ABOUT THE TRANSPORTATION INVESTMENT ADVOCACY CENTER (TIAC)

The Transportation Investment Advocacy Center™ (TIAC) is a first-of-its kind, dynamic education program and internet-based information resource designed to help private citizens, legislators, organizations and businesses successfully grow transportation investment at the state and local levels through the legislative and ballot initiative processes.

The TIAC website, www.transportationinvestment.org, was created so transportation investment advocates do not have to “re-invent the wheel” to mount successful campaigns. It exists to put in one place—and promote the sharing of—strategies… sample political and communications tools… legislative and ballot initiative language… and information on where to obtain professional campaign advice, research and help. To subscribe to at no cost—and receive via email—the regularly updated TIAC blog, visit the website.

In addition to the website, the TIAC program includes an annual workshop in Washington, D.C., and ongoing webinars for transportation investment advocates featuring case studies, best practices, and the latest in political and media strategies. State and local chamber of commerce executives, state legislators, state and local transportation officials, “Better Roads & Transportation” group members, industry and labor executives, and leaders of state and local chapters of national organizations who have an interest in transportation development programs are welcomed to participate.

The TIAC is a project of the American Road and Transportation Builders Association’s “Transportation Makes America Work!”™ (TMAW) program (www.tmaw.org) and funded through voluntary contributions and sponsorships. To become a sponsor or to make a contribution, visit the ARTBA store or contact TIAC Manager Carolyn Kramer at ckramer@artba.org or 202-289-4434. Also contact Ms. Kramer if you have questions or comments about the monthly State Fund Initiatives Report™.
EXECUTIVE SUMMARY

Activity Status Year-to-Date

Recurring Revenue Legislation
- Washington state leg. voted July 1 to increase the state gas tax by 11.9 cents-per-gallon, as well as raise related transportation DMV fees, estimated to generate $16.1 billion over 16 years.
- Nebraska lawmakers voted May 14 to override the Governor's veto and approve a 6 cents-per-gallon state gas tax increase, for $76.2 million annually once fully implemented.
- Georgia changed the state gas tax formula to a flat tax of 26 cents-per-gallon, indexed to both the Corporate Average Fuel Economy and the Consumer Price Index (the latter of which will sunset after July 1, 2018). Along with several other increased fees, HB 170 is estimated to generate almost $95 million in transportation funding; and HB 132, higher fees on gaseous special fuels for $375,000 annually.
- Idaho leg. approved on April 21 two bills: HB 312– a 7 cents-per-gallon state gas tax increase, higher vehicle registration fees, and a new fee on electric and hybrid cars in order to generate almost $95 million in transportation funding; and HB 132, higher fees on gaseous special fuels for $375,000 annually.
- Utah approved on March 27 a bill to increase the state gas tax by 5 cents-per-gallon, create a 12 percent tax on the statewide average wholesale price of motor fuel to replace the flat gas tax in the future (once AWP reaches $2.45/gallon), and permit counties to seek voter approval for a 1/4 cent sales and use tax increase for local transportation projects. A fiscal note estimates the bill could generate $101,625,500 for the Transportation Fund in the first two years.
- S.D. approved March 17 a 6 cents-per-gallon state gas tax increase, an additional 1 percent to the motor vehicle excise tax, and to raise license plate fees by 20 percent to generate over $80 million for state and county highway and bridge investment.
- Iowa on Feb. 25 approved a 10 cents-per-gallon state gas tax increase, resulting in an estimated $200 million per year for transportation funding.
- Delaware passed a bill on June 30 to increase DMV Fees for an additional $23.9 million per year.
- Variable-rate legislation: Kentucky, North Carolina and Vermont all passed legislation to stabilize their variable-rate gas taxes in order to prevent loss of revenue.

One-Time Funding Legislation
- Connecticut legislators on June 29 approved $2.8 billion in transportation bonds to fund the first five years of Gov. Malloy’s (D) “Let’s Go CT” program.
- Georgia lawmakers included a $75 million bond for state transit funding in the annual budget request.
- Massachusetts Gov. Charlie Baker (R) signed a $200 million road bond bill into law April 9, 2015.
- As part of N.D.’s “Surge Funding” bill approved in Feb., $450 million was allocated for ND DOT state highway funding, with an additional $352 million to be distributed to counties for road and bridge projects.
- Minn. approved $3 million of disaster relief funds for roads and highways in areas affected by summer flooding.
- Mississippi approved $200 million in bond financing for the state’s transportation infrastructure on April 22.
- New Mexico Gov. Martinez approved an infrastructure construction bill which included $70 million for highways.

Ballot Initiatives
- Nov. 3: Maine voters will consider a measure to approve an $85 million bond for transportation improvements.
- Nov. 3: The Texas Legislature voted to put transportation funding on the ballot with the intent that voters will approve almost $3 billion to fix the state’s roads and bridges by diverting state general and motor vehicle sales taxes.
- Oct. 24: Louisiana residents will decide if they want to approve an Infrastructure Bank Amendment in order to invest public funds into state infrastructure bank, to be solely used for transportation projects.
- May 5: Michigan voters defeated the Sales Tax Increase for Transportation Amendment, with 20 percent in favor and 80 percent against.

Total Statewide Funding Approved Year-to-Date: **$6,627,100,500**

ARKANSAS

House Bill 1346
- Transfer a percentage of funds generated by the general sales and use tax exceeding $2.2 billion for transportation purposes (implemented gradually over 10 years, culminating in 6 percent); and
- Transfer funds generated from both the motor vehicle sales tax and motor vehicle use tax exceeding $2.2 billion to the transportation fund (implemented gradually, culminating in 100 percent);
  - If approved, 70 percent of the revenue generated from the above changes would be allocated to the State Highway and Transportation Department Fund, 15 percent to the County Aid Fund for road purposes, and 15 percent to the Municipal Aid Fund for the same purpose.

Additionally, would transfer a percentage of the natural gas severance tax to two-year colleges and the Highway Industry Workforce Development Program Fund. Currently used for transportation. If approved, the bill would generate nearly $2.8 billion for transportation over 10 years—with the first year anticipated to generate $34.8 million, and $548.4 million per year by 2025 and thereafter.

Bill Status
Failed- Withdrawn by Author
Introduced Feb. 10, 2015 by Rep. Dan Douglas, passed by the House Public Transportation Committee Feb. 19. Withdrawn by Douglas March 5 after a legislative committee was commissioned to explore further transportation funding options.

