section, the operator of a qualified distribution center also shall provide documentation, as the commissioner requires, for the commissioner to ascertain the Ohio delivery percentage. The commissioner, upon issuing the qualifying certificate, also shall certify the Ohio delivery percentage. The operator of the qualified distribution center may appeal the commissioner's certification of the Ohio delivery percentage in the same manner as an appeal is taken from the denial of a qualifying certificate under division (F)(2)(z)(i)(VI) of this section.

Within thirty days after all appeals have been exhausted, the operator of the qualified distribution center shall notify the affected suppliers of qualified property that such suppliers are required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed. The supplier of tangible personal property delivered to the qualified distribution center shall include in its report of taxable gross receipts the receipts from the total sales of property delivered to the qualified distribution center for the calendar quarter or calendar year, whichever the case may be, multiplied by the Ohio delivery percentage for the qualifying year. Nothing in division (F)(2)(z)(iii) of this section shall be construed as imposing liability on the operator of a qualified distribution center for the tax imposed by this chapter arising from any change to the Ohio delivery percentage.
(iv) In the case where the distribution center is new and not open for the entire qualifying period, the operator shall make a good faith estimate of an Ohio delivery percentage for use by suppliers in their reports of taxable gross receipts for the remainder of the qualifying period. The operator of the facility shall disclose to the suppliers that such Ohio delivery percentage is an estimate and is subject to recalculation. By the due date of the next application for a qualifying certificate, the operator shall determine the actual Ohio delivery percentage for the estimated qualifying period and proceed as provided in division (F)(2)(z)(iii) of this section with respect to the calculation and recalculation of the Ohio delivery percentage. The supplier is required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed.

(v) Qualifying certificates and Ohio delivery percentages issued by the commissioner shall be open to public inspection and shall be timely published by the commissioner. A supplier relying in good faith on a certificate issued under this division shall not be subject to tax on the qualifying distribution center receipts under division (F)(2)(z) of this section. A person receiving a qualifying certificate is responsible for paying the tax, interest, and penalty upon amounts claimed as qualifying distribution center receipts that would not otherwise have been owed by the supplier if the qualifying certificate were available when it is later determined that the qualifying certificate should not have been issued because the statutory requirements were in fact not met.

(vi) The annual fee for a qualifying certificate shall be one hundred thousand dollars for each qualified distribution center. If a qualifying certificate is not issued, the annual fee is subject to refund after the exhaustion of all appeals provided for in division (F)(2)(z)(i)(VI) of this section. The fee imposed under this division may be assessed in the same manner as the tax imposed under this chapter. The first one hundred thousand dollars of the annual application fees collected each calendar year shall be credited to the revenue enhancement fund. The remainder of the annual application fees collected shall be distributed in the same manner required under section 5751.20 of the Revised Code.

(vii) The tax commissioner may require that adequate security be posted by the operator of the distribution center on appeal when the commissioner disagrees that the applicant has met the minimum thresholds for a qualified distribution center as set forth in divisions (F)(2)(z)(i)(VI) and (F)(2)(z)(ii) of this section.

(aa) Receipts of an employer from payroll deductions relating to the reimbursement of the employer for advancing moneys to an unrelated third party on an employee's behalf;

(bb) Cash discounts allowed and taken;

(cc) Returns and allowances;

(dd) Bad debts from receipts on the basis of which the tax imposed by this chapter was paid in a prior quarterly tax payment period. For the purpose of this division, "bad debts" means any debts that have become worthless or uncollectible between the preceding and current quarterly tax payment periods, have been uncollected for at least six months, and that may be claimed as a deduction under section 166 of the Internal Revenue Code and the regulations adopted under that section, or that could be claimed as such if the taxpayer kept its accounts on the accrual basis. "Bad debts" does not include repossessed property, uncollectible amounts on property that remains in the possession of the taxpayer until the full purchase price is paid, or expenses in attempting to collect any account receivable or for any portion of the debt recovered;
(ee) Any amount realized from the sale of an account receivable to the extent the receipts from the underlying transaction giving rise to the account receivable were included in the gross receipts of the taxpayer;

(ff) Any receipts directly attributed to providing public services pursuant to sections 126.60 to 126.605 of the Revised Code, or any receipts directly attributed to a transfer agreement or to the enterprise transferred under that agreement under section 4313.02 of the Revised Code.

(gg)(i) As used in this division:

(I) "Qualified uranium receipts" means receipts from the sale, exchange, lease, loan, production, processing, or other disposition of uranium within a uranium enrichment zone certified by the tax commissioner under division (F)(2)(gg)(ii) of this section. "Qualified uranium receipts" does not include any receipts with a situs in this state outside a uranium enrichment zone certified by the tax commissioner under division (F)(2)(gg)(ii) of this section.

