ABOUT THE TRANSPORTATION INVESTMENT ADVOCACY CENTER (TIAC)

The Transportation Investment Advocacy Center™ (TIAC) is a first-of-its kind, dynamic education program and internet-based information resource designed to help private citizens, legislators, organizations and businesses successfully grow transportation investment at the state and local levels through the legislative and ballot initiative processes.

The TIAC website, www.transportationinvestment.org, was created so transportation investment advocates do not have to “re-invent the wheel” to mount successful campaigns. It exists to put in one place—and promote the sharing of—strategies… sample political and communications tools… legislative and ballot initiative language… and information on where to obtain professional campaign advice, research and help. To subscribe to at no cost—and receive via email—the regularly updated TIAC blog, visit the website.

In addition to the website, the TIAC program includes an annual workshop in Washington, D.C., and ongoing webinars for transportation investment advocates featuring case studies, best practices, and the latest in political and media strategies. State and local chamber of commerce executives, state legislators, state and local transportation officials, “Better Roads & Transportation” group members, industry and labor executives, and leaders of state and local chapters of national organizations who have an interest in transportation development programs are welcomed to participate.

The TIAC is a project of the American Road and Transportation Builders Association’s “Transportation Makes America Work!”™ (TMAW) program (www.tmaw.org) and funded through voluntary contributions and sponsorships. To become a sponsor or to make a contribution, visit the ARTBA store or contact TIAC Manager Carolyn Kramer at ckramer@artba.org or 202-289-4434. Also contact Ms. Kramer if you have questions or comments about the monthly State Fund Initiatives Report™.
EXECUTIVE SUMMARY

New Developments

Legislation

- Twelve states—Ga., Mich., Minn., Mo., Mont., Neb., N.J., S.C., S.D., Texas, Utah, and Wash.—are currently considering legislation to increase their gas tax or sales tax on gasoline.
- Four states—Conn., N.H., N.M., and Texas—are currently considering legislation to protect their transportation funds from diversions.
- Four states—Ark., Iowa, Mo., and Utah—have proposed legislation to convert their flat-rate excise tax on gasoline to a variable-rate tax.
- Seven states—Conn., Ga., Minn., N.M., N.Y., Wash., and Wisc.—have proposed bonds to pay for transportation projects.
- Two states with variable-rate gas taxes—Ky. and N.C.—are considering legislation to instate or raise a “floor” on the tax in order to prevent it from collecting below a minimum amount.
- A Kentucky bill authorizing public-private partnerships for road and bridge projects has been passed by a House Committee.
- An Idaho legislator proposed a bill to give counties the ability to ask voters for a motor vehicle registration fee increase in order to generate funds for a specific local road project.
- A Washington bipartisan Senate coalition proposed package of 11 bills—8 reform bills, one bond bill, one gas tax increase bill, and one spending bill—would raise an estimated $15.1 billion over 16 year

Ballot Initiatives

- No ballot measures were introduced this month.

Activity Status Year-to-Date

Legislation

- Iowa on Feb. 25 approved a 10 cents-per-gallon state gas tax increase, resulting in an estimated $200 million per year for transportation funding.
- North Dakota approved $1.1 billion from the Strategic Investment and Improvements Fund to be divided between counties, cities and school districts in the state’s oil-producing area. $450 million would be allocated for ND DOT funding.

Ballot Initiatives

- Michigan Sales Tax Increase for Transportation Amendment (May 2015): A Michigan proposal to increase the state’s sales and use tax by 1 percent will be considered by voters in May 2015. The ballot measure is “tie-barred” with a number of road-funding bills which would take effect if the ballot measure is approved. The package of transportation bills would result in an annual increase of $1.2 billion for highway and bridge investment and $112 million for transit and rail improvements.

Total Statewide Funding Approved Year-to-Date: $650,000,000

2015 STATE TRANSPORTATION FUNDING INITIATIVES

* Several measures are in varying stages. View state breakdown for more info.
ARKANSAS

**House Bill 1346**
- Transfer a percentage of funds generated by the general sales and use tax exceeding $2.2 billion for transportation purposes (implemented gradually over 10 years, culminating in 6 percent); and
- Transfer funds generated from both the motor vehicle sales tax and motor vehicle use tax exceeding $2.2 billion to the transportation fund (implemented gradually, culminating in 100 percent);
- If approved, 70 percent of the revenue generated from the above changes would be allocated to the State Highway and Transportation Department Fund, 15 percent to the County Aid Fund for road purposes, and 15 percent to the Municipal Aid Fund for the same purpose.