House Bill 1048
Legislation to convert the state’s cents-per-gallon flat excise tax on motor fuel to 10.75 percent.

Bill Status
Failed- Adjourned Sine Die
Introduced Jan. 12, 2015 by Rep. Kim Hendren (R-District 92) and referred to the House Committee on Revenue and Taxation.

CALIFORNIA

Assembly Speaker Proposal
Assembly Speaker Toni Atkins proposed a $52 annual fee, called a “road usage charge,” in order to generate $1.8 billion per year. $800 million of funds generated would go towards road projects, with the remaining $1 billion deposited into the state’s General Fund. Doing this will free up revenue to replenish the California’s transportation fund, such as directing money generated from California’s truck weight fees back to transportation purposes. Atkins estimates a $2 billion in total will be generated for transportation funding.

Bill Status
Never introduction in Legislature.

Senate Bill 1 (Special Session)
Plan to increase the state gas tax by 12 cents-per-gallon and increase vehicle registration fees by up to $100, in order to generate approximate $4 billion per year.

Bill Status
Pending
Introduced by Sen. Jim Beall (D-San Jose) during the first Special Session. Passed by the Senate Com. on Transportation & Infrastructure Development 9-2 Aug. 19, and sent to the Appropriations Com.

Assembly Bill 227
Legislation to require truck weight fees remain in the State Highway Account, rather than be diverted to the General Fund to pay off debt. AB 227 would also require loans made from the State Highway Account to the General Fund with repayment dates...
STATE INITIATIVE DETAILS

of Jan. 2019 or later to be repaid by Dec. 31, 2018. Additionally, the bill would extend the sunset date on the ability of local jurisdictions to enter into transportation-related public-private partnership agreements. Estimated to generate approximately $1 billion annually.

**Bill Status**
Pending
Introduced Feb. 3, 2015 by Asm. Luis Alejo (D-Salinas) and referred to the Assembly Transportation Committee, which voted ‘Do Pass’ 16-0 on April 13. On April 16, the Assembly re-referred AB 227 to the Com. on Budget.

**Senate Bill 321**
Proposal to change the calculation of the state's variable-rate gas tax to a 5-year average.

**Bill Status**
Pending
Introduced Feb. 23, 2015 by Sen. Jim Beall (D-District 15) and passed by the Senate 40-0 on June 1. The Assembly Com. on Revenue & Taxation amended the bill and recommended “Do Pass”, and sent SB 321 to the Com. on Appropriations.

**Senate Bill 16**
Legislation to:
- Redirect the truck weight fee (approximately $1 billion per year) to the transportation fund;
- Increase the state motor fuel tax by 10 cents-per-gallon;
- Increase the vehicle license fee by 0.07 percent per year for five years;
- Increase the vehicle registration fee by $35; and
- Charge zero-emission vehicles a $100 annual fee.

**Bill Status**
Pending
Introduced December 1, 2014 by Senate Jim Beall. An updated version was presented April 15 and passed by the Senate Governance and Finance Committee May 6 5-1. The Senate APPR Committee passed the bill 5-2 May 28. SB 16 was up for a third reading on June 1, but never advanced.

**Senate Constitutional Amendment 7**
Proposal to redirect $5 billion in revenue generated by transportation-related fees and taxes (currently going to General Fund) to the state's road fund.

**Bill Status**
Pending
Introduced April 9, 2015 and amended by the committee on May 28.

**COLORADO**

**Senate Bill 15-272**
Proposal to renew the state's TRANS (Transportation Revenue Anticipation Notes) bonds to generate $3.5 billion over 20 years for expanding the state highway system. If approved by the legislature and governor, the bill would be put on the November ballot for voter approval.

**Bill Status**
Failed
Introduced April 21, 2015 and passed the Senate on April 30. The House Committee on State, Veterans & Military Affairs voted to postpone the bill indefinitely on May 4.

**Senate Bill 15-001**
Legislation to ensure that the $1 billion transferred from the general fund to the state's Highway Users Trust Fund is fully paid, and not reduced if a proposed bill (Taxpayer's Bill of Rights) is passed. SB 1 would issue TABOR refunds at an earlier time, based off of the previous year's revenue.

**Bill Status**
Failed
Introduced January 7, 2015 and passed by the Senate May 5. The House Committee on Finance voted to postpone the bill indefinitely on May 5.
STATE INITIATIVE DETAILS

House Bill 15-1389
Legislation to ensure that the $1 billion transferred from the general fund to the state’s Highway Users Trust Fund is fully paid, and not reduced if a proposed bill (Taxpayer’s Bill of Rights) is passed. HB 1389 would remove the hospital provider fee from the TABOR revenue cap, converting the fee to an enterprise fund and freeing up $700 million. $200 million of that would have been used for transportation purposes.

Bill Status
Failed
Introduced April 29, 2015 and passed by the House May 4. The Senate Committee on State, Veterans & Military affairs voted to postpone the bill indefinitely on May 5.

CONNECTICUT

Senate Bill 1501
Proposal to authorize $2.8 billion in bonds in order fund the first five years of Governor Dannel Malloy’s (D) “Let’s Go CT” program, a 30-year plan to upgrade the state’s highways and bridges, expand the rail system and bus service, and improve airports, ports, bike and pedestrian paths, and freight systems. The first $275 million in bonds will be made available in fiscal year 2016.

Bill Status
Approved
Senate Bill 1501 passed the Senate 24-12, with lawmakers voting largely along party lines. The bill was overwhelmingly approved 138-9 with bipartisan support by the House the same day and signed into law by Gov. Malloy (D) on June 30.

HB 7061: FY 2016 BUDGET BILL
A state budget agreement to provide $10 billion over the next five years for transportation infrastructure, a $2.8 billion increase that will be partially funded by redirecting half of 1 cent from the state’s sales tax. The budget compromise also includes an increase in corporate taxes, a 0.29 percent increase in the top-income tax rate, and a 0.5 percent redirection of the sales tax to be dedicated to cities and towns. The transportation plan will allocate $613 million for highways, $281 million for bridge work, $101 million for bicycle and pedestrian infrastructure, and $43 million for bus service (a 25 percent expansion on current funding).

Bill Status
Approved
Passed by the House June 2 73-70 and the Senate on June 3 19-17. Signed into law by Gov. Malloy June 30.