(II) "Uranium enrichment zone" means all real property that is part of a uranium enrichment facility licensed by the United States nuclear regulatory commission and that was or is owned or controlled by the United States department of energy or its successor.

(ii) Any person that owns, leases, or operates real or tangible personal property constituting or located within a uranium enrichment zone may apply to the tax commissioner to have the uranium enrichment zone certified for the purpose of excluding qualified uranium receipts under division (F)(2)(gg) of this section. The application shall include such information that the tax commissioner prescribes. Within sixty days after receiving the application, the tax commissioner shall certify the zone for that purpose if the commissioner determines that the property qualifies as a uranium enrichment zone as defined in division (F)(2)(gg) of this section, or, if the tax commissioner determines that the property does not qualify, the commissioner shall deny the application or request additional information from the applicant. If the tax commissioner denies an application, the commissioner shall state the reasons for the denial. The applicant may appeal the denial of an application to the board of tax appeals pursuant to section 5717.02 of the Revised Code. If the applicant files a timely appeal, the tax commissioner shall conditionally certify the applicant's property. The conditional certification shall expire when all of the applicant's appeals are exhausted. Until final resolution of the appeal, the applicant shall retain the applicant's records in accordance with section 5751.12 of the Revised Code, notwithstanding any time limit on the preservation of records under that section.

(hh) Amounts realized by licensed motor fuel dealers or licensed permissive motor fuel dealers from the exchange of petroleum products, including motor fuel, between such dealers, provided that delivery of the petroleum products occurs at a refinery, terminal, pipeline, or marine vessel and that the exchanging dealers agree neither dealer shall require monetary compensation from the other for the value of the exchanged petroleum products other than such compensation for differences in product location or grade. Division (F)(2)(hh) of this section does not apply to amounts realized as a result of differences in location or grade of exchanged petroleum products or from handling, lubricity, dye, or other additive injections fees, pipeline security fees, or similar fees. As used in this division, "motor fuel," "licensed motor fuel dealer," "licensed permissive motor fuel dealer," and "terminal" have the same meanings as in section 5735.01 of the Revised Code.

(ii) In the case of amounts collected by a licensed casino operator from casino gaming, amounts in excess of the casino operator's gross casino revenue. In this division, "casino operator" and "casino gaming" have the meanings defined in section 3772.01 of the Revised Code, and "gross casino revenue" has the meaning defined in
section 5753.01 of the Revised Code.

(jj) Any receipts for which the tax imposed by this chapter is prohibited by the constitution or laws of the United States or the constitution of this state.

(3) In the case of a taxpayer when acting as a real estate broker, "gross receipts" includes only the portion of any fee for the service of a real estate broker, or service of a real estate salesperson associated with that broker, that is retained by the broker and not paid to an associated real estate salesperson or another real estate broker. For the purposes of this division, "real estate broker" and "real estate salesperson" have the same meanings as in section 4735.01 of the Revised Code.

(4) A taxpayer's method of accounting for gross receipts for a tax period shall be the same as the taxpayer's method of accounting for federal income tax purposes for the taxpayer's federal taxable year that includes the tax period. If a taxpayer's method of accounting for federal income tax purposes changes, its method of accounting for gross receipts under this chapter shall be changed accordingly.

(G) "Taxable gross receipts" means gross receipts situated to this state under section 5751.033 of the Revised Code.

(H) A person has "substantial nexus with this state" if any of the following applies. The person:

(1) Owns or uses a part or all of its capital in this state;

(2) Holds a certificate of compliance with the laws of this state authorizing the person to do business in this state;

(I) A person has "bright-line presence" in this state for a reporting period and for the remaining portion of the calendar year if any of the following applies. The person:

Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

Sec. 5751.02. (A) For the purpose of funding the needs of this state and its local governments beginning with the tax period that commences July 1, 2005, and continuing for every tax period thereafter and providing revenue to the commercial activity tax motor fuel receipts fund, there is hereby levied a commercial activity tax on each person with taxable gross receipts for the privilege of doing business in this state. For the purposes of
this chapter, "doing business" means engaging in any activity, whether legal or illegal, that is conducted for, or results in, gain, profit, or income, at any time during the a calendar year. Persons on which the commercial activity tax is levied include, but are not limited to, persons with substantial nexus with this state. The tax imposed under this section is not a transactional tax and is not subject to Public Law No. 86-272, 73 Stat. 555. The tax imposed under this section is in addition to any other taxes or fees imposed under the Revised Code. The tax levied under this section is imposed on the person receiving the gross receipts and is not a tax imposed directly on a purchaser. The tax imposed by this section is an annual privilege tax for the calendar year that, in the case of calendar year taxpayers, is the annual tax period and, in the case of calendar quarter taxpayers, contains all quarterly tax periods in the calendar year. A taxpayer is subject to the annual privilege tax for doing business during any portion of such calendar year.