Additionally, would transfer a percentage of the natural gas severance tax to two-year colleges and the Highway Industry Workforce Development Program Fund. Currently used for transportation. If approved, the bill would generate nearly $2.8 billion for transportation over 10 years—with the first year anticipated to generate $34.8 million, and $548.4 million per year by 2025 and thereafter.

**Bill Status**
Pending.
Introduced Feb. 10, 2015 by Rep. Dan Douglas (R-Bentonville), and passed the House Public Transportation Committee Feb. 19.

**House Bill 1048**
Legislation to convert the state’s cents-per-gallon flat excise tax on motor fuel to 10.75 percent.

**Bill Status**
Pending.
Introduced Jan. 12, 2015 by Rep. Kim Hendren (R-District 92) and referred to the House Committee on Revenue and Taxation.

CALIFORNIA

**Assembly Speaker Proposal**
Assembly Speaker Toni Atkins proposed a $52 annual fee, called a “road usage charge”, in order to generate $1.8 billion per year. $800 million of funds generated would go towards road projects, with the remaining $1 billion deposited into the state’s General Fund. Doing this will free up revenue to replenish the California’s transportation fund, such as directing money generated from California’s truck weight fees back to transportation purposes. Atkins estimates a $2 billion in total will be generated for transportation funding.

**Bill Status**
Pending introduction to Legislature.
CONNECTICUT

“Priotize Progress” House and Senate
Republican Transportation Plan
Republican leaders in the legislature proposed a 30-year plan Feb. 11 to increase transportation funding by at least $1 billion per year for the next 30 years. To raise new revenue, the plan proposes dedicating a set amount of General Obligation bonds ($441.5 million for FY 2016); preserving existing Special Tax Obligation bonds already dedicated to transportation; fill vacant positions in CTDOT for maximum efficiency; and reestablish a state Transportation Strategy Board to assess proposed projects and identify the needs of communities.

Bill Status
Pending introduction to Legislature.

Bond Commission Approval
The State Bond Commission Jan. 12, 2015 approved a CDOT request for a $5.75 million bond to complete planning and environmental work for several new railroad stations on the Hartford and New Haven Rail Lines, as well as upgrades for two existing stations and a study to determine the location of a new station.

House Bill 05372
A proposal to send revenue generated from a state property tax on motor vehicles to the municipality where the funds were generated, and to require this revenue to be used solely for transportation purposes.

Bill Status
Pending
Introduced by Rep. Sam Belsito (R-District 53) Jan. 14, 2015 and referred to the Joint Committee on Planning and Development.

House Bill 5949
A bill to require the Commissioner of Transportation to create a system to assess and prioritize existing transportation projects

Bill Status
Pending
Introduced by Rep. Themis Klarides (R-District 114) Jan. 21, 2015 and referred to the Joint Committee on Transportation. Hearing scheduled for Feb. 11.

House Bill 06323
Establishes a Connecticut Transportation Bank in order to facilitate public and private transportation investment.

Bill Status
Pending

House Bill 6337
Proposal to require all revenue generated from the state's motor vehicle fuels tax and the gross earning tax be spent solely on transportation purposes.

Bill Status
Pending

House Bill 6351
A bill to ensure all funds in the Special Transportation Fund are used solely for transportation purposes.

Bill Status
Pending

Senate Bill 479
Proposal to issue state special tax obligation bonds, not exceeding $4 billion, for the purpose of upgrading rail infrastructure.

Bill Status

Introduced by Sen. Toni Boucher (R-District 26) Jan. 22, 2015 and referred to the Joint Committee on
**CONNECTICUT**

**Transportation.**

**House Bill 5927**  
Proposal to create a “lockbox” that will prohibit transfers from the Special Transportation Fund.

**Bill Status**  
Pending  
Introduced by Rep. Laura Devlin (R- District 134) Jan. 21, 2015 and referred to the Joint Committee on Transportation.