“Prioritize Progress” House and Senate Republican Transportation Plan
Republican leaders in the legislature proposed a 30-year plan Feb. 11 to increase transportation funding by at least $1 billion per year for the next 30 years. To raise new revenue, the plan proposes dedicating a set amount of General Obligation bonds ($441.5 million for FY 2016); preserving existing Special Tax Obligation bonds already dedicated to transportation; fill vacant positions in CT DOT for maximum efficiency; and reestablish a state Transportation Strategy Board to assess proposed projects and identify the needs of communities.

Bill Status
Never introduced to Legislature.

Bond Commission Approval
The State Bond Commission Jan. 12, 2015 approved a CDOT request for a $5.75 million bond to complete planning and environmental work for several new railroad stations on the Hartford and New Haven Rail Lines, as well as upgrades for two existing stations and a study to determine the location of a new station.

Senate Bill 937
Legislation to require transportation funds be deposited in the Special Transportation Fund, and be used for the sole purpose of funding transportation projects.
STATE INITIATIVE DETAILS

**Bill Status**  
**Failed- Adjourned Sine Die**  
Introduced Feb. 20, 2015 and referred to the Joint Committee on Transportation, where it was reported favorable March 18.

Proposal to create a “lockbox” that will prohibit transfers from the Special Transportation Fund.

**Bill Status**  
**Failed- Adjourned Sine Die**  
Introduced by Rep. Laura Devlin (R-District 134) Jan. 21, 2015 and referred to the Joint Committee on Transportation. A public hearing was held Feb. 25.
STATE INITIATIVE DETAILS

House Bill 5935
A bill to ensure that all revenue deposited to the Special Transportation Fund is used solely for transportation purposes.

Bill Status
Failed- Adjourned Sine Die
Introduced by Rep. Sam Belsito (R- District 53) Jan. 21, 2015 and referred to the Joint Committee on Transportation. A public hearing was scheduled for Feb. 25.

House Bill 6818
Legislation to establish electronic highway tolls at the borders of the state, with all revenue dedicated solely to the Special Transportation Fund. Estimated to generate approximately $20 billion over 30 years.

Bill Status
Failed- Adjourned Sine Die
Introduced by the Transportation Committee Feb. 18, 2015 and referred to the Joint Committee on Transportation, where it was passed 18-13.

House Bill 5384
Legislation to permanently ‘lock’ the Special Transportation Fund in order to ensure those funds are used solely for transportation purposes.

Bill Status
Failed- Adjourned Sine Die
Introduced by Rep. J.P. Sredzinski (R- 112th District) on January 14, 2015 and referred to the Joint Committee on Transportation.

Governor’s House Joint Resolution 63
Proposal to maintain the state’s Special Transportation Fund (STF) as a perpetual fund; ensure all related transportation revenue sources be deposited into the STF; dedicate all revenue in the STF solely for transportation purposes; and prohibit future legislatures from attempting to pass legislation using the STF for non-transportation purposes.

Bill Status
Failed- Adjourned Sine Die
Introduced February 19, 2015. Reported favorable by the Joint Committee on Transportation and Joint Government Administration and Elections Committee, and is pending consideration by the House floor. If approved by the legislature (by either super majority, or simple majority approved two years in a row) and governor, HJR 63 would go before voters.

DELAWARE

House Bill 140
Proposal to increase several Department of Motor Vehicle fees— including late fees, the motor vehicle document fee, license reinstatement fees, temporary tags, etc— in order to generate an additional $23.9 million per year for transportation funding.

Bill Status
Approved
Introduced by Democratic lawmakers May 8, 2015 and passed by the House May 14 25-16. HB was then passed by the Senate 15-6 a month and a half later, on June 30, and signed into law on July 1.

GEORGIA

House Bill 170
The proposal involves:
- Removing the current 4 percent sales tax on motor fuel;
- Increasing the state gas tax to 26 cents-per-gallon, and diesel to 29 cents-per-gallon;
- Indexing the new state gas tax rate to both the Corporate Average Fuel Economy and the Consumer Price Index (the latter of which will no longer be used after July 1, 2018);
- Recapitalizing the Georgia Transportation Infrastructure Bank to provide loans and grants to local governments for the purpose of transportation construction projects;
- Instituting a $200 fee for non-commercial alternative
STATE INITIATIVE DETAILS

- Fuel vehicles which do not use any motor fuel ($300 for commercial alternative fuel vehicles);
- Elimination of the current $5,000 tax credit for new purchases/leases of electric cars;
- Continuing Special Purpose Local Option Sales Tax (SPLOST) on motor fuel (capped at $3 per gallon), as long as the generated revenue is dedicated to transportation. Local governments would also be permitted to approve a 1 percent sales tax for transportation projects by county commission or city council approval;
- Creating a new highway impact fee for heavy trucks: $50 for vehicles 15,500 lbs to 26,000 lbs, and $100 for anything greater; and
- Instituting a $5 per night hotel fee.

Lawmakers estimate HB 170 will generate $900 million in transportation funding.

**Bill Status**

**Approved**

Introduced by House Republican leaders Jan. 29, 2015 and approved by the House 123-46 on March 5. A modified version of the bill was approved by the Senate March 20 and returned to the House. A conference committee convened to discuss a compromise, and the report was adopted by both the House (129 to 41) and Senate (42 to 12) on March 31. Gov. Deal (R) signed HB 76 into law May 11.

**House Bill 60**

Proposes raising the state’s flat excise tax on gasoline by 3 cents-per-gallon each year for five years, resulting in a 15 cent-per-gallon increase when fully implemented and generating an additional $900 million per year. After 2022, the gas tax would be indexed to inflation. HB 60 also includes dedicating the entire 4 percent sales tax on motor fuel purchases to GDOT in order to generate $180 million per year (currently, only 3 percent goes to the GDOT and 1 percent is deposited in the state’s general fund budget). To offset the increase in taxes, HB 60 proposes decreasing the state’s income tax rate 0.1 percent per year for five years, resulting in a 0.5 percent decrease and bringing Georgia’s income tax from 6 percent to 5.5 percent.

**Bill Status**

**Failed**

**House Bill 1486**

Legislation to shift the state tax on motor fuel from the amount sold to the price of fuel per gallon, by instituting a tax of either 17 cents-per-gallon or a percentage (not yet determined) of the wholesale price of gasoline.