(B) The tax imposed by this section is a tax on the taxpayer and shall not be billed or invoiced to another person. Even if the tax or any portion thereof is billed or invoiced and separately stated, such amounts remain part of the price for purposes of the sales and use taxes levied under Chapters 5739. and 5741. of the Revised Code. Nothing in division (B) of this section prohibits:

(1) A person from including in the price charged for a good or service an amount sufficient to recover the tax imposed by this section; or

(2) A lessor from including an amount sufficient to recover the tax imposed by this section in a lease payment charged, or from including such an amount on a billing or invoice pursuant to the terms of a written lease agreement providing for the recovery of the lessor's tax costs. The recovery of such costs shall be based on an estimate of the total tax cost of the lessor during the tax period, as the tax liability of the lessor cannot be calculated until the end of that period.

Sec. 5751.051. (A)(1) Not later than the tenth day of the second month after the end of each calendar quarter, every taxpayer other than a calendar year taxpayer shall file with the tax commissioner a tax return in such form as the commissioner prescribes. The return shall include, but is not limited to, the amount of the taxpayer's taxable gross receipts for the calendar quarter and shall indicate the amount of tax due under section 5751.03 of the Revised Code for the calendar quarter. The taxpayer shall indicate on the return the portion of the taxpayer's receipts attributable to motor fuel used for propelling vehicles on public highways.

(2)(a) Subject to division (C) of section 5751.05 of the Revised Code, a calendar quarter taxpayer shall report the taxable gross receipts for that calendar quarter.

(b) With respect to taxable gross receipts incorrectly reported in a calendar quarter that has a lower tax rate, the tax shall be computed at the tax rate in effect for the quarterly return in which such receipts should have been reported. Nothing in division (A)(2)(b) of this section prohibits a taxpayer from filing an application for refund under section 5751.08 of the Revised Code with regard to the incorrect reporting of taxable gross receipts discovered after filing the annual return described in division (A)(3) of this section.

A tax return shall not be deemed to be an incorrect reporting of taxable gross receipts for the purposes of division (A)(2)(b) of this section if the return reflects between ninety-five and one hundred five per cent of the actual taxable gross receipts for the calendar quarter.

(3) For the purposes of division (A)(2)(b) of this section, the tax return filed for the fourth calendar quarter of a calendar year is the annual return for the privilege tax imposed by this chapter. Such return shall
report any additional taxable gross receipts not previously reported in the calendar year and shall adjust for any over-reported taxable gross receipts in the calendar year. If the taxpayer ceases to be a taxpayer before the end of the calendar year, the last return the taxpayer is required to file shall be the annual return for the taxpayer and the taxpayer shall report any additional taxable gross receipts not previously reported in the calendar year and shall adjust for any over-reported taxable gross receipts in the calendar year. Taxpayers reporting taxable gross receipts attributable to motor fuel used for propelling vehicles on public highways may not utilize the statutory estimation procedure provided in divisions (A)(2) and (3) of this section.

(4) Because the tax imposed by this chapter is a privilege tax, the tax rate with respect to taxable gross receipts for a calendar quarter is not fixed until the end of the measurement period for each calendar quarter. Subject to division (A)(2)(b) of this section, the total amount of taxable gross receipts reported for a given calendar quarter shall be subject to the tax rate in effect in that quarter.

(5) Not later than the tenth day of May following the end of each calendar year, every calendar year taxpayer shall file with the tax commissioner a tax return in such form as the commissioner prescribes. The return shall include, but is not limited to, the amount of the taxpayer's taxable gross receipts for the calendar year and shall indicate the amount of tax due under section 5751.03 of the Revised Code for the calendar year. The taxpayer shall indicate on the return the portion of the taxpayer's receipts attributable to motor fuel used for propelling vehicles on public highways.

(B)(1) A person that first becomes subject to the tax imposed under this chapter shall pay the minimum tax imposed under division (B) of section 5751.03 of the Revised Code on or before the day the return is required to be filed for that quarter under division (A)(1) of this section, regardless of whether the person registers as a calendar year taxpayer under section 5751.05 of the Revised Code.

(2) The amount of the minimum tax for a person subject to division (B)(1) of this section shall be reduced to seventy-five dollars if the registration is timely filed after the first day of May and before the first day of January of the following calendar year.