**House Bill 5935**  
A bill to ensure that all revenue deposited to the Special Transportation Fund is used solely for transportation purposes.

**Bill Status**  
Pending  
Introduced by Rep. Sam Belsito (R- District 53) Jan. 21, 2015 and referred to the Joint Committee on Transportation.

**House Bill 6818**  
Legislation to establish electronic highway tolls at the borders of the state, with all revenue dedicated solely to the Special Transportation Fund. Estimated to generate approximately $20 billion over 30 years.

**Bill Status**  
Pending  
Introduced by the Transportation Committee Feb. 18, 2015 and referred to the Joint Committee on Transportation.

**GEORGIA**

**House Bill 60**  
Proposes raising the state’s flat excise tax on gasoline by 3 cents-per-gallon each year for five years, resulting in a 15 cent-per-gallon increase when fully implemented and generating an additional $900 million per year. After 2022, the gas tax would be indexed to inflation. HB 60 also includes dedicating the entire 4 percent sales tax on motor fuel purchases to GDOT in order to generate $180 million per year (currently, only 3 percent goes to the GDOT and 1 percent is deposited in the state’s general fund budget). To offset the increase in taxes, HB 60 proposes decreasing the state’s income tax rate 0.1 percent per year for five years, resulting in a 0.5 percent decrease and bringing Georgia’s income tax from 6 percent to 5.5 percent.

**Bill Status**  
Pending  

**House Bill 170**  
The proposal involves:
- Converting the state’s existing 4 percent sales tax on motor fuel into a 21.7 cents-per-gallon increase in the flat excise tax. (Currently, 3 of the 4 percent sales tax is dedicated to Georgia’s highway trust fund, while the remaining 1 percent is deposited into the state’s general fund; with this conversion the highway trust fund would gain that final 1 percent being collected on motor fuel.) If approved, the new excise tax would be indexed to both the Corporate Average Fuel Economy and the Consumer Price Index. In addition to providing a reliable funding stream, converting the tax would also make Georgia eligible to participate in the International Fuel Tax Agreement, which would result in the state receiving an additional $60 million.
- Other aspects of the plan include recapitalizing the Georgia Transportation Infrastructure Bank to provide loans and grants to local governments for the purpose of transportation construction projects;
- A large bond package which would include bridges and transit; and
- A $200 fee for non-commercial alternative fuel vehicles which do not use any motor fuel ($300 for commercial alternative fuel vehicles), dedicated to transit systems.
STATE INITIATIVE DETAILS

GEORGIA

- While new special purpose local option sales taxes (SPLOST) on motor fuel would not be permitted under this proposal, SPLOST already authorized would be permitted to continue until their expiration dates. Instead of using SPLOST, local governments would be permitted to approve a 1.25 percent sales tax for transportation projects by county commission or city council approval. If approved, HB 170 would generate an estimated $700 million in 2016, and $1.04 billion per year by 2020.

Bill Status
Pending
Introduced by House Republican leaders Jan. 29, 2015 and approved by the House Transportation Committee Feb. 18.

House Bill 122
Bill to eliminate the state's $5000 tax credit on electric vehicles. Eliminating this credit will generate approximately $45 million, which would be put towards a transportation bond package.

Bill Status
Pending

HAWAII

House Bill 1486
Legislation to shift the state tax on motor fuel from the amount sold to the price of fuel per gallon, by instituting a tax of either 17 cents-per-gallon or a percentage (not yet determined) of the wholesale price of gasoline.

Bill Status
Pending
Introduced January 29, 2015 by Rep. Kyle Yamashita (D-District 12) and was passed by the House Finance Committee Feb. 19 12-1.
## STATE INITIATIVE DETAILS

### IOWA

**House Study Bill 129/House File 351 & Senate Study Bill 1168/Senate File 257**

Legislation to increase the state gas tax by 10 cents-per-gallon and increase oversized/overweight vehicle permit fees. The companion bills are estimated to generate an estimated $200 million per year for transportation infrastructure funding.