**Bill Status**

**Pending**

Introduced January 29, 2015 by Rep. Kyle Yamashita (D-District 12) and was passed by the House March 6 12-6. HB 1486 was sent to the Senate Ways and Means Committee. The 28th Legislature adjourned May 7 for the first half of the session, to return January 2016 for the second half.
STATE INITIATIVE DETAILS

House Bill 1490
Proposes the creation of a no-interest loan revolving fund, which would be used to provide loans for public-private partnerships for transit development.

Bill Status
Pending

IOWA

House Study Bill 129/House File 351 & Senate Study Bill 1168/Senate File 257
Legislation to increase the state gas tax by 10 cents-per-gallon and increase oversized/overweight vehicle permit fees. The companion bills are estimated to generate an estimated $200 million per year for transportation infrastructure funding.

Bill Status
Approved
Both bills were introduced on Feb. 10, 2015. The House (23 of 43 Democrats and 30 of 56 Republicans voted in favor) and Senate (16 of 26 Democrats and 12 of 23 Republicans voted in favor) approved the bills on Feb. 24. Gov. Terry Branstad (R) signed SF 257 legislation into law Feb. 25.

House File 144
Proposal to increase the state gas tax by 3 cents-per-gallon July 1, 2015, and an addition 3 cents-per-gallon July 1, 2016. HF 144 also delays a planned “sunset” on the differential of ethanol and non-ethanol motor fuels (originally scheduled to end June 30, 2015). Additionally, HF 144 would ensure deposits from automated traffic enforcement systems are put in the road use tax fund, and would require the department of transportation to implement efficiencies and prioritize certain highway projects.

Bill Status
Failed

House File 83
A bill to replace the current 20 cents-per-gallon gasoline tax and 22.5 cents-per-gallon diesel tax with a tax on the wholesale price of gasoline (rounded to the nearest one-half of 1 percent), set to the nearest equivalent of the current motor fuel taxes.

Bill Status
Failed

IDAHO

House Bill 312a
Legislation to increase vehicle registration fees and impose new registration fees on hybrid and electric cars, as well as increase the state gas tax by 7 cents-per-gallon.

Bill Status
Approved
Approved by the Senate 26-9 and by the House 51-19 on April 10. Signed into law by Governor Butch Otter April 21, 2015.

House Bill 0132
Eliminates the special permit for fuel in gas form (versus liquid fuel) and requires purchases to pay an equivalent of the state fuel tax. Estimated to generate roughly $375,000 per year for transportation funding.

Bill Status
Approved
Introduced on Feb. 13, 2015 and passed by the House March 4 with a vote of 61-9. The Senate passed the bill March 19, 19-16. On March 26, the bill became law.
House Bill 95
Bill to exempt public road materials from the state’s sales tax. By exempting the state sales tax, contractors could then submit lower bids, freeing up an estimated $15 to $20 million for the state transportation fund.

Bill Status
Failed - Adjourned Sine Die
H0095 was introduced on Feb. 6, 2015 by the Revenue and Taxation Committee. It passed the House 43-26 on Feb. 19, and passed the Senate with amendments April 8 25-9. The House failed to pass the Senate’s amendments before adjournment.

House Bill 111
Proposal to permit the state’s 200 highway districts to ask voter approval for vehicle registration fee increases in order to fund specific local road projects.

Bill Status
Failed - Adjourned Sine Die
Introduced on Feb. 11, 2015 by Rep. Joe Palmer (R-Meridian) and passed the House Transportation and Defense Committee March 2. HB 111 was returned to the Committee for further evaluation March 11.

House Bill 144: House Transportation & Defense Committee Proposal
Introduced by the House Transportation and Defense Committee to raise the state gas tax by 8 cents-per-gallon and diesel by 12 cents-per-gallon, with an increase of 1 cent per year to keep pace with inflation ($100.5 million per year by the third year). The bill also proposes increasing the transfer fee on fuel by 2 cents-per-gallon ($34.6 million); raising car registration fees 50 percent and commercial truck registration fees by 25 percent ($38.5 million); a $140 annual registration fee for electric cars and $75 for hybrid cars ($641,030); and transferring $22 million of sales tax revenue from the General Fund to the state’s road fund. The bill would raise $196,241 million per year.

Bill Status
Failed - Adjourned Sine Die

House Bill 145
Eliminates the motor vehicle sales tax exemption currently utilized when out-of-state customers purchase a vehicle in Idaho. Estimated to generate roughly $19 million per year for transportation funding.

Bill Status
Failed - Adjourned Sine Die
Introduced on Feb. 17, 2015 and is being reviewed by the House Revenue and Taxation Committee.

House Bill 260
Legislation to increase the state motor fuel tax by 5 cents-per-gallon, institute a 3 cents-per-gallon transfer fee, a $65 annual charge for hybrid cars and $120 on electric vehicles; and transfer revenue from growth that reaches 4 percent from the General Fund to the state’s transportation fund.

Bill Status
Failed - Adjourned Sine Die
Introduced to the House on March 11, 2015 and referred to the Transportation and Defense Committee, where it was recommended to pass and sent for a House vote. House held it on calendar until adjournment.

House Bill 261
Proposed bill to transfer up to $120 million from the General Fund to the highway distribution account.

Bill Status
Failed - Adjourned Sine Die
Introduced to the House on March 11, 2015 and referred to the Transportation and Defense Committee.

House Bill 266
Proposal to transfer $10 million from the General Fund; increase the tax on motor fuel imposed upon distributors by 5 cents-per-gallon; and increase petroleum-product transfer fees, overweight/oversize permit fees, and vehicle registration fees. If approved, the Fiscal Note states expectations of $104 million per year for transportation funding.
## STATE INITIATIVE DETAILS

### Bill Status
**Failed**
Introduced in the House on March 12, 2015 by Rep. John Vander Woude (R-Nampa) and the Ways and Means Committee, and referred to the Transportation and Defense Committee, where it was rejected with a vote of 14-2.

### House Bill 311
A proposal to increase the motor fuel tax by 7 cents-per-gallon, exempt groceries from the state sales tax, and change income tax calculations.

### Bill Status
**Failed- Adjourned Sine Die**
Introduced in the House on March 25 and approved 53-17 March 30. The Senate failed to pass and sent back to the Transportation Committee.

### House Bill 310
A proposal to utilize a budget stabilization mechanism for the Highway Distribution Account and remove the Idaho State Police from eligibility to receive funding from the account. Estimated to generate approximately $26 million per year.

### Bill Status
**Failed- Adjourned Sine Die**
Introduced in the House on March 25 and approved 39-31 March 30. The Senate sent the bill back to the Transportation Committee after committee members passed the bill.

### INDIANA

#### House Bill 1227
Proposal to increase the amount of sales tax collections in the General Fund which are allocated for roads and bridges from 1 percent to 2 percent, increasing transportation funding by approximately $75 million annually. Additionally, the gasoline and special fuel tax rates would be indexed to inflation starting in 2018.

#### Senate Bill 478
Legislation to permit municipality redevelopment commissions to utilize revenue generated from property taxes in tax increment financing (TIF) districts for public transportation and school transportation.

### KANSAS

#### House Bill 2427
A 5 cents-per-gallon state motor fuels increase for a period of three years, with allocations of the revenue generated by motor fuel taxes and fees to increase highway funding until July 2018.

The proposed state gas tax increase would be used solely to offset the statewide budget deficit. If passed, the state would cease appropriations from the General Fund to the state’s transportation fund, resulting in no net gain for transportation revenue.

Introduced May 4, 2015 by the Committee on Taxation. Legislative session has adjourned until Monday, January 11, 2016.
KENTUCKY

House Bill 299
Legislation to set a 26 cents-per-gallon floor (minimum the tax can collect) for the state variable-rate gas tax, determined by the average wholesale price of gasoline. It also changes the evaluation of the variable-rate to annual (versus its current quarterly evaluation) and prevents the tax from rising or falling more than 10 percent per year. While slightly below the current amount generated from the state variable-rate gas tax, it will prevent a much larger decrease.

Bill Status
Approved
Introduced Feb. 4, 2015 and received final approval from the House March 25 67-29, and from the Senate the same day 29-9. Signed into law the same day by Gov. Steve Beshear (D).

House Concurrent Resolution 45
Proposal to commission a legislative study on the ability of the current state motor fuel tax to meet transportation revenue needs over the need 20 years, and to explore alternative funding options.

Bill Status
Failed- Adjourned Sine Die
Introduced in the House on Feb. 3, 2015. Referred to the Committee on Appropriations and Revenue.

House Bill 1: Local Investments for Transformation
Proposes granting local communities the ability to install a temporary local-option sales tax of 1 cent or less in order to generate funding for voter-approved infrastructure projects.

Bill Status
Failed- Adjourned Sine Die
Introduced Jan. 6, 2015 and was reported favorably from the Elections, Constitutional Amendments and Intergovernmental Affairs Committee Feb. 10. The House approved on Feb. 12 62-35. After a month in the Senate State and Local Government Committee a discharge petition was filed March 11.

House Bill 513
Legislation to update the minimum floor the variable-rate state gas tax could collect to $2.07 per gallon, and increase the motor fuel tax allotment to the County Road Aid Fund and Municipal Road Aid Fund.

Bill Status
Failed- Adjourned Sine Die
Introduced in the House on Feb. 23, 2015 and referred to the Committee on Appropriations and Revenue.

Senate Bill 29
SB 29 would set a floor for the state’s variable rate gas tax. Kentucky currently calculates the gas tax by determining 9 percent of the average wholesale price of gasoline each month. SB 29 proposes putting a floor in place so the gas tax can be evaluated at no lower than $2.345 per gallon, regardless of whether the average wholesale price falls lower.

Bill Status
Failed- Adjourned Sine Die
Introduced Jan. 6, 2015 by Senators Ernier Harris (R) and Joe Bowen (R). Referred to Transportation Feb. 3.

House Bill 167
Would amend the state’s variable rate gas tax, which is evaluated every month by determining 9 percent of the average wholesale price of gasoline, to mandate that any adjustment based on changes in the price of gasoline must first be approved by the General Assembly.

Bill Status
Failed- Adjourned Sine Die
Introduced Jan. 9, 2015 by Rep. Lynn Bechler (R) and referred to Appropriations and Revenue Feb. 3.

House Bill 443
Authorizes public-private partnerships for road and bridge projects.

Bill Status
Failed- Adjourned Sine Die
Introduced Feb. 2, 2015, approved by the House on Feb. 25 84-13 and sent to Senate Economic Dev., Tourism and Labor. A discharge petition was filed March 11.
**LOUISIANA**

**House Bill 618**
Proposed constitutional amendment to permit the state treasurer to invest public finds in a state Transportation Infrastructure Bank (created in 2015 HB 767), to be used solely for transportation projects.

**Bill Status**
**Pending Voter Approval**

**House Bill 767**
Proposal to create a State Infrastructure Bank, in order to provide loans to local governments for the purpose of financing road, bridge, port, and other transportation infrastructure finances.

**Bill Status**

**House Bill 208**
Legislation to limit the annual diversion of funds in the state Transportation Trust Fund to cover State Police expenses. If approved, the $65 million per year transfer would decrease to $45 million in the 2016 fiscal year; to $20 million the following year; and to $10 million for every year going forward.

**Bill Status**
**Approved**
Introduced March 30, 2015 and passed by the House on April 27. The Senate passed the bill with amendments on June 8 36-0 and returned to the House, where the amendments were approved 90-0. The Governor signed the bill into law on July 1.

**Senate Bill 122 & 221**
SB 122 increases the amount of mineral revenues that may be used to support the state operating budget from $850 million to $950 million before allocation to the General Fund, freeing up additional monies for transportation projects to address the $12B backlog of transportation projects in an expedited manner provided by SB 221. More specifically, SB 221 exchanges a scheduled $400M infusion of motor vehicle sales tax revenues (expected to occur when the trigger kicks in in 2020) in exchange for a $100M infusion of mineral revenues in 2017-18. The first $70M would be earmarked for maintenance to immediately benefit the public. The remaining funds would be utilized for ports, capacity projects, and by the Louisiana Transportation Infrastructure.”

**Bill Status**
**Approved**
Introduced by Sen. Robert Adley (R-36) on April 13. Both bills approved by the House June 8 100-0, and by the Senate June 9 39-0 (SB 122) and 35-1 (SB 221). Signed by Gov. Jindal June 29.

**Senate Bill 202**
Proposal to rename the Budget Stabilization Fund the 'Budget and Transportation Stabilization Fund' (enabled by SB 259, passed July 1 2015) to permit the use of these funds for transportation projects. Mineral revenues from taxes and royalties exceeding $750 million would be deposited in the fund, with the first $500 million dedicated to the 'Budget Stabilization Subfund,' the next $500 million to the Transportation Stabilization Subfund, and additional revenue returned to the General Fund.

**Bill Status**
**Pending Voter Approval**
Introduced April 3, 2015 by Sen. Robert Adley (R-36) on April 2, 2015. Approved by the Senate May 25 37-0 and by the House on June 8 96-0.

**Vetoed**
Introduced Feb. 3, 2015, passed by the House on June 8 and the Senate June 9. Vetoed by the Governor on June 22. The veto was sustained by the House.

**MASSACHUSETTS**

**Governor Directive**
Governor Charlie Baker (R) released $100 million in Chapter 90 transportation funds Jan. 8, 2015, in order to maintain and construct local roads. $300 million in Chapter 90 funds was originally authorized by Governor Deval Patrick (D) in 2014 House Bill 4046, but potential state budget concerns caused the former administration to withhold one-third ($100 million) of the promised funds. After directing the release of the remaining one-third, Baker released a statement saying, “I am pleased that one of the first acts of this administration is to fulfill our commitment to ensure local governments have access to the infrastructure funds they have been promised for transportation upgrades. The release of these funds represents a step towards creating better jobs and building stronger communities in Massachusetts.”

**House Bill 3187**
$200 million bond for local road repair.

**Bill Status**
**Approved**
Introduced March 16, 2015 at the request of Governor Charlie Baker (R). Approved by the House 157-0 on April 8, and subsequently approved the same day by the Senate 38-0. Signed into law by Governor Baker April 9, 2015.

**MICHIGAN**

**House 4612/ 4615/ 4616**
Tie-barred bills to increase taxes on alternative fuel, increase the state diesel tax by 4 cents-per-gallon, and link fuel to the Detroit Consumer Price Index (or by 5 percent, whichever is less, with a floor in place to prevent the tax from collecting less than the October 2015 rate).

A July plan from House Republicans modified these bills to increase the state gas tax by 15 cents-per-gallon—implemented gradually over three years—and redirect revenue from the general fund to generate $1.5 billion per year in transportation funding.

The proposal also includes a personal income tax reduction if general fund revenue growth exceeds inflation, increases in the diesel tax, provides a new surcharge for hybrid and electric vehicles, and indexes the motor fuel tax rate annually to inflation. If signed into law, a transportation fund ‘lockbox’ would be formed in order to protect the new increase from being diverted to other purposes.

**Bill Status**
**Pending**
Introduced on May 14, 2015. Originally passed by the House on June 10 58-51. Passed with amendments in the Senate 20-19 on July 1. 4612/4615- The House did not concur in the Senate substitution, and referred the bills to the Conference Committee on August 18 prior to breaking for the summer. 4616- House laid over on July 14.

**STATE INITIATIVE DETAILS**

Investment and $130 million for transit and rail improvements.

Voters defeated the transportation funding initiative in the May 5, 2015 Michigan Special Election with 20 percent in favor and 80 percent opposed. Many voters — as well as several legislators — blamed the bill’s convoluted nature as a reason for its failure.

See below for a list of measures that were defeated with the failure of the Michigan 2015 Proposal 1 ballot measure.

**House Joint Resolution UU**

Part of a road funding deal reached Dec. 18, HJ UU was proposed as a constitutional amendment to increase the state retail sales and use tax 1 percent, from its current 6 percent to 7 percent. The measure would also eliminate an existing 6 percent sales tax on motor fuel and provide funding protection for schools and local governments, with General Fund dollars transferred to the School Aid Fund. The 1 percent state sales tax increase would partially be used to replace funds to schools and cities currently generated from the gasoline sales tax.

**House Bill 5477**

House Bill 5477 was introduced by Rep. Rob VerHeulen (R-Walker) on April 23, 2014 in order to replace the current 19 cents-per-gallon gas tax and 15 cents-per-gallon diesel tax with a calculation that would multiply the average wholesale gas price by 9.5 percent, gradually increasing to 15.5 percent by January 2018. This calculation would be performed by the Michigan Department of Treasury on an annual basis. According to a Senate Fiscal Agency analysis, HB 5477 could generate an additional $781 million to $1.5 billion per year, depending on the wholesale price of gas. Later substitutions changed the percentage to 14.9 percent beginning October 2015.

**House Bill 4630**

HB 4630 was originally introduced in April 2013 by Rep. Michael McCreary (R- Bloomfield Hills) to increase fines and special permit fees for overweight trucks and revise some registration fees. On May 8, 2014 a substitute was accepted that did not impose a large vehicle registration tax increase, but instead simplified the number of separate vehicle types and categories specified in the law.

**House Bill 4539**

Proposes phasing out the current 6 percent sales tax on motor fuel sales, a majority of which currently goes to the state’s School Aid Fund.

**House Bill 5493**

Tied to the success of HB 5477, HB 5493 would repeal the current tax on diesel fuel. The bill was introduced by Rep. Rob VerHeulen (R-Walker) on April 29, 2014 as part of a the House road funding package. The proposed new state gas tax rates are defined in HB 5477.

**House Bill 5167**

Proposes requirements to make road agencies seek competitive bids for road construction and maintenance of over $100,000. Payment made on a performance-based measure.

**House Bill 5460**

A bill to require local road agencies receive warranties from contractors for road maintenance and construction. Currently, law only requires this from the state Department of Transportation.

**MINNESOTA**

- 6.5 percent sales tax on motor fuel purchases, in addition to the state’s current 28.5 cents-per-gallon motor fuel tax, which would generate an estimated $580 million annually;
- Floor in place on the motor fuels sales tax to prevent the sales tax from generating less than 10 cents-per-gallon;
STATE INITIATIVE DETAILS

- A 1 cent general sales tax in the seven-county metropolitan region (new in two counties, increasing by ½ of a cent in five counties), producing an estimated $251.3 million in revenue dedicated primarily to transit development, with $40 million annually reserved for bicycle and pedestrian projects;
- An increase in annual vehicle registration fees for $125 million in funding for roads and bridges;
- A motor vehicle lease tax, to generate an estimated $32 million per year primarily for transit;
- $200 million per year for four years in trunk highway bonds to be used for the state’s Corridors of Commerce program;
- An additional $200 million in trunk highway bonds (dispersed over four years) for transportation economic development;
- $567 million in General Obligation (GO) bonds for local roads bridges; and
- The implementation of a public-private partnership pilot program.

As the taxes are implemented, recurring revenue from the Senate’s plan is estimated to generate $800 million in 2016, then increase to $1.09 billion in 2017, $1.109 billion in 2018 and $1.125 billion in 2019.

Bill Status

Senate File 228
Proposal by Governor Mark Dayton (DFL) for a 10-year, $10.8 billion transportation funding plan to complete a list of 600 road and bridge projects throughout the state. $2.356 billion would be invested in local transportation projects, and $2.92 billion in transit systems. An estimated 119,000 new jobs would be created. The proposal includes:
- 6.5 percent gross receipts tax ($4.4 billion);
- $2 billion in Trunk Highway Bonds;
- Increased vehicle registration and license fees ($1.45 billion);
- Efficiencies implemented within MnDOT;
- $145 million transferred from the General Fund; and
- A half-cent Metro Area Sales Tax ($2.875 billion).

NEW JERSEY

Assembly Bill 3886
Introduced by Assemblyman John Wisniewski (D-Middlesex) in order to raise the state’s 2.75 percent (4 cents-per-gallon) petroleum products gross-receipts tax collected from refiners and distributors, who build the cost of the tax into the price of gasoline at the pump. If approved, AB 3886 would increase the tax to 9 percent of the wholesale price of gasoline, raising the state gas tax by approximately 25 cents-per-gallon and generating an estimated $1.25 billion annually for state highways.

Bill Status

Introduced in the Assembly Nov. 13, 2014, and referred to the Assembly Transportation and Independent Authorities Committee.

Assembly Concurrent Resolution 205
A companion bill to AB 3886, introduced by Assemblyman John Wisniewski (D-Middlesex) for the purpose of amending the state constitution in order to dedicate all revenues from New Jersey’s petroleum products gross-receipts tax to the state’s Transportation Trust Fund. Currently, the petroleum products gross-receipts tax is deposited in the General Revenue Fund.

Bill Status

Introduced in the Assembly Nov. 13, 2014, and referred to the Assembly Transportation and Independent Authorities Committee.

Senate Bill 1865
Introduced on March 17 by State Senator Raymond Lesniak (D-Union) to increase the motor fuels tax in order to fund road and bridge improvement projects throughout the state. SB 1865 would raise the motor fuels tax by 5 cents-per-gallon each year for three years. The bill would ensure that the new revenue collected would exclusively be used for transportation improvement programs. Senator Lesniak says that SB 1865 would generate $750 million annually for transportation infrastructure projects.

Lesniak said, “The state’s transportation infrastructure is collapsing…the roads have been neglected for years
and the harsh winter left a landscape of potholes that are damaging and dangerous. This has a severe impact on our quality of life and the state's economy. This plan will provide the resources needed to repair, rebuild, and maintain the highways, bridges, and roadways that are so important in New Jersey."

SB 1865 was referred to the Senate Transportation Committee on March 17, 2014.

Assembly Bill 3816
Introduced by Assemblyman Tim Eustace (D-Bergen) for the purpose of dedicating sales tax revenues from the sale of electricity, natural gas, and hydrogen-powered vehicles to the state Transportation Trust Fund.

In a news release, Eustace states: “Seeking alternative funding sources for the Transportation Trust Fund is necessary to maintain the state’s roadways and railways in the manner it needs to be – now and in the future... This additional financing capacity will be beneficial to put in place now, especially as more residents are choosing to purchase green or environmentally friendly vehicles.”

Introduced in the Assembly on Jan. 16, 2014 and passed with a vote of 75-1 on March 20, 2014. A801 was substituted for S861 and passed by the Senate 35-0 on May 18.

Senate Bill 1896
Introduced by New Jersey State Senator Nicholas Scutari (D-Union) to legalize marijuana in order to raise revenue for transportation. Senate Bill 1896 would “legalize the possession and personal use of small amounts of marijuana for persons age 21 and over,” and this new tax revenue would be used to fund road and bridge improvement projects throughout the state of New Jersey. SB 1896 would impose a new 7 percent sales tax on marijuana, which Scutari estimates could generate $100 million per year for the state. 70 percent of the sales tax revenue would be dedicated to New Jersey’s Transportation Trust Fund. 20 percent of the tax revenue would be used for drug enforcement and demand reduction, and the remaining 10 percent would be allocated for women’s health programs.

### NORTH CAROLINA

**Senate Bill 20/ House Bill 40**

Legislation to alter an upcoming state gas tax reduction, scheduled due to the terms of the state’s variable-rate gas tax component which ties the tax to the price of wholesale gasoline, which would drop the amount collected by the tax to below 30 cents-per-gallon.

A compromise was reached between the conflicting legislative houses March 26 to decrease the state gas tax by 1.5 cents-per-gallon April 1, another cent January 2016, and an additional cent July 2016. This is anticipated to save the NCDOT $400 million in funding and hundreds of jobs that would have been lost with the scheduled decrease.

Starting in January 2017, the state gas tax would be calculated based on changes in both the national Consumer Price Index (making up 25 percent of the new tax) and in the state population (making up 75 percent of the tax). This new formula would replace the state’s current variable-rate tax.

STATE INITIATIVE DETAILS

Introduced by Senator Robert Nichols (R-Jacksonville) Feb. 4, 2015. Approved by the Senate on March 4 with a vote of 28-2. The House accepted companion bill SJR 5 in place of HJR 13, and voted 138-3 to approve SJR 5 with amendments. A conference committee was appointed May 5 to find a compromise between the two options, and on May 29 the plan was approved unanimously by the Senate, and 142-1 by the House. It has been placed on the November 3 ballot for voter approval.

House Joint Resolution 28/ Senate Joint Resolution 12
A bill to put a ballot measure before voters which, if approved, would institute a constitutional amendment prohibiting the Texas legislature from appropriating from the 3/4 of funds allocated for transportation, generated from motor vehicle registration fees, motor fuel taxes, and funds received from the federal government intended for public highways (1/4 of the net revenue would continue to be reserved for the state's school fund).

**House Bill 362**
A bill to increase the state gas tax by 5 cents-per-gallon and create a 12 percent tax on the average price of wholesale fuel, to replace the state's flat gas tax once the price of fuel reaches $2.45 per gallon. Limitations were put in place to prevent the tax from collecting less than 29 cents-per-gallon or increasing more than 40 cents-per-gallon. HB 362 also authorizes a quarter-cent local option sales and use tax for counties to fund highways and public transit. A fiscal note estimates the bill could generate $17,753,500 for the Transportation Fund in 2016 and $53,866,000 in 2017 after expenditures.

**Bill Status**
**Approved**
Introduced Feb. 19, 2015 by Rep. Johnny Anderson (R-Taylorsville). After reaching a compromise between HB 362 and SB 160, the Senate voted 20-8 to approve the legislation on March 12 and the House passed the bill 44-29 the same day. The bill was signed into law by Gov. Herbert (R) March 27.

**Senate Bill 160**
Proposal to increase the state gas tax by 6 cents-per-gallon by July 2015, with an additional 3 cents-per-gallon phased in gradually over the next four years. A Fiscal Note issued March 9 estimated Senate Bill 160 would increase the Transportation Fund by $54.218 million in FY 2016 and $77.954 million in FY 2017. Additionally, funding to local governments for ‘Class B’ and ‘Class C’ roads was estimated at $16.265 million in FY 2016 and $23.386 million in FY 2017.

WASHINGTON

SENATE BIPARTISAN PROPOSAL
A proposal announced Feb. 12, 2015 by a bipartisan group of Senators to increase the state gas tax by 11.7 cents-per-gallon over the next three years, as well as redirect sales tax paid on transportation projects (currently being deposited into the General Fund) back into transportation funding. Additionally, the Senators have included several administrative and technical reforms. The proposed packaged of 11 bills—8 reform bills, one bond bill, one revenue bill, and one spending bill—would raise an estimated $15.1 billion over 16 years.

The package that was signed into law on July 15 increased the state gas tax by 11.9 cents-per-gallon, to be fully implemented by July 2016, and increased several transportation-related fees (as well as fees for overweight trucks). The package also boosted transportation appropriations and granted the state DOT the authority to sell $5.3 billion in general obligation bonds. It also permits Sound Transit to vote upon a regional transit plan.

Both bills were introduced Jan. 19, 2015. HB 1314 was referred to Appropriations Feb. 12. Both bills were reintroduced in special session. Washington state legislation carries over from odd- to even-numbered years.

**WISCONSIN**

**Assembly Bill 21 /Senate Bill 21**
Gov. Scott Walker’s (R) 2015-2017 budget proposal included a $1.3 billion bond for transportation. Passed by the legislature, that amount was lowered to $500 million with an additional $350 million in bonding contingent on future approval by the Joint Finance Committee. If the contingency bonding is approved, total appropriations will be $5.67 billion, down from $6.03 billion in the previous budget cycle.

provide an additional $2.3 to $2.4 billion for Pennsylvania highways, bridges, rail, airports, transit, and bike/pedestrian facilities. The legislation eliminates the state retail gas tax paid at the pump and removes the cap on the Oil Company Franchise Tax that is charged at the wholesale level.

Maine had the only statewide initiative on the ballot in November 2013, and with 72 percent approval, voters overwhelmingly passed a $100 million transportation bond that will fund infrastructure projects for state highways, ports, and bridges. These highway improvement projects will receive $76 million, $27 million for bridges, $24 million for ports and rail, and $5 million for local governments. This bond will also leverage an additional $154 million from federal and state funds.

State gas tax increased 5.9 cents-per-gallon. The hike includes a new 2 percent assessment on the price of gasoline while slightly decreasing the per-gallon tax by 0.8 cents. It is estimated that by FY 2016 the tax could amount to a net hike of 6.5 cents. Diesel tax was also increased by 3 cents-per-gallon over two years. In addition to the approved $11 million bonds, it is anticipated that $32 million will be generated in FY 2016 for transportation infrastructure funding.

Gov. Maggie Hassan signed legislation to raise the New Hampshire gasoline and diesel fuel taxes by 4 cents-per-gallon. The tax will go into effect July 1 and had bipartisan political and business community support. The new gas tax will be 22 cents-per-gallon and the new diesel tax will be 23.6 cents-per-gallon. The tax will fund highway improvements for the next two years, and then half the tax will be earmarked to pay off $200 million in debt for Interstate 93 expansions. The tax will expire in 20 years after the debt is paid off.

Starting July 2015, the state gas tax will increase by 1-cent, a move that House Finance Committee Chairman Raymond Gallison says will produce an estimated $4.8 million a year. Subsequently the gas tax will be revisited every two years to reflect increases based on the rate of inflation.

In 2013, the Texas legislature approved a measure to redirect half of the revenue generated from oil and gas taxes away from the state’s general Rainy Day Fund, to be deposited into the State Highway Fund. Once in the Fund, the ap-
proximately $1.2 to $1.7 billion per year would be used to fund construction and maintenance on public roads. Voters approved this measure November 2014.

Legislation to increase the state gas tax by 10 cents-per-gallon and increase oversized/overweight vehicle permit fees. The companion bills are estimated to generate an estimated $200 million per year for transportation infrastructure funding.

A 6 cents-per-gallon state gas tax increase, an additional 1 percent to the motor vehicle excise tax, and to raise license plate fees by 20 percent. Counties will also be allowed to increase property taxes for local transportation funding. SB 1 is anticipated to generate over $80 million for state and county highway and bridge investment.

Legislation to increase the state gas tax by 5 cents-per-gallon, create a 12 percent tax on the statewide average wholesale price of motor fuel to replace the flat gas tax in the future (once AWP reaches $2.45/gallon), and permit counties to seek voter approval for a 1/4-cent sales and use tax increase for local transportation projects. A fiscal note estimates the bill could generate $101,625,500 for the Transportation Fund in the first two years.

A bill to increase the state gas tax by 7 cents-per-gallon, raise vehicle registration fees, and institute a fee on electric and hybrid cars in order to generate new funding for the state's roads and bridges. Additionally, a 'surplus eliminator' included in House Bill 312a would apportion half of any General Fund surplus for transportation in the next two fiscal years.

Legislation to eliminate a 4 percent sales tax on motor fuel (half of which was not used for transportation), increase the flat excise tax on gasoline to 26 cents-per-gallon (from 7.5 cents-per-gallon, excluding the 4 percent sales tax), index the new state gas tax to the Consumer Price Index (ending July 2018) and the Corporate Average Fuel Economy, and increase several transportation-related taxes and fees.

Nebraska legislators voted on May 14 to override the Governor's veto and approve a 6 cents-per-gallon state gas tax increase, for $76.2 million annu-
An 11.9 cents-per-gallon gas tax increase—gradually implemented beginning August 1 and fully applied on July 1, 2016—and an increase in transportation-related fees, including those for overweight vehicles. The bill will also permit Sound Transit residents to vote on a plan to increase taxes for an additional $15 billion in order to expand the region’s light rail system.