Sec. 5751.20. (A) As used in sections 5751.20 to 5751.22 of the Revised Code:

(1) "School district," "joint vocational school district," "local taxing unit," "recognized valuation," "fixed-rate levy," and "fixed-sum levy" have the same meanings as used in section 5727.84 of the Revised Code.

(2) "State education aid" for a school district means the following:

In computing the fixed-rate levy losses under divisions (D)(1), (2), and (3) of this section for any school district, joint vocational school district, or local taxing unit to which division (C)(5) of this section applies, the taxable value of such property as listed on the general tax list of personal property for tax year 2000 shall be substituted for the taxable value of such property as reported by taxpayers for tax year 2004, in the taxing district containing the uranium facility, if the taxable value listed for tax year 2000 is greater than the taxable value reported by taxpayers for tax year 2004. For the purpose of making the computations under divisions (D)(1), (2), and (3) of this section, the tax year 2000 valuation is to be allocated to machinery and equipment, inventory, and furniture and fixtures property in the same proportions as the tax year 2004 values. For the purpose of the calculations in division (A) of section 5751.21 of the Revised Code, the tax year 2004 taxable values shall be used.

To facilitate the calculations required under division (C) of this section, the county auditor, upon request from the tax commissioner, shall provide by August 1, 2005, the values of machinery and equipment, inventory, and furniture and fixtures for all single-county personal property taxpayers for tax year 2004.

(D) Not later than September 15, 2005, the tax commissioner shall determine for each tax year from 2006 through 2009 for each school district, joint vocational school district, and local taxing unit its machinery and equipment, inventory, and furniture and fixtures fixed-rate levy losses, and for each tax year from 2006 through 2011 its telephone property fixed-rate levy loss. Except as provided in division (F) of this section, such losses are the applicable amounts described in divisions (D)(1), (2), (3), and (4) of this section:

(1) The machinery and equipment fixed-rate levy loss is the machinery and equipment property tax value loss multiplied by the sum of the tax rates of fixed-rate qualifying levies.

(2) The inventory fixed-rate loss is the inventory property tax value loss multiplied by the sum of the tax rates of fixed-rate qualifying levies.

(3) The furniture and fixtures fixed-rate levy loss is the furniture and fixture property tax value loss multiplied by the sum of the tax rates of fixed-rate qualifying levies.

(4) The telephone property fixed-rate levy loss is the telephone property tax value loss multiplied by the sum of the tax rates of fixed-rate qualifying levies.

(E) Not later than September 15, 2005, the tax commissioner shall determine for each school district, joint vocational school district, and local taxing unit its fixed-sum levy loss. The fixed-sum levy loss is the amount obtained by subtracting the amount described in division (E)(2) of this section from the amount described in division (E)(1) of this section:

(1) The sum of the machinery and equipment property tax value loss, the inventory property tax value loss, and the furniture and fixtures property tax value loss, and, for 2008 through 2010, the telephone property tax value loss of the district or unit multiplied by the sum of the fixed-sum tax rates of qualifying levies. For 2006 through 2010, this computation shall include all qualifying levies remaining in effect for the current tax year and any school district levies charged and payable under section 5705.194 or 5705.213 of the Revised Code that are qualifying levies not remaining in effect for the current year. For 2011 through 2017 in the case of school district levies charged and payable under section 5705.194 or 5705.213 of the Revised Code and for all years
after 2010 in the case of other fixed-sum levies, this computation shall include only qualifying levies remaining in effect for the current year. For purposes of this computation, a qualifying school district levy charged and payable under section 5705.194 or 5705.213 of the Revised Code remains in effect in a year after 2010 only if, for that year, the board of education levies a school district levy charged and payable under section 5705.194, 5705.199, 5705.213, or 5705.219 of the Revised Code for an annual sum at least equal to the annual sum levied by the board in tax year 2004 less the amount of the payment certified under this division for 2006.

(2) The total taxable value in tax year 2004 less the sum of the machinery and equipment, inventory, furniture and fixtures, and telephone property tax value losses in each school district, joint vocational school district, and local taxing unit multiplied by one-half of one mill per dollar.

(3) For the calculations in divisions (E)(1) and (2) of this section, the tax value losses are those that would be calculated for tax year 2009 under divisions (C)(1), (2), and (3) of this section and for tax year 2011 under division (C)(4) of this section.

(4) To facilitate the calculation under divisions (D) and (E) of this section, not later than September 1, 2005, any school district, joint vocational school district, or local taxing unit that has a qualifying levy that was approved at an election conducted during 2005 before September 1, 2005, shall certify to the tax commissioner a copy of the county auditor's certificate of estimated property tax millage for such levy as required under division (B) of section 5705.03 of the Revised Code, which is the rate that shall be used in the calculations under such divisions.