**Bill Status**

Pending

Both bills were introduced on Feb. 10, 2015. The House (23 of 43 Democrats and 30 of 56 Republicans voted in favor) and Senate (16 of 26 Democrats and 12 of 23 Republicans voted in favor) approved the bills on Feb. 24. Gov. Terry Branstad (R) signed the legislation into law Feb. 25.

**House File 144**

Proposal to increase the state gas tax by 3 cents-per-gallon July 1, 2015, and an addition 3 cents-per-gallon July 1, 2016. HF 144 also delays a planned “sunset” on the differential of ethanol and non-ethanol motor fuels (originally scheduled to end June 30, 2015). Additionally, HF 144 would ensure deposits from automated traffic enforcement systems are put in the road use tax fund, and would require the department of transportation to implement efficiencies and prioritize certain highway projects.

**Bill Status**

Pending

**House File 83**

A bill to replace the current 20 cents-per-gallon gasoline tax and 22.5 cents-per-gallon diesel tax with a tax on the wholesale price of gasoline (rounded to the nearest one-half of 1 percent), set to the nearest equivalent of the current motor fuel taxes.

**Bill Status**

Pending

### IDAHO

**House Bill 95**

Bill to exempt public road materials from the state’s sales tax. By exempting the state sales tax, contractors could then submit lower bids, freeing up an estimated $15 to $20 million for the state transportation fund.

**Bill Status**

Pending

H0095 was introduced on Feb. 6, 2015 by the Revenue and Taxation Committee.

**House Bill 111**

Proposal to permit the state’s 200 highway districts to ask voter approval for vehicle registration fee increases in order to fund specific local road projects.

**Bill Status**

Pending

**House Transportation & Defense Committee Proposal**

Introduced by the House Transportation and Defense Committee to raise the state gas tax by 8 cents-per-gallon and diesel by 12 cents-per-gallon, with an increase of 1 cent per year to keep pace with inflation ($100.5 million per year by the third year). The bill also proposes increasing the transfer fee on fuel by 2 cents-per-gallon ($34.6 million); raising car registration fees 50 percent and commercial truck registration fees by 25 percent ($38.5 million); a $140 annual registration fee for electric cars and $75 for hybrid cars ($641,030); and transferring $22 million of sales tax revenue from the General Fund to the state’s road fund. HB __ would raise $196.241 million per year.

**Bill Status**

Pending

## STATE INITIATIVE DETAILS

### INDIANA

**House Bill 1227**  
Proposal to increase the amount of sales tax collections in the General Fund which are allocated for roads and bridges from 1 percent to 2 percent, increasing transportation funding by approximately $75 million annually. Additionally, the gasoline and special fuel tax rates would be indexed to inflation starting in 2018.

**Bill Status**  
Pending  
Introduced Jan. 13, 2015 by Rep. Timothy Wesco (R-District 21) and referred to the Committee on Ways and Means.

### KENTUCKY

**House Bill 1: Local Investments for Transformation**  
Proposes granting local communities the ability to install a temporary local-option sales tax of 1 cent or less in order to generate funding for voter-approved infrastructure projects.

**Bill Status**  
Pending  
Introduced Jan. 6, 2015 and was reported favorably from the Elections, Constitutional Amendments and Intergovernmental Affairs Committee Feb. 10.

**Senate Bill 29**  
SB 29 would set a floor for the state’s variable rate gas tax. Kentucky currently calculates the gas tax by determining 9 percent of the average wholesale price of gasoline each month. SB 29 proposes putting a floor in place so the gas tax can be evaluated at no lower than $2.345 per gallon, regardless of whether the average wholesale price falls lower.

**Bill Status**  
Pending  
Introduced Jan. 6, 2015 by Senators Ernier Harris (R) and Joe Bowen (R) and referred to the Transportation Committee Feb. 3.

**House Bill 167**  
Would amend the state’s variable rate gas tax, which is evaluated every month by determining 9 percent of the average wholesale price of gasoline, to mandate that any adjustment based off changes in the price of gasoline must first be approved by the General Assembly.

**Bill Status**  
Pending  
Introduced Jan. 9, 2015 by Rep. Lynn Bechler (R) and referred to Appropriations and Revenue Feb. 3.

**House Bill 443**  
Authorizes public-private partnerships for road and bridge projects.

**Bill Status**  
Pending  
Introduced Feb. 2 2015 and approved by the House Appropriations and Revenue Committee Feb. 24 26-4.
**STATE INITIATIVE DETAILS**

**MASSACHUSETTS**

**Governor Directive**
Governor Charlie Baker (R) released $100 million in Chapter 90 transportation funds Jan. 8, 2015, in order to maintain and construct local roads. $300 million in Chapter 90 funds was originally authorized by Governor Deval Patrick (D) in 2014 House Bill 4046, but potential state budget concerns caused the former administration to withhold one-third ($100 million) of the promised funds. After directing the release of the remaining one-third, Baker released a statement saying, “I am pleased that one of the first acts of this administration is to fulfill our commitment to ensure local governments have access to the infrastructure funds they have been promised for transportation upgrades. The release of these funds represents a step towards creating better jobs and building stronger communities in Massachusetts.”

**MICHIGAN**

**Michigan Sales Tax Increase for Transportation Amendment (May 2015)**
The ballot measure would eliminate the current sales tax on motor fuels, which provides revenue for the School Aid Fund and local governments, and supplement those programs by increasing the general state sales/use tax from 6 to 7 percent. If voters approve the ballot measure, then several “tie-barred” bills would take effect and generate new revenue for transportation.

**House Joint Resolution UU**
Part of a road funding deal reached Dec. 18, HJ UU was proposed as a constitutional amendment to increase the state retail sales and use tax 1 percent, from its current 6 percent to 7 percent. The measure would also eliminate an existing 6 percent sales tax on motor fuel and provide funding protection for schools and local governments, with General Fund dollars transferred to the School Aid Fund. The 1 percent state sales tax increase would partially be used to replace funds to schools and cities currently generated from the gasoline sales tax.

**Bill Status**
Pending Voter Approval

**House Bill 5477**
House Bill 5477 was introduced by Rep. Rob VerHeulen (R- Walker) on April 23, 2014 in order to replace the current 19 cents-per-gallon gas tax and 15 cents-per-gallon diesel tax with a calculation that would multiply the average wholesale gas price by 9.5 percent, gradually increasing to 15.5 percent by January 2018. This calculation would be performed by the Michigan Department of Treasury on an annual basis. According to a Senate Fiscal Agency analysis, HB 5477 could generate an additional $781 million to $1.5 billion per year, depending on the wholesale price of gas. Later substitutions changed the percentage to 14.9 percent beginning October 2015.

**Bill Status**
Pending Voter Approval of HJ UU
Bill was initially passed by the House on May 8, 2014 85-24. Senate approved HB 5477 with substitutions 23-14 on Nov. 13, 2014 and sent back to the House, where
the Senate substitutions were adopted, additional House substitution made, and the bill was approved on Dec. 4, 2014 58-51. The Senate failed to approve the bill with the House substitution on Dec. 11, 7-30. As part of the road funding deal reached on Dec. 18, the House passed the bill Dec. 19 93-17. The Senate subsequently passed HB 5477 23-15. The bill was tie-barred with the successful passage of HJ UU and is pending voter approval of that ballot measure.

**House Bill 4630**

HB 4630 was originally introduced in April 2013 by Rep. Michael Mccready (R- Bloomfield Hills) to increase fines and special permit fees for overweight trucks and revise some registration fees. On May 8, 2014 a substitute was accepted that did not impose a large vehicle registration tax increase, but instead simplified the number of separate vehicle types and categories specified in the law.

**Bill Status**

**Pending Voter Approval of HJ UU**

HB 4630 passed the Senate with a vote of 21-15 on June 11, 2014. Substitutions from the Senate failed to pass in the House on Dec. 11, 1-106. HB 4630 was then sent to a Senate-House committee for additional work. As part of the road funding deal reached on Dec. 18, the House passed the bill Dec. 19 67-43. The Senate subsequently passed HB 4630 23-15. The bill was tie-barred with the successful passage of HJ UU and is pending voter approval of that ballot measure.

**House Bill 4539**

Proposes phasing out the current 6 percent sales tax on motor fuel sales, a majority of which currently goes to the state's School Aid Fund.

**Bill Status**

**Pending Voter Approval of HJ UU**

Introduced April 11, 2013 by Rep. Wayne Schmidt. Passed by the House Dec. 4, 2014 with 56 in favor and 53 opposed, and was sent to the Senate for consideration. The Senate inserted a substitution and passed HB 4539 22-13 on Dec. 11, but the bill with the substitution was soundly rejected by the House that same day, 0-106. As part of the road funding deal reached on Dec. 18, the House passed the bill Dec. 19 88-22. The Senate subsequently passed HB 4539 23-15. The bill was tie-barred with the successful passage of HJ UU and is pending voter approval of that ballot measure.

**House Bill 5493**

Tied to the success of HB 5477, HB 5493 would repeal the current tax on diesel fuel. The bill was introduced by Rep. Rob VerHeulen (R- Walker) on April 29, 2014 as part of a the House road funding package. The proposed new state gas tax rates are defined in HB 5477.

**Bill Status**

**Pending Voter Approval of HJ UU**

HB 5493 passed the House on May 8 with 84 in favor and 25 opposed. Approved by the Senate on June 11 2014 with substitutions, and sent back to the House. As part of the road funding deal reached on Dec. 18, the House passed the bill with substitutions Dec. 19 87-23. The Senate subsequently passed HB 5493 25-13. The bill was tie-barred with the successful passage of HJ UU and is pending voter approval of that ballot measure.

**House Bill 5167**

Proposes requirements to make road agencies seek competitive bids for road construction and maintenance of over $100,000. Payment made on a performance-based measure.

**Bill Status**

**Pending Voter Approval of HJ UU**

Introduced Dec. 4, 2013. As part of the road funding deal reached on Dec. 18, the House passed the bill Dec. 19 107-3 and the Senate subsequently passed HB 5167 38-0. The bill was tie-barred with the successful passage of HJ UU and is pending voter approval of that ballot measure.

**House Bill 5460**

A bill to require local road agencies receive warranties from contractors for road maintenance and construction. Currently, law only requires this from the state Department of Transportation.

**Bill Status**

**Pending Voter Approval of HJ UU**

Introduced April 17, 2014. As part of the road funding deal reached on Dec. 18, the House passed the bill Dec. 19 99-11, and the Senate subsequently passed HB 5167 37-1. The bill was tie-barred with the successful passage of HJ UU and is pending voter approval of that ballot measure.
**STATE INITIATIVE DETAILS**

**MINNESOTA**

**Senate File 87**

- 6.5 percent sales tax on motor fuel purchases, in addition to the state's current 28.5 cents-per-gallon motor fuel tax, which would generate an estimated $580 million annually;
- Floor in place on the motor fuels sales tax to prevent the sales tax from generating less than 10 cents-per-gallon;
- A 1 cent general sales tax in the seven-county metropolitan region (new in two counties, increasing by ¾ of a cent in five counties), producing an estimated $251.3 million in revenue dedicated primarily to transit development, with $40 million annually reserved for bicycle and pedestrian projects;
- An increase in annual vehicle registration fees for $125 million in funding for roads and bridges;
- A motor vehicle lease tax, to generate an estimated $32 million per year primarily for transit;
- $200 million per year for four years in trunk highway bonds to be used for the state’s Corridors of Commerce program;
- An additional $200 million in trunk highway bonds (dispersed over four years) for transportation economic development;
- $567 million in General Obligation (GO) bonds for local roads bridges; and
- The implementation of a public-private partnership pilot program.

As the taxes are implemented, recurring revenue from the Senate's plan is estimated to generate $800 million in 2016, then increase to $1.09 billion in 2017, $1.109 billion in 2018 and $1.125 billion in 2019.

**Bill Status**

Pending.

Introduced by Sen. Scott Dibble (DFL-District 61) and referred to the Transportation and Public Safety Committee Jan. 12, 2015.

**Governor’s Budget Proposal: “Move MN”**

Proposal by Governor Mark Dayton (DFL) for a 10-year, $10.8 billion transportation funding plan to complete a list of 600 road and bridge projects throughout the state. $2.356 billion would be invested in local transportation projects, and $2.92 billion in transit systems. An estimated 119,000 new jobs would be created. The proposal includes:

- 6.5 percent gross receipts tax ($4.4 billion);
- $2 billion in Trunk Highway Bonds;
- Increased vehicle registration and license fees ($1.45 billion);
- Efficiencies implemented within MnDOT;
- $145 million transferred from the General Fund; and
- A half-cent Metro Area Sales Tax ($2.875 billion).

**Bill Status**

Pending introduction into Legislature.

**House File 4**

Proposal from House Republicans to require MnDOT to implement efficiencies, and would allocate 90 percent of unreserved Trunk Highway Funds as well as a state budget surplus for construction and maintenance of roads and bridges 2016-2019—estimated $750 million total, with $200 million provided FY 2016 from the budget surplus.

**Bill Status**

Pending.

Introduced by Rep. Tim Kelly (R-District 21A) and referred to the Transportation, Policy and Finance Committee Jan. 8, 2015.

**Senate File 84/House File 83**

Authorizes the sale of bonds for $520,000 in order to fund construction of a Grey Cloud Slough bridge in Washington County.

**Bill Status**

Pending.

Introduced by Sen. Katie Sieben (DFL-District 54) and referred to the Senate Capital Investment Committee Jan. 12, 2015; and companion bill introduced in the House by Rep. Dan Schoen (DFL-District 54A) and referred to the House Environment and Natural Resources Policy and Finance Committee the same day.

**Senate File 80/House File 101**

Grants counties the ability to consent on certain trunk highway projects (currently limited to municipalities).

**Bill Status**

Pending.

## New Jersey

### Assembly Bill 3886
Introduced by Assemblyman John Wisniewski (D-Middlesex) in order to raise the state's 2.75 percent (4 cents-per-gallon) petroleum products gross-receipts tax collected from refiners and distributors, who build the cost of the tax into the price of gasoline at the pump. If approved, AB 3886 would increase the tax to 9 percent of the wholesale price of gasoline, raising the state gas tax by approximately 25 cents-per-gallon and generating an estimated $1.25 billion annually for state highways.

**Bill Status**
Pending
Introduced in the Assembly Nov. 13, 2014, and referred to the Assembly Transportation and Independent Authorities Committee.

### Assembly Concurrent Resolution 205
A companion bill to AB 3886, introduced by Assemblyman John Wisniewski (D-Middlesex) for the purpose of amending the state constitution in order to dedicate all revenues from New Jersey’s petroleum products gross-receipts tax to the state’s Transportation Trust Fund. Currently, the petroleum products gross-receipts tax is deposited in the General Revenue Fund.

**Bill Status**
Pending
Introduced in the Assembly Nov. 13, 2014, and referred to the Assembly Transportation and Independent Authorities Committee.

### Senate Bill 1865
Introduced on March 17 by State Senator Raymond Lesniak (D-Union) to increase the motor fuels tax in order to fund road and bridge improvement projects throughout the state. SB 1865 would raise the motor fuels tax by 5 cents-per-gallon each year for three years. The bill would ensure that the new revenue collected would exclusively be used for transportation improvement programs. Senator Lesniak says that SB 1865 would generate $750 million annually for transportation infrastructure projects.

Lesniak said, “The state’s transportation infrastructure is collapsing…the roads have been neglected for years and the harsh winter left a landscape of potholes that are damaging and dangerous. This has a severe impact on our quality of life and the state's economy. This plan will provide the resources needed to repair, rebuild, and maintain the highways, bridges, and roadways that are so important in New Jersey.”

**Bill Status**
Pending
SB 1865 was referred to the Senate Transportation Committee on March 17, 2014.

### Assembly Bill 3816
Introduced by Assemblyman Tim Eustace (D-Bergen) for the purpose of dedicating sales tax revenues from the sale of electricity, natural gas, and hydrogen-powered vehicles to the state Transportation Trust Fund.

In a news release, Eustace states: “Seeking alternative funding sources for the Transportation Trust Fund is necessary to maintain the state’s roadways and railways in the manner it needs to be – now and in the future... This additional financing capacity will be beneficial to put in place now, especially as more residents are choosing to purchase green or environmentally friendly vehicles.”

**Bill Status**
Pending
Introduced Oct. 16, 2014 and referred to the Assembly Transportation and Independent Authorities Committee.

### Senate Bill 2051
Introduced by State Senator Ronald L. Rice (D) on April 28, 2014. The bill revises the motor fuel tax rate based on 7 percent of retail price of unleaded regular gasoline and provides gross income tax deduction for certain taxes paid on motor fuel.

**Bill Status**
Pending
Referred to Senate Transportation Committee on May 5, 2014.

### Senate Concurrent Resolution 126
## STATE INITIATIVE DETAILS

### NEW JERSEY

Introduced by Senators Thomas H Kean, Jr. (R-21) and Joseph Pennacchio (R-26) July 31, 2014 to redirect $400 million per year of motor vehicle fees from the state’s General Fund to New Jersey’s Transportation Trust Fund.

**Bill Status**
Pending
Referred to Senate Transportation Committee July 31, 2014.

**Assembly Bill 801**
A proposal for the Turnpike Authority and the South Jersey Transportation Authority to study and report on potential new revenue-generating services in rest areas and service plazas, as well as analyze potential to maximize revenues from billboards and cellphone towers. If passed, the two authorities would have 12 months to complete the study.

**Bill Status**
Pending
Introduced in the Assembly on Jan. 16, 2014 and passed with a vote of 75-1 on March 20, 2014. A801 was reported from the Senate Transportation Committee Dec. 8, 2014.

**Senate Bill 1896**
Introduced by New Jersey State Senator Nicholas Scutari (D-Union) to legalize marijuana in order to raise revenue for transportation. Senate Bill 1896 would “legalize the possession and personal use of small amounts of marijuana for persons age 21 and over,” and this new tax revenue would be used to fund road and bridge improvement projects throughout the state of New Jersey. SB 1896 would impose a new 7 percent sales tax on marijuana, which Scutari estimates could generate $100 million per year for the state. 70 percent of the sales tax revenue would be dedicated to New Jersey’s Transportation Trust Fund. 20 percent of the tax revenue would be used for drug enforcement and demand reduction, and the remaining 10 percent would be allocated for women’s health programs.

**Bill Status**
Pending
Introduced March 27, 2014. No further progress has been made.

Maine had the only statewide initiative on the ballot in November 2013, and with 72 percent approval, voters overwhelmingly passed a $100 million transportation bond that will fund infrastructure projects for state highways, ports, and bridges. These highway improvement projects will receive $76 million, $27 million for bridges, $24 million for ports and rail, and $5 million for local governments. This bond will also leverage an additional $154 million from federal and state funds.

State gas tax increased 5.9 cents-per-gallon. The hike includes a new 2 percent assessment on the price of gasoline while slightly decreasing the per-gallon tax by 0.8 cents. It is estimated that by FY 2016 the tax could amount to a net hike of 6.5 cents. Diesel tax was also increased by 3 cents-per-gallon over two years. In addition to the approved $11 million bonds, it is anticipated that $32 million will be generated in FY 2016 for transportation infrastructure funding.

Gov. Maggie Hassan signed legislation to raise the New Hampshire gasoline and diesel fuel taxes by 4 cents-per-gallon. The tax will go into effect July 1 and had bipartisan political and business community support. The new gas tax will be 22 cents-per-gallon and the new diesel tax will be 23.6 cents-per-gallon. The tax will fund highway improvements for the next two years, and then half the tax will be earmarked to pay off $200 million in debt for Interstate 93 expansions. The tax will expire in 20 years after the debt is paid off.

Starting July 2015, the state gas tax by 1-cent, a move that House Finance Committee Chairman Raymond Gallison says will produce an estimated $4.8 million a year. Subsequently that increase will be revisited every two years to reflect increases based on the rate of inflation.

In 2013, the Texas legislature approved a measure to redirect half of the revenue generated from oil and gas taxes away from the state’s general Rainy Day Fund, to be deposited into the State Highway Fund. Once in the Fund, the approximately $1.2 to $1.7 billion per year would be used to fund construction and maintenance on public roads. Voters approved this measure November 2014.