If the amount determined under division (E) of this section for any school district, joint vocational school district, or local taxing unit is greater than zero, that amount shall equal the reimbursement to be paid pursuant to division (E) of section 5751.21 or division (A)(3) of section 5751.22 of the Revised Code, and the one-half of one mill that is subtracted under division (E)(2) of this section shall be apportioned among all contributing fixed-sum levies in the proportion that each levy bears to the sum of all fixed-sum levies within each school district, joint vocational school district, or local taxing unit.

(F) If a school district levies a tax under section 5705.219 of the Revised Code, the fixed-rate levy loss for qualifying levies, to the extent repealed under that section, shall equal the sum of the following amounts in lieu of the amounts computed for such levies under division (D) of this section:

(1) The sum of the rates of qualifying levies to the extent so repealed multiplied by the sum of the machinery and equipment, inventory, and furniture and fixtures tax value losses for 2009 as determined under that division;

(2) The sum of the rates of qualifying levies to the extent so repealed multiplied by the telephone property tax value loss for 2011 as determined under that division.

The fixed-rate levy losses for qualifying levies to the extent not repealed under section 5705.219 of the Revised Code shall be as determined under division (D) of this section. The revised fixed-rate levy losses determined under this division and division (D) of this section first apply in the year following the first year the district levies the tax under section 5705.219 of the Revised Code.

(G) Not later than October 1, 2005, the tax commissioner shall certify to the department of education for every school district and joint vocational school district the machinery and equipment, inventory, furniture and
fixtures, and telephone property tax value losses determined under division (C) of this section, the machinery and equipment, inventory, furniture and fixtures, and telephone fixed-rate levy losses determined under division (D) of this section, and the fixed-sum levy losses calculated under division (E) of this section. The calculations under divisions (D) and (E) of this section shall separately display the levy loss for each levy eligible for reimbursement.

(H) Not later than October 1, 2005, the tax commissioner shall certify the amount of the fixed-sum levy losses to the county auditor of each county in which a school district, joint vocational school district, or local taxing unit with a fixed-sum levy loss reimbursement has territory.

(I) Not later than the twenty-eighth day of February each year beginning in 2011 and ending in 2014, the tax commissioner shall certify to the department of education for each school district first levying a tax under section 5705.219 of the Revised Code in the preceding year the revised fixed-rate levy losses determined under divisions (D) and (F) of this section.

(J) There is hereby created in the state treasury the commercial activity tax motor fuel receipts fund.

SECTION 806.10. The items of law contained in this act, and their applications, are severable. If any item of law contained in this act, or if any application of any item of law contained in this act, is held invalid, the invalidity does not affect other items of law contained in this act and their applications that can be given effect without the invalid item or application.

SECTION 812.10. Except as otherwise provided in this act, the amendment, enactment, or repeal by this act of a section of law is subject to the referendum under Ohio Constitution, Article II, Section 1c and therefore takes effect on the ninety-first day after this act is filed with the Secretary of State or, if a later effective date is specified below, on that date.

SECTION 812.20. In this section, an "appropriation" includes another provision of law in this act that relates to the subject of the appropriation.

An appropriation of money made in this act is not subject to the referendum insofar as a contemplated expenditure authorized thereby is wholly to meet a current expense within the meaning of Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code. To that extent, the appropriation takes effect immediately when this act becomes law. Conversely, the appropriation is subject to the referendum insofar as a contemplated expenditure authorized thereby is wholly or partly not to meet a current expense within the meaning of Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code. To that extent, the appropriation takes effect on the ninety-first day after this act is filed with the Secretary of State.

SECTION 812.20.10. The amendment or enactment by this act of division (A)(3) of section 5751.051 of the Revised Code, division (J) of section 5751.20 of the Revised Code, and Section 757.20 of this act is exempt from the referendum under Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code, and therefore takes effect immediately when this act becomes law.

SECTION 812.20.20. The amendment by this act of sections 5751.02, 5751.051, except for division (A)(3) of that section, and 5751.20 of the Revised Code, except for division (J) of that section, take effect on July 1, 2013.

SECTION 812.30. The amendment by this act of Section 10 of Am. Sub. H.B. 386 of the 129th General Assembly goes into immediate effect.

SECTION 815.10. The General Assembly, applying the principle stated in division (B) of section 1.52
of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the following sections, presented in this act as composites of the sections as amended by the acts indicated, are the resulting versions of the sections in effect prior to the effective date of the sections as presented in this act:
